John Hunter, 2023-05-05 Reprint of the original first published in 1872      **The History of Natural Stone in Saint-Petersburg** Elena Panova, 2023-03-01 The book introduces readers to the heritage of St Petersburg sharing the geological history of a unique city a world heritage site and part of the UNESCO list It also explains the role of small towns and fortresses near St Petersburg whose stone decoration played an essential role in the city's evolution and was key in the history of neighboring cultures The book also describes the main architectural symbols of St Petersburg such as the Alexander Column the Bronze Horseman the Peter and Paul Fortress and more In addition to five guided tours of the city center it offers descriptions of historic quarries some of which are now open air museums      Samson Pnina Galpaz-Feller, 2006 The story of Samson in the Bible is told in just four chapters of the Book of Judges but the story of his life is composed of a mosaic of events This book examines many aspects of the unique figure of Samson Samson as the chosen of God who is destined to save the Israelites from Philistine oppression and who ultimately dies with the Philistines Samson who appears on the stage of history as a promising leader but whose leadership fails Samson the dissolute Nazirite a powerful man who rips apart a lion as though it were a lamb who uproots the gates of the city of Gaza and pulls down a pagan temple but at the same time he succumbs to his women and is ruled by them This book invites the reader to contemplate Samson's highly contradictory personality to take up moral issues and to reflect upon love and betrayal life and death family and society subjects that have concerned people from antiquity to the present      **Milton's Samson Agonistes and Lycidas. With ... Illustrative Notes ... by J. Hunter, Etc** John Milton, 1870      **Milton's Samson agonistes and Lycidas, with notes etc., by J. Hunter** John Milton, 1870      **The Traitor** Geoffrey Miller, 2006-03-14 The Traitor is firmly grounded in fact The majority of the people referred to in the novel took part in the actions described Many of the conversations are based on diary entries memoranda and letters subsequently published by the main protagonists The principal exception to this is the character of Major Lionel Samson When he first appears Samson is as he was in fact at the time the British Military Consul at the siege of Adrianople in 1913 By 1915 he was in real life in charge of the allied espionage network based in Athens However between these two dates all actions ascribed to him in The Traitor are fictional      The Tarot Robert Place, 2005-03-17 The Tarot is one of the few books that cuts through conventional misperceptions to explore the Tarot deck as it really developed in the Middle Ages and Renaissance Europe not as some would suggest in the far reaches of Egyptian antiquity Mining the Hermetic alchemical and Neoplatonic influences behind the evolution of the deck author Robert M Place provides a historically grounded and compelling portrait of the Tarot's true origins without overlooking the deck's mystical dimensions Indeed Place uncommonly weds reliable historiography with a practical understanding of the intuitive help and divinatory guidance that the cards can bring He presents techniques that offer new and valuable ways to read and interpret the cards Based on a simple three card spread Place's approach can be used by either the seasoned practitioner or the new inquirer      **Paradise regain'd ...
