## **Samuel Johnson James Boswell:**

**Life of Johnson** James Boswell, 1998 This complete and unabridged edition is the only complete critical edition in paperback Samuel Johnson was a poet essayist dramatist and pioneering lexicographer but his continuing reputation depends less on his literary output than on the fortunate accident of finding an ideal biographer in James Boswell As Johnson's constant and admiring companion Boswell was able to record not only the outward events of his life but also the humour wit and sturdy common sense of his conversation His brilliant portrait of a major literary figure of the eighteenth century enriched by historical and social detail remains a monument to the art of biography Dr. Samuel Johnson and James Boswell Harold Bloom, 1986 A collection of critical essays on the works of Dr Samuel Johnson and James Boswell arranged in order of original publication *The Life of Samuel Johnson* James Boswell, 2019-09-25 Reproduction of the original *The Life of Samuel Johnson* by James Boswell The Life of Samuel Johnson, LL.D. James Boswell, 1791 The Life of Samuel Johnson James Boswell, 2008-10-30 In Boswell's *Life of Samuel Johnson* one of the towering figures of English literature is revealed with unparalleled immediacy and originality While Johnson's Dictionary remains a monument of scholarship and his essays and criticism command continuing respect we owe our knowledge of the man himself to this biography Through a series of wonderfully detailed anecdotes Johnson emerges as a sociable figure with a huge appetite for life crossing swords with other great eighteenth century luminaries from Garrick and Goldsmith to Burney and Burke even his long suffering friend and disciple James Boswell Yet Johnson had a vulnerable even tragic side and anxieties and obsessions haunted his private hours Boswell's sensitivity and insight into every facet of his subject's character ultimately make this biography as moving as it is entertaining Based on the 1799 edition Christopher Hibbert's abridgement preserves the integrity of the original while his fascinating introduction sets Boswell's view of Samuel Johnson against that of others of the time **The Life of Samuel Johnson** James Boswell, 1835 **Selections from James Boswell's Life of Samuel Johnson** James Boswell, 1922 Selections from James Boswell's Life of Samuel Johnson James Boswell, 1952 **The Life of Samuel Johnson, LL. D.** James Boswell, 1835 *The Life of Samuel Johnson* James Boswell, 1907 **James Boswell, Esq.: The Life of Samuel Johnson LL. D.** Takau Shimada, 2003-10-01 Selections from the Life of Samuel Johnson James Boswell, 2018-12-19 This classic biography provides a brilliant portrait of an age as well as a person recapturing the sparkling wit and memorable conversational style of 18th century sage Samuel Johnson Abridged edition **The Life of Samuel Johnson** James Boswell, 2014-02-16 James Boswell's *Life of Samuel Johnson* is often called the greatest biography of all time and may well be Perhaps such a work can get no higher praise but it is also highly notable as the first true modern biography the first really resembling what we think of as biography today Boswell set new standards for thoroughness accuracy and research greatly expanding the very concept of what a biography could be He was also very far ahead of his time in anticipating what was later called gonzo journalism writers inserting themselves into real life stories it is of course not done

in the same way as later writers but the concept is similar Most remarkable of all though is that the book is immensely readable entertaining and edifying over two hundred years later which can be said of very few biographies It is absolutely essential for anyone even remotely interested in Johnson Boswell or the late eighteenth century European intellectual circle Johnson was perhaps England's best known writer during his last several decades and one of the most famous in the world besides being widely known and renowned for lexicographical and other accomplishments However this book's greatness and fame are such that he has long been known primarily via it Many read it who have read very little or none of him showing that unlike nearly all biographies it has earned a life of its own There are many reasons for this not least the fine writing Even more fundamental is that the book vividly brings an exciting integral and profoundly influential era to life It covers the late Enlightenment when many of the most important people to ever live were prominent In addition to Johnson we get first hand glimpses of such illustrious personages as Adam Smith Oliver Goldsmith Pasquale Paoli David Garrick and many many others Numerous other heavyweights Voltaire Jean Jacques Rousseau King George III etc are only slightly in the background We also get contemporaneous accounts of major events like the American Revolution and the lead up to the French Revolution In short though ostensibly the biography of one person the book is as vibrant lifelike and memorable an account of a supremely important era as any history book Yet Johnson is always the focus shown literally from birth to death Anyone interested in him will find a wealth of information about all aspects of his life as well as his thoughts feelings influences intellectual background and far more There is also a great deal of information about his work Unlike nearly all biographers Boswell actually knew Johnson well he was his friend for many years and spent several months annually in his company essentially interviewing him and making voluminous notes of his conversation This last is indeed the book's heart and by far its most famous element Johnson was perhaps his era's most famous conversationalist revered for wit and argument Boswell heard many hours of his conversation and reports faithfully His style here was again innovative Rather than sprinkling isolated quotes anecdotally he went to great pains to reproduce full conversations not only describing the setting and others present but even using drama like name headings for full verisimilitude We thus not only see what Johnson said but where how and usually why he said it
