

A large, rectangular entrance sign for Sam Houston State University. The sign is constructed from red brick with a white horizontal band across the middle. The university's name is inscribed in the white band in a black serif font. Below the band, the founding year is displayed on a white plaque. The sign is flanked by two brick pillars, each featuring a small square logo. The sign is set against a backdrop of tall, feathery ornamental grasses and a paved road with a red car visible in the distance.

Sam Houston State University A History 18792004:

Sam Houston State University Ty Cashion, 2004 Today Sam Houston State University is no longer the college on the hill as it was known to the young men and women who first attended 125 years ago Today it is a Carnegie Doctoral Research Intensive Institution offering 135 undergraduate graduate and post graduate programs Sam Houston State University traces the school's development alongside the life of the campus Through the description of the many fads traditions crises and milestones that marked the ages a distinct institutional identity emerges in this volume that will be at once both strangely fascinating and warmly familiar to those who have walked the campus as students professors staff or visitors This oversized well illustrated book presents a grand and colorful sweep of Sam Houston's 125 year history BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **American Educational History Journal** Donna M. Davis, 2017-09-01 The American Educational History Journal is a peer reviewed national research journal devoted to the examination of educational topics using perspectives from a variety of disciplines The editors of AEHJ encourage communication between scholars from numerous disciplines nationalities institutions and backgrounds Authors come from a variety of disciplines including political science curriculum history philosophy teacher education and educational leadership Acceptance for publication in AEHJ requires that each author present a well articulated argument that deals substantively with questions of educational history AEHJ accepts papers of two types The first consists of papers that are presented each year at our annual meeting The second type consists of general submission papers received throughout the year General submission papers may be submitted at any time They will not however undergo the review process until January when papers presented at the annual conference are also due for review and potential publication For more information about the Organization of Educational Historians OEH and its annual conference visit the OEH web site at www.edhistorians.org

Beyond Texas Through Time Walter L. Buenger, Arnaldo De León, 2011-01-27 In 1991 Walter L Buenger and the late Robert A Calvert compiled a pioneering work in Texas historiography Texas Through Time a seminal survey and critique of the field of Texas history from its inception through the end of the 1980s Now Buenger and Arnaldo De León have assembled an important new collection that assesses the current state of Texas historiography building on the many changes in understanding and interpretation that have developed in the nearly twenty years since the publication of the original volume This new work Beyond Texas Through Time departs from the earlier volume's emphasis on the dichotomy between traditionalism and revisionism as they applied to various eras Instead the studies in this book consider the topical and thematic understandings of Texas historiography embraced by a new generation of Texas historians as they reflect analytically on the work of the past two decades The resulting approaches thus offer the potential of informing the study of themes and topics other than those specifically introduced in this volume extending its usefulness well beyond a review of the literature In addition the volume editors introduction proposes the application of cultural constructionism as an important

third perspective on the thematic and topical analyses provided by the other contributors Beyond Texas Through Time offers both a vantage point and a benchmark serving as an important reference for scholars and advanced students of history and historiography even beyond the borders of Texas

Lone Star Mind Ty Cashion, 2018-11-01 There is the story the Lone Star State likes to tell about itself and then there is the reality a Texas past that bears little resemblance to the manly Anglo myth of Texas exceptionalism that maintains a firm grip on the state's historical imagination Lone Star Mind takes aim at this traditional narrative holding both academic and lay historians accountable for the ways in which they craft the state's story A clear sighted far reaching work of intellectual history this book marshals a wide array of pertinent scholarship analysis and original ideas to point the way toward a new usable past that twenty first century Texans will find relevant Ty Cashion fixes T R Fehrenbach's Lone Star A History of Texas and the Texans in his crosshairs in particular laying bare the conceptual deficiencies of the romantic and mythic narrative the book has served to codify since its first publication in 1968 At the same time Cashion explores the reasons why the collective efforts of university trained scholars have failed to diminish the appeal of the state's iconic popular culture despite the fuller and more accurate record these historians have produced Framing the search for a collective Texan identity in the context of a post Christian age and the end of Anglo male hegemony Lone Star Mind illuminates the many historiographical issues besetting the study of American history that will resonate with scholars in other fields as well Cashion proposes that a cultural history approach focusing on the self interests of all Texans is capable of telling a more complete story a story that captures present day realities

"The Enemy Within Never Did Without" Jeffrey L. Littlejohn, Charles Howard Ford, 2015 Camp Huntsville was one of the first and largest POW camps constructed in America during World War II Located roughly eight miles east of Huntsville Texas in Walker County the camp was built in 1942 and opened for prisoners the following year The camp served as a model site for POW installations across the country and set a high standard for the treatment of prisoners Between 1943 and 1945 the camp housed roughly 4 700 German POWs and experienced tense relations between incarcerated Nazi and anti Nazi factions Then during the last months of the war the American military selected Camp Huntsville as the home of its top secret re education program for Japanese POWs The irony of teaching Japanese prisoners about democracy and voting rights was not lost on African Americans in East Texas who faced disenfranchisement and racial segregation Nevertheless the camp did inspire some Japanese prisoners to support democratization of their home country when they returned to Japan after the war Meanwhile in this country the US government sold Camp Huntsville to Sam Houston State Teachers College in 1946 and the site served as the school's Country Campus through the mid 1950s This long overdue project is one I started working on decades ago but didn't finish It is gratifying to see the book come to fruition
