Samadhi and Beyond Surath Chandra Chakravarti,1973 **Samadhi and Beyond** Sri Surath,1973 *Samadhi and Beyond*. [By] Sri Surath ,1973 **Beyond Kundalini Science** Premyogi vajra,2025-08-17 When a human being walks too long upon the paths of energy bliss awakening or self realisation a strange fatigue arises In the beginning there is curiosity the spark that ignites the journey Soon it deepens into excitement even pride I have touched something higher But after a while the very things that once felt magical begin to lose their sheen Energy rising energy falling head pressure visions inner sounds blissful states all of these start moving in circles repeating like patterns in a dream A time comes when the seeker grows tired of them almost bored and feels an inner urge to escape beyond their endless play That moment of weariness is not an end but a true beginning For only then does something fresh spontaneous and unforced open up That is the soil where Nirvikalpa begins to grow on its own Not as a state that can be achieved not as a medal that can be earned but as a natural flowering that needs no effort The Vedas remind us through a beautiful image just as a hidden gem buried deep within the forest can be discovered only after one has searched through the entire jungle so too the highest spiritual knowledge can be attained only after one has first passed through all preceding stages of knowledge and experience To seek forced Nirvikalpa is like wanting a PhD before completing graduation One may dream of it imagine it or even fake it for a while but it will not hold The real Nirvikalpa dawns only when all holding all chasing and all wanting dissolve It is not another path to walk but the quiet ending of every path This book is simply a collection of such steps and missteps from my own journey Nothing complete nothing final only fragments of experience recorded as they arrived In fact many of these pages first took form as blog posts written in the raw flow of daily reflection Later they gathered themselves into this book not as a manual but as a living record of search stumble and silence If you too have walked enough circles you may hear the echoes of your own story here And perhaps beyond these words you may sense the same silence that patiently waits for every one of us Moreover it is essential for curious readers to know that the long quest toward the reality of expressed consciousness manifesting through experiences such as Kundalini awakening self realisation the disciplines of Kundalini Yoga the power of mantras and tantras the wisdom of the Vedas and Puranas the diverse insights of the world s religions and the wide spectrum of meditation techniques with their varied effects has been explored in depth in the Kundalini Science A Spiritual Psychology series Volumes 1 5 This book belongs to that current of exploration carrying forward the same spirit of seeking questioning and discovering *Beyond Angels* Gaile Walker,2012-12-31 Personal enlightenment experiences clearly described alongside a calling for a more spiritual approach to healing and meditation practices **Yoga Beyond Body and Mind: Translation and Commentary of Upadesh Saram of Bhagavan Ramana Maharshi** David Frawley,2025-01-01 Yoga is a Science of Consciousness that teaches us how to realize our immortal Self Atman beyond body and mind one with the entire universe This is explained in the Yoga of Knowledge Jnana Yoga and Non dual Vedanta as clearly presented in the teachings of the

could be a better Purpose of Life And where do we end Becoming aware of the turmoil and strife in ones life the Seeker began with the Purpose of Life prayed for the Guru walked earnestly under the guidance of the Enlightened Master meditated on the Naam and where did he end up With NO more Goals the Moment Now itself the Destination abidance therein NO Purpose of Life any more This Moment NOW the Eternal Moment itself flowering into ordained activity for the remaining days of the Bodys life winding up the remaining Accounts with all those around him **In Search of God & Beyond** Kannan Pichai,2023-02-27 When I decided to write my second book multiple thoughts came into my mind writing poems English translation of my earlier book which is in Tamil Buddhanai Thedi In Search of Buddha or some fiction finally I settled for the same formula of sharing my own experiences perspectives In Search of God Beyond Notes from a Nomad is nothing but a few travels I have undertaken a few books I have read a few movies I have seen a few people I met few places I have been to I purposefully avoided the word some Though Title of this book must sound religious neither this book nor its content is religious or similar It s just about the experiences of a Nomad during his life at some point in time If at all if this book or word words in this book touch even one soul my purpose is met objective of writing this book accomplished In Search of God Beyond Notes from a Nomad is just the notes from a Nomad All the sales proceedings of this book would go into supporting various GiveBack activities one NGO like my previous book sales proceedings **Beyond Mindfulness in Plain English** Bhante Henepola Gunaratana,2010-10 Countless people world wide have made Mindfulness in Plain English a beloved and bestselling classic in almost a dozen languages Now after nearly two decades Bhante helps meditators of every stripe take their mindfulness practice to the next level helping them go in a word beyond mindfulness In the same warm clear and friendly voice Bhante introduces the reader to what have been known for centuries as the jhanas deeply calm joyous and powerful states of meditation that when explored with the clearly presented tools in this book lead to life of insight and unshakeable peace *Journey Beyond: A Non-Dual Approach* Acharya Dr. Kuntimaddi Sadananda,2019-09-10 Everyone is searching for everlasting happiness Yet none can find it by pursuit at the same time none can stop the pursuit This seems to be the tragedy of human life nay the life of every being Every pursuit is limited space wise time wise and object wise Any pursuit that is limited cannot give everlasting happiness Some promise eternal happiness after death if one follows their path Yet no one has returned to claim that they achieved it by following that path One sage declares that truth is a pathless land Vedanta ascertains that the truth is beyond the space time object wise limitations and you are that truth tat tvam asi The journey beyond space and time limitations is the central theme of the discussions in this text *Secret Of Disciplehood* Osho, *Beyond the Power of Now* L. Ron Gardner,2012-09 Eckhart Tolle is perhaps the most popular spiritual guru in the world His books have topped the New York Times Bestseller List and his core teaching achievement of liberation via the power of Now has become the guiding light of the New Age movement But according to L Ron Gardner author of *Beyond the Power of Now* there is a problem a big problem with Tolle s core teaching Tolle never explains what exactly the power of

