The Analyst, 1874 **A Secession Crisis Enigma** Daniel W. Crofts, 2010-04-15 The Diary of a Public Man published anonymously in several installments in the North American Review in 1879 claimed to offer verbatim accounts of secret conversations with Abraham Lincoln William H Seward and Stephen A Douglas among others in the desperate weeks just before the start of the Civil War Despite repeated attempts to decipher the Diary historians never have been able to pinpoint its author or determine its authenticity In A Secession Crisis Enigma Daniel W Crofts solves these longstanding mysteries He identifies the author unravels the intriguing story behind the Diary and deftly establishes its contents as largely genuine According to Crofts the Diary was not a diary at all but a memoir probably written shortly before it appeared in print The mastermind who created it New York journalist William Henry Hurlbert 1827 1895 successfully perpetrated one of the most difficult feats of historical license he pretended to have been a diarist who never existed Crofts contends however that Hurlbert's work was far from fictional Time after time the Diary introduces material virtually impossible to fabricate along with previously concealed information that was corroborated only after its publication The Diary bristles with precise details regarding the struggle to shape Lincoln's cabinet and the composition of his inaugural address Crofts's careful analysis accompanied by the full text of the Diary in an appendix offers a bold new perspective on the frantic scramble to reverse southern secession while avoiding the abyss of war Hurlbert a long forgotten eccentric genius emerges vividly here Part detective story part biography and part a detailed narrative of events in early 1861 A Secession Crisis Enigma presents a compelling answer to an enduring mystery and brings The Diary of a Public Man back into the historical lexicon

Turkmeniscam Ken Silverstein, 2008-09-23 As I have often said I would represent the devil himself for the right price it's not personal just business a Washington D C lobbyist For nearly as long as there have been politicians in the United States there have been lobbyists haunting the halls of Congress shaking hands bearing gifts and brandishing agendas Everyone knows how the back scratching game of money power and PR is played For a good enough offer there are those who will gladly dive into the dirtiest political waters The real question is Just how low will they sink Veteran investigative journalist Ken Silverstein made it his mission to find out and Turkmeniscam was born On assignment for Harper's magazine and armed with a fistful of fake business cards Silverstein went deep undercover as a corporate henchman with money to burn and a problem to solve transforming the former Soviet bloc nation Turkmenistan branded one of the worst totalitarian systems in the world into a Capitol Hill friendly commodity Even in the notoriously ethics challenged world of Washington's professional lobbying industry could Kenneth Case Silverstein's fat cat alter ego find a team of D C spin doctors willing to whitewash the regime of a megalomaniac dictator with an unpronounceable name and an unspeakable reputation Would the Beltway's best and brightest image mongers shill for a country condemned for its mind boggling history of corruption brutality and civil rights abuse Who would dare tread in the ignoble footsteps of Ivy Lee the pioneering PR guru who sought to make the Nazis look nice And who would stoop to unprecedented new lows to conquer Congress and compromise the red white and blue for the sake of the almighty green As Ken Silverstein discovers in this mordantly funny disturbingly enlightening jaw dropping exploration of the dark side the real question is Who wouldn't Praise for The Radioactive Boy Scout Alarming The story fascinates from start to finish Outside An astounding story Silverstein has a novelist's eye for meaningful detail and a historian's touch for context The San Diego Union Tribune Silverstein does a fabulous job of letting David Hahn's surrealistic story tell itself But what's truly amazing is how far Hahn actually got in the construction of his crude nuclear reactor The Columbus Dispatch Enthralling The Radioactive Boy Scout has the quirky pleasures of a Don DeLillo novel or an Errol Morris documentary An engaging portrait of a person whose life on America's fringe also says something about mainstream America
