Houchang E. Chehabi, Juan J. Chris A. Eng, 2025-02-04 Winner of the 2023 2024 CLAGS Fellowship Award Illuminates an irreverent queer cultural strategy for grappling with and remaking abject histories of violence Extravagant Camp takes as its point of critical departure the multiple valences of the word camp the camp as a geopolitical space and process of concentrating racialized populations and the campy as a mode of queer expressiveness Engaging its double meaning Chris A Eng explores how camp and encampment have contoured the figure of the Asian American The book follows campy performances that imaginatively restage the camps that have been central to dominant narratives of Asian American history Chinese railroad labor Japanese American incarceration Vietnam War refugee resettlement and counterinsurgency camps across US imperial entanglements in the Philippines Illuminating an eclectic ensemble of performances that grapple with Asian American history from classical works in the Asian American literary tradition to emerging works of theater and film Extravagant Camp uncovers Asian American camp as a prevalent yet underappreciated cultural strategy for contesting accounts of Asian American racialization that overly rely on terms of abjection Theorizing Asian American camp as both a performance strategy and reading practice Eng examines how artists drag up the maligned racial roles of the coolie the internee the refugee and the diva to make different sense of these histories Extravagant Camp shows how Asian American camp takes on queerness as a resource to enliven modes of joy beauty and pleasure within structures of constraint revealing the types of power camp retrieves for racialized communities in the face of abjection Geared toward the extravagant Asian American camp demands a recognition of queer abjection not as the basis for our undoing but rather the grounds for a more radical social remaking *Marcos Against the Church*

Robert Youngblood, 2019-05-15 The election of Ferdinand Marcos to the presidency of the Republic of the Philippines coincided with the conclusion of the work of Vatican II in 1965 and Marcos s dictatorial policies would inevitably clash with the Vatican s call for the clergy to advocate greater social justice for the poor In this authoritative account of the role of the Catholic Church in the recent history of the Philippines Robert L Youngblood traces the political engagement of the Church over the twenty years between Marcos s election and his ouster from power in 1986 Drawing upon extensive research Youngblood explains how although church and state professed to share the goal of improving the welfare of the poor Marcos s economic development policies and oppressive rule created church opposition which helped accelerate the collapse of his regime Youngblood considers the evolution of church programs from social action projects such as the organization of cooperatives and credit unions to the development of social justice programs that emphasized the creation of more democratic and caring communities He examines the dynamics by which the leaders of the Philippine Roman Catholic and Protestant churches moved from a brief period of goodwill toward the Marcos dictatorship to considerable opposition by the

late 1970s as church sponsored work among the poor was increasingly viewed by the regime as subversive Youngblood shows that after the assassination of Benigno Aquino Jr in 1983 the deterioration of the standard of living of average Filipinos along with Marcos's repressive policies toward the churches and other abuses in the name of national security were factors which impelled powerful church figures to actively oppose the dictatorship Tracing the internal deliberations of the Philippine churches as they came to take the lead in opposing human rights abuses Marcos against the Church deepens our understanding of problematic relations between church and state Historians and social scientists interested in the Philippines and modern Southeast Asia historians of religion political scientists working in comparative politics and political development and others concerned with issues of human rights will want to read it *Fourth World Conflicts* Janusz Bugajski, 2019-03-07 This study consists of a comprehensive examination of Communist policies toward rural populations and indigenous societies in a cross section of developing Third World states It explores the universal threads and national adaptations of Communist or Marxist Leninist theory and praxis **LAWASIA Human Rights Bulletin**, 1982 *Human Rights Internet Reporter*, 1987 **Lawasia Human Rights Newsletter**, 1986 *The Contested State* Amy Blitz, 2023-02-15 From the author's first hand account of the battle for democracy in the Philippines comes *The Contested State* an inquiry into the international causes and consequences of regime change Regime change tends to occur in waves from the authoritarian transitions of the 1930s to the democratic transitions of the late 1980s and 1990s to the rise of authoritarianism again today But why To help answer this increasingly urgent question the author examines a series of regime transitions in the Philippines over time The book identifies structural inequality as a root cause of civil conflict which can in turn lead to proxy wars as transnational revolutionary authoritarian and democratic forces vie for control of the state Tracing the battle for control of the Philippines back to the Spanish era through the US era and beyond *The Contested State* presents a historical transnational picture of regime change through time offering insights into the broader transnational issues threatening democracy today "Salvaging" Democracy Lawyers Committee for Human Rights (U.S.), 1985
