Barrett, 1995-10-13 C K Barrett's classic work presents 280 ancient writings that bring the spiritual world of first century vividly to life      The IVP Bible Background Commentary: New Testament Craig S. **The Making of the New Testament** Arthur G. Patzia, 1995-05-25 In affirming the divine inspiration of Scripture we too often forget the human side of the story The narratives letters and Apocalypse of our New Testament were shaped by worn pens gripped by calloused ink stained fingers Their authors ears were more likely assaulted by the urban clatter of busy intersections and bustling markets than attuned to a still small voice Scrolls that bumped across cobbled Roman roads and pitched through rolling Mediterranean seas found their destination in stuffy dimly lit crowded Christian house churches in Corinth or Cenchreae There they were read aloud and reread handled and copied forwarded and collected studied and treasured Their ordinary story is true to their extraordinary message the mystery of the Word that became flesh The Making of the New Testament is a textbook study of the origin collection copying and canonizing of the New Testament documents Like shrewd detectives reading the subtle traces of evidence biblical scholars have studied the trail of clues and pieced

together the story of these books      *New Testament Foundations, Vol. 1* Ralph P. Martin, 1999-11-19 The merits of this volume are many The author writes in a very readable and intelligible style making the book clear and easy to understand His evaluations are objective carefully weighing both strengths and weaknesses and doing so from the standpoint of liturgical principle rather than dogmatic assertion Despite the scholarly approach there is a practical emphasis not found in many introductions *New Testament Foundations* represents scholarship at its best The *Theological Educator*      **A Symphony of New Testament Hymns** Robert J. Karris, 1996 A *Symphony of New Testament Hymns* opens a window of insight into familiar Scripture passages poetic passages that were later often set to music By showing that the composers of some of these traditional New Testament pre 60 C E hymns intentionally created passages that are lyrical or hymnic within the prose this work presents the sometimes hidden depth behind their construction and meaning Inspired by Roy Harris Folk Song Symphony Father Karris arranges his treatment of Philippians 2 6 11 Colossians 1 15 20 Ephesians 2 14 16 Timothy 3 16 2 Timothy 2 11 13 Titus 3 4 7 and 1 Peter 3 18 22 in a way that faithfully addresses today's spiritual concerns such as spirituality ecology reconciliation baptism and angels The first book in English in thirty years to study New Testament hymns A *Symphony of New Testament Hymns* brings readers greater enjoyment of these lesser known Pauline hymns and a deepening of faith Father Karris contends we have much to learn from what these songs proclaimed about Jesus at a time when the four gospels hadn't been published The first chapters *Beginnings and Background* address the nature of hymns Subsequent chapters contain a translation and analysis of the above texts a study of contexts key concepts and images suggestions for reflection on the contemporary significance of the hymn and an annotated bibliography The concluding chapter offers a retrospective look at the many Christological themes reflected in the texts Viewing Paul's letters and the common New Testament introduction topics from a refreshingly unique perspective A *Symphony of New Testament Hymns* is especially appropriate for students and professors of the New Testament Those looking for biblical spirituality liturgists and musicians looking for new texts to set and those in catechetical work especially those involved in the RCIA will also benefit from Father Karris' distinctive look at how the earliest Christians lyrically proclaimed Jesus Christ as Lord Robert J. Karris OFM taught New Testament for sixteen years at Catholic Theological Union in Chicago He is a veteran author known primarily for his studies on Luke He holds a ThD from Harvard University      *An Introduction to the New Testament* Charles B. Puskas, C. Michael Robbins, 2012-08-30 This second edition of *An Introduction to the New Testament* provides readers with pertinent material and a helpful framework that will guide them in their understanding of the New Testament texts Many new and diverse cultural historical social scientific sociorhetorical narrative textual and contextual studies have been examined since the publication of the first edition which was in print for twenty years The authors retain the original tripartite arrangement on 1 The world of the New Testament 2 Interpreting the New Testament and 3 Jesus and early Christianity An appropriate book for anyone who seeks to better understand what is involved in the exegesis of New

Testaments texts today     Prepare, Succeed, Advance, Second Edition Nijay K. Gupta, 2020-01-01 What if you had a guidebook that you could turn to at each stage of your academic journey to help you navigate through the process of getting a PhD in Biblical Studies and succeeding in the academic world This book is precisely intended to fill that need From theory to practice you will find discussions and answers to the most pertinent and pressing questions that prospective and current doctoral students are faced with How do I choose a program How can I gain admission into an elite program How do I choose a research topic Alongside the big questions about the process there are also a host of smaller matters How do I publish an article What conferences are out there in my field Where do I start looking for a job How do I get teaching experience How do I write a syllabus This guidebook tackles all of these questions and many more in three parts Prepare focuses on getting into a PhD program Succeed guides you through the doctoral program especially the writing of the dissertation and Advance treats issues that relate to success in the academic world such as conference participation publishing employment and best practices in teaching     **Hebrews, the General Letters, and Revelation** Charles B. Puskas, 2016-10-28 Most New Testament NT introductions because of page limitations and other reasons tend to minimize their treatment of the last nine books of the Christian Bible from Hebrews to Revelation The focus in these introductions is often on the four Gospels and the Letters of Paul As important as these books are one should not neglect with only a brief survey the treatment of Hebrews the General Letters and the book of Revelation The title given later to the collection Catholic Epistles or General Letters is a reminder of its general appeal to the whole church despite its slow canonical recognition and authorship issues Nevertheless these writings from Hebrews to Revelation continue to capture our attention and ignite our imagination My purpose for this book is to supplement my NT introduction and others like it with a focus on specific questions about each book from Hebrews to Revelation When and why was each book written By whom and to whom was each book written What are some special features of each book How soon or late was each book included in the NT collection Answers to many of these questions are tentative The assured results of scholarship are in continual need of reevaluation Since the 1980s a host of diverse studies have emerged and I have endeavored to include them when they are relevant to the discussion     *John: The Gospel of Wisdom* Michael Card, 2014-07-14 John the longest surviving of the apostles recorded in his Gospel a portrait of Jesus built on years of reflection In this last volume of the Biblical Imagination Series Michael Card shows how John fills out our picture of Jesus divine identity with stories and sayings of Jesus not recorded by the other Gospel writers     Handbook for Bible Study Lee J. Gugliotto, 2000 A guide to understanding teaching and preaching the Word of God Includes reproducible exegesis work sheets for contextual cultural structural verbal theological and homiletical analyses
