New Testament Criticism:

New Testament Textual Criticism and Exegesis Joël Delobel, 2002 For many years Professor Joel Delobel has served as a member of the Department of Biblical Studies of the Faculty of Theology K U Leuven 1969 2001 His research has tended to focus on Luke Acts Pauline Literature and especially Textual Criticism he is a member of Das Institut für Neutestamentliche Textforschung Münster His friends and colleagues in the Department of Biblical Studies of the Faculty of Theology and elsewhere have honoured him with a Festschrift on the occasion of his retirement The congratulatory volume deals with an issue that is dear to him the mutual link between textual criticism and exegesis which he himself once referred to as the Siamese twins A number of international scholars in the field of textual criticism have treated different aspects of this relationship Some contributions are of a more general nature B Aland deals with the criteria used to judge the value of smaller New Testament Papyrus fragments J Lust compares the textual critical investigation of the Old Testament to that of the New W L Petersen studies the earliest form of the text of the Gospel Other contributions are related to a specific text Mt 21 28 32 J K Elliott Mk 16 8 C Focant Lk 7 42b T Baarda Lk 22 43 44 C M Tuckett Lk 24 12 F Neirynck Jn 4 1 G Van Belle Jn 12 31 M E Boismard Jn 16 13 R Bieringer Acts 15 20 29 21 25 C B Amphoux Rom 16 7 E J Epp Rom 16 25 27 R F Collins 1 Cor 2 1 V Koperski The Epistle of James D C Parker Rev 13 9 10 J Lambrecht and Rev 13 18 J N Birdsall J Verheyden deals with the New Testament text in the 2nd Century more specifically in the writings of Justin New Testament Textual Criticism, Exegesis, and Early Church History Barbara Aland, Joël Delobel, 1994 Peeters 1994

New Testament Textual Criticism David Alan Black, 1994-04 A concise companion to Ellis Brotzman's Old Testament Textual Criticism Introduces students to the process of comparing Greek texts and seeking the original wording *The New Testament and Criticism* George Eldon Ladd, 1967 One unfortunate consequence of the bitter fundamentalist modernist controversy which raged in the early twenties has been the strongly negative attitude toward Biblical criticism assumed by some of the successors to the fundamentalists of the 1920s Such people according to the author insist that the critical method is basically hostile to the evangelical faith and they have continued to oppose any use of it Others however claiming the same heritage believe that the orthodox interpretation of the Gospel can be defended positively and constructively only with the aid of a sound critical method and the results of critical scholarship The author believes that an evangelical Biblical criticism is not only possible but necessary The central thesis of his book is that the Bible is the Word of God given in the words of men in history and as such its historical origins must be reconstructed as far as possible In this way a richer understanding of the Scriptures can be achieved *Rethinking New Testament Textual Criticism* David Alan Black, 2002-10-01 New Testament textual criticism is an important but often overlooked field of study Results drawn from textual studies bear important consequences for interpreting the New Testament and cannot be ignored by serious students of Scripture This book introduces current issues in New Testament textual criticism and surveys the various methods used to determine the original text among variant

readings These essays from Eldon Jay Epp Michael Holmes J K Elliott Maurice Robinson and Moisés Silva provide readers with an excellent introduction to the field of New Testament textual criticism **Myths and Mistakes in New Testament Textual Criticism** Elijah Hixson, Peter J. Gurry, 2019-11-05 A renewed interest in textual criticism has created an unfortunate proliferation of myths mistakes and misinformation about this technical area of biblical studies Elijah Hixson and Peter Gurry along with a team of New Testament textual critics offer up to date accurate information on the history and current state of the New Testament text that will serve apologists and offer a self corrective to evangelical excesses

Studies in the Theory and Method of New Testament Textual Criticism Eldon Jay Epp, Gordon D. Fee, 1993 The seventeen studies in this volume provide a presentation and assessment of past and current methods applied to the New Testament text Coauthors Epp and Fee offer an introductory survey of the whole field of New Testament textual criticism followed by sections of essays on these topics definitions of key terms critiques of current theory and method methods of establishing textual relationships studies of the papyri with respect to text critical method and guidelines for the use of patristic evidence From publisher's description *Chapters in the History of New Testament Textual Criticism* Bruce Manning Metzger,

Some Thoughts on the Textual Criticism of the New Testament George Salmon, 1897 The New Testament in Literary Criticism Leland Ryken, 1984 An anthology edited by the author of *How to Read the Bible as Literature* It contains interesting readings on the literary interpretation of the four gospels The Byzantine Text-Type & New Testament Textual Criticism Harry Sturz, 2022-06-08 Should the Byzantine text type be considered valuable in determining the original text of the New Testament Does it bear independent witness to ancient readings Dr Harry Sturz in a book published in 1984 maintained that it should be valued and that it could help with finding older readings and thus contribute to our knowledge of and confidence in the text of the Greek New Testament His position that the Byzantine text type should be weighed along with other witnesses to the ancient text differs from those who dismiss Byzantine manuscripts which were largely copied later but also from those who hold that the Byzantine text has priority or even is determinative of what the final reading should be He uses carefully laid out arguments and numerous specific examples in making his case This book is divided into two parts The first outlines the positions both for relying on the Byzantine text and for largely ignoring it Part two examines the evidence and outlines an argument that neither side of this debate should win the field but rather that the Byzantine text should be valued but not made exclusive Energion Publications is pleased to offer this reprint edition reproducing the text of the old book exactly and adding a preface by Dr David Alan Black We believe that Dr Sturz's arguments provide a strong case and are as relevant today as they were in 1984 We also believe that not just scholars but all believers should be made aware of discussions about the text of Scripture so that they can understand the arguments for the reliability of the text we have today This book is primarily aimed at students of New Testament textual criticism and at scholars who are seeking to refine their art The first section especially is accessible to any serious reader While the second section does include Greek text and

Ehrman, 2006-05-01 For the first time in one volume this book presents contributions to the textual

criticism of the New Testament made over the past twenty years by Bart Ehrman one of the premier textual scholars in North America The collection includes fifteen previously published articles and six lectures delivered at Duke University and Yale University on a range of topics of central importance to the field Following a general essay that gives an introduction to the field for beginners are several essays dealing with text critical method especially pertaining to the classification of the Greek manuscript witnesses There then follow two articles on the history of the text several articles on important specific textual problems and three articles on the importance and use of patristic evidence for establishing the text and writing the history of its transmission The volume concludes with six lectures designed to show the importance not only of reconstructing an allegedly original text but also of recognizing how that text was changed by scribes of the early Christian centuries This book will be of vital interest to any scholar or advanced student of the New Testament and early Christianity It will make an ideal companion volume for Bart Ehrman s ground breaking study *The Orthodox Corruption of Scripture The Effects of Early Christological Controversies on the Text of the New Testament* Oxford 1993 and the volume he co edited with Michael Holmes *The Text of the New Testament in Contemporary Research Essays on the Status Quaestionis* Eerdmans 1995 *Text and Interpretation* Patrick J.