Now is Is it the same thing as Hindu Shakti or the Buddhist Sambhogakaya or the Christian Holy Spirit Tolle doesn't say He continually refers to the Bible and Jesus in his book but shockingly never once mentions the Holy Spirit and how it relates to the Power of Now L Ron makes it clear that the true Power of Now is the Holy Spirit which is the same divine Light energy as Hindu Shakti and the Buddhist Sambhogakaya He explains and extolls the true power of Now and castigates Tolle for failing to identify and describe it To some Eckhart Tolle is a New Age visionary describing a new earth that can materialize if mankind en masse awakens to the power of Now But according to L Ron Gardner he is simply a histrionic ranter full of empty rhetoric Throughout this book L Ron continually points out from different angles the folly of Tolle's New or Now Age chimera and describes the social system that represents mankind's sociopolitical salvation Beyond Tolle's teaching about the power of Now and rhetoric about a new earth L Ron takes the renowned guru to task on virtually every subject he addresses Most significantly he rebuts his arguments that 1 emotions can be trusted more than thought 2 time is a mind created illusion 3 psychological time is insanity 4 the present moment is the Now 5 the inner body is the direct link to the Now 6 your cells stop aging when you live in the Now 7 women are spiritually more evolved than men and 8 animals such as ducks and cats are Zen masters Eckhart Tolle's teachings are replete with erroneous ideas and L Ron Gardner exposes the major flaws in his principal arguments while providing readers with integral solutions **Beyond Common Sense** Dr Satinder Singh

Malik, 2020-06-03 Human sensors collect the information from environment and our body Intellect dwells upon the obvious looking information and extracts out of ordinary inferences The joy lies in knowing The art of knowing from routine information is called common sense In Sanskrit common sense is known as Vivek It arises from thought when intellect dwells upon the information for a slightly longer period than routine The intellect will dwell upon such information when it is used to when the mind is relatively free and not overburdened by sense pursuits What lies beyond common sense is the treasure of unmeasured potential Sixth sense is a sense which connects human cognitive complex to the dimension of consciousness and it is known as Pragyan in Sanskrit Pragyan is Intuition The root word for intuition is Latin intueri meaning in to you Intuition has spiritual roots which lie in the dimension of consciousness In the forthcoming chapters in this book a perspective of background environment is provided Science gives too specific but overall sketchy information about the complete picture whereas Philosophy does a better job on this Philosophy is also based on logic and reason but there is no need to establish proof in a laboratory and its scope is vast To complete our lifetimes we cannot await Science to buildup the complete picture and use that to carve a path for our lives Some key questions have been answered as to how this universe came in to being Big Bang theory assumed a primeval atom and the source of this atom remained unresolved Astronomers keep getting baffled after detecting matter in universe older than itself A summary of the applicable dimensions has been proposed along with nature of various dimensions Time is a substance which flows like a wave Origin of human life and presence of distinctive racial features has been explored Common information as to why there are 12 hours in a day or seven days in a week is also

important steps in human understanding of life on this planet A unique link between astronomy and astrology has been established by replenishing the information which went missing down the ages A chapter on how to enhance the sixth sense is a practical guide which is simple and easy to follow This information is not freely available in a concise and logical manner Evolved human society has the potential to change the course of life on a planet The change starts with us and we have to accept the challenge of enhancing our sixth sense to connect to a dimension of consciousness and fulfill the life's goals
