Creating a Successful Christian Marriage Cleveland

McDonald, Philip McDonald, 2008-04-01 This classic text written by a father and son team looks at the nuclear family as a social institution and provides guidance for interaction and adjustment during dating engagement and early marriage The authors treat such practical matters as communicating working through interpersonal differences and growing in relationships within the family They also discuss the impact of cultural expectations on family patterns and define ideal family roles developed in Scripture Other topics covered include parenting extended family relationships finances and nontraditional families Now available in paperback

Hermeneutics, Authority, and Canon D. A. Carson, John

Woodbridge, 2005-03-09 Among the many recent discussions of the nature and authority of Scripture I would judge this to be one of the most valuable Particularly in those essays that deal with the actual phenomena of the text of Scripture it displays a level of sophistication and of sympathetic awareness of alternative views that has too often been lacking In contrast to the backs to the wall tone of some conservative defenses of inerrancy these authors write for the most part with the confidence of those who have a coherent and well grounded position to offer The volume will I believe both help to commend Evangelical

doctrine to those who suspect it of blind obscurantism and also contribute significantly to mutual understanding among Evangelicals who are too ready to polarize over their different assessments of what it means to honor Scripture as the Word of God R T France Vice Principal London Bible College These thought minded essays are the channel through which conservative scholars must steer for competent interaction with current critical theories for helpful direction in focusing the battle over Scripture and for reflection of conflict areas that Evangelicals must themselves resolve This work rises above the shallow shadow boxing over inerrancy and engages central concerns with academic ability and dignity It puts on the agenda issues that Evangelical leaders must now wrestle Does the Bible contain different kinds of truth Is all divine revelation rational Is the canon really post apostolic No reader will agree with all that is said some will loudly disagree here and there But all students will be stimulated and serious readers edified at the frontiers of current debate Carl F H Henry Lecturer at Large World Visio

Joshua Cyril J. Barber,2006-02-01 Most studies of the Book of Joshua fall into two well defined categories On the one hand we have the writings of those devout students of God s Word who build upon typology and explain the events of the book as symbols of subsequent greater events Their approach is largely allegorical Other scholars lay stress on the exegetical nuances of the text the history and geography of the times discount the miraculous and provide a naturalistic interpretation of the momentous happenings that took place They often fail to see the hand of God in the events described by the biblical writer Dr Barber s treatment is different He is conservative in his discussion of the text and he paints a real life picture of the vents as they transpired He is also cognizant of the issues and shows God to be utterly faithful to His covenants He does not gloss over the failures of Joshua and the Israelites but finds in them warnings for believers today Of particular importance is his discussion of the way to achieve day to day victory in the Christian life This is a practical devotional book designed for use by lay people
