Sam Houston Colossus In Buckskin:

Sam Houston George Creel, 2013-10 This is a new release of the original 1928 edition *Sam Houston* George Creel, 1928 **Sam Houston with the Cherokees, 1829-1833** Jack Dwain Gregory, 1996 This is a lively effort to pierce the thick fog of falsehood calumny ignorance and legend surrounding the four years Sam Houston spent among the Cherokees in what is now northeastern Oklahoma the broken years in Tennessee and his advent in Texas on the eve of the War for Independence Virginia Quarterly Review **Sam Houston** James L. Haley, 2015-04-10 From his rise and fall in Tennessee politics and through his many roles in Texas Haley paints a lively picture of Houston as a sometimes deeply troubled man While this is not a definitive biography it is a refreshing important look at a weighty yet often overlooked figure in American politics Library Journal Illustrations **Sam Houston's Wife** William Seale, 1992 Although Sam Houston has been the subject of several biographies and many historical articles little attention has been paid to his third wife whose enormous influence on the Liberator of Texas has never before been examined closely In this first biography of Margaret Lea Houston a remarkable woman is finally awakened from the historical sleep which has enveloped her for over a century Alabama born Margaret Lea was just a schoolgirl when she first saw Sam Houston arrive at New Orleans after the Battle of San Jacinto to have his wounds tended She later described having a premonition that she would some day meet Sam Houston says William Seale But she told that story many years later after she had become his wife For marry Sam Houston she did in the face of strong opposition of family and friends and of Houston's friends and advisers Twenty six years younger than her husband this protected child of a Baptist minister set out to change the life of the frontier hero Aware that alcoholism and the sorrows of personal misfortune weighed upon him she battled the former and sought to alleviate the latter Her abiding faith in him coupled with his unceasing devotion to her and to their children is a central theme of this book The author explores the personality of Margaret the idealist whose absorption in religion often led her to melancholia the reader of romances who was never able to come to terms with the Texas wilderness the wife who strummed her guitar and wrote love poems during her husband's absences on affairs of state This account of Sam Houston's wife which presents details of the general's life not hitherto explored is in addition a colorful picture of the time in which she lived It is a realistic appraisal of Sam and Margaret Houston to which the author has brought a fresh and sympathetic understanding In writing the richly human story he has made extensive use of unpublished manuscripts and original documents in private hands and public archives **Make Way for Sam Houston** Jean Fritz, 1998-07-20 Colorful Sam Houston leaps to life in the pages of this fresh and funny biography set against the story of Texas's fight for independence from Mexico Lively readable and solidly researched this is the kind of biography every child needs Booklist starred review Jean Fritz has done it again Her writing turns this larger than life character into a very real person School Library Journal starred review Young readers will find the book fast paced and fact packed The New York Times Book Review Jean Fritz lives in Dobbs Ferry New York **Biography by Americans,**

1658-1936 Edward H. O'Neill, 2016-11-11 This volume is the most comprehensive bibliography of purely biographical material written by Americans. It covers every possible field of life but by design excludes autobiographies, diaries, and journals. The Mexican War US Army Military History Research Collection, Elizabeth R. Snoke, 1973 **Philippine Education Magazine**, 1928 **The Mexican War: A Military History Research Collection Bibliography**, 1973 This bibliography differs from the previous publications in this series since it concerns a specific time in American history: the Mexican War period from 1835 to 1850. From a military standpoint, the victorious efforts of American military forces can be considered as the proving ground for the Army and the Navy that emerged during the Civil War. The annexation of Texas and the acquisition of lands from Mexico predestined both the expansion of the United States to the Pacific and the conflict which divided brother from brother. This bibliography lists pertinent materials to be found in the Military History Research Collection related to this part of American history and is not intended to be a definite listing of bibliographic references on the period. Bulletin Galesburg Public Library, 1915 **News Notes of California Libraries** California State Library, 1929 Vols for 1971 include annual reports and statistical summaries *Library Bulletin* Fitchburg Public Library, 1907 *Library Occurrent*, 1928 Index to newspapers in each no beginning with Mar 1908 **Quarterly Bulletin** Brockton Public Library (Brockton, Mass.), 1926 *The Biography Book* Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people. A.E.S. Biography best-selling autobiographies and biographical novels testify to the popularity of the genre. But where does one begin? Collected here are descriptions and evaluations of over 10,000 biographical works including books of fact and fiction, biographies for young readers, and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians. Each entry includes a brief profile, autobiographical and primary sources, and recommended works. Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title, helping readers to find the best biographical material available on hundreds of fascinating individuals. **World War I and America: Told By the Americans Who Lived It (LOA #289)** A. Scott Berg, 2017-02-28 A landmark anthology of World War I history featuring 127 selections from over 80 Americans including soldiers, airmen, nurses, and more who experienced the cataclysmic conflict first-hand. Few Americans appreciate the significance and intensity of America's experience of World War I, the global cataclysm that transformed the modern world. Published to mark the centenary of the U.S. entry into the conflict, *World War I Told by the Americans Who Lived It* brings together a wide range of writings by American participants and observers to tell a vivid and dramatic firsthand story from the outbreak of war in 1914 through the Armistice, the Paris Peace Conference, and the League of Nations debate. The 88 men and women collected in the volume—soldiers, airmen, nurses, diplomats, statesmen, political activists, journalists—provide unique insights into how Americans of every stripe perceived the war, why they supported or opposed intervention, how they experienced the nightmarish reality of industrial warfare, and how the conflict

changed American life Among the writers war correspondent Richard Harding Davis witnesses the burning of Louvain Edith Wharton tours the war zones in the Argonne and Flanders John Reed records the devastation in Serbia and Galicia diplomats Henry Morgenthau and Leslie Davis report on the extermination of the Armenians Jane Addams and Emma Goldman warn against militarism pilots Victor Chapman and Edmond Genet describe flying with the Lafayette Escadrille infantry officer Hervey Allen recalls the hellish fighting at Fismette nurses Ellen N La Motte and Mary Borden depict the human wreckage brought into military hospitals suffragist Carrie Chapman Catt connects the war with the struggle for women s rights and Justice Oliver Wendell Holmes considers the limits of free speech in wartime W E B Du Bois James Weldon Johnson and Jessie Redmon Fauset expose the contradiction between the nation s claim to be fighting for democracy abroad and its brutal treatment of African Americans at home The international role of the United States is debated in strikingly contemporary terms by Wilson and his critics as the nation grapples with its emergence as a leading world power A coda presents three iconic literary works by Ernest Hemingway E E Cummings and John Dos Passos that capture the postwar disillusionment felt by many Americans Includes headnotes a chronology of events biographical and explanatory endnotes and an index
