Samuel Becketts New Worlds

E.M. Beekman

Samuel Beckett's New Worlds:

Samuel Beckett's New Worlds Susan Dolores Brienza,1987 **Samuel Beckett** David Pattie,2000-11-23 Samuel Beckett's work forever changed the concepts of literature and theatre His work remains a core part of introductory courses on literary history drama theatre or performance and also features in more specialist modules such as Modernism or The Absurd Samuel Beckett is a comprehensive introduction to his life and work as well as an outline of the critical issues surrounding his work This guidebook leaves judgements up to the student by explaining the full range of often very different critical views and interpretations and offers guides to further reading in each area discussed *Samuel Beckett* Andrew Gibson,2009-11-01 Writer Samuel Beckett 1906-89 is known for depicting a world of abject misery failure and absurdity in his many plays novels short stories and poetry Yet the despair in his work is never absolute instead it is intertwined with black humor and an indomitable will to endure characteristics best embodied by his most famous characters Vladimir and Estragon in the play *Waiting for Godot* Beckett himself was a supremely modern minimalist writer who deeply distrusted biographies and resisted letting himself be pigeonholed by easy interpretation or single definition Andrew Gibson's accessible critical biography overcomes Beckett's reticence and carefully considers the writer's work in relation to the historical circumstances of his life In *Samuel Beckett* Gibson tracks Beckett from Ireland after independence to Paris in the late 1920s from London in the 30s to Nazi Germany and Vichy France and finally through the cold war to the fall of communism in the late 80s Gibson narrates the progression of Beckett's life as a writer from a student in Ireland to the 1969 Nobel Prize winner for literature through chapters that examine individual historical events and the works that grew out of those experiences A notoriously private figure Beckett sought refuge from life in his work where he expressed his disdain for the suffering and unnecessary absurdity of much that he witnessed This concise and engaging biography provides an essential understanding of Beckett's work in response to many of the most significant events of the past century **The Complete Critical Guide to Samuel Beckett** David Pattie,2000 Samuel Beckett's work forever changed the concepts of literature and theatre His work remains a core part of introductory courses on literary history drama theatre or performance and also features in more specialist modules such as Modernism or The Absurd Samuel Beckett is a comprehensive introduction to his life and work as well as an outline of the critical issues surrounding his work This guidebook leaves judgements up to the student by explaining the full range of often very different critical views and interpretations and offers guides to further reading in each area discussed *Samuel Beckett and BBC Radio* David Addyman,Matthew Feldman,Erik Tønning,2017-03-30 This book is the first sustained examination of Samuel Beckett's pivotal engagements with post war BBC radio The BBC acted as a key interpreter and promoter of Beckett's work during this crucial period of his getting known in the Anglophone world in the 1950s and 1960s especially through the culturally ambitious Third Programme but also by the intermediary of the house magazine *The Listener* The BBC ensured a sizeable but also informed reception for Beckett's radio

plays and various adaptations including his stage plays prose and even poetry the audience that Beckett's works reached by radio almost certainly exceeded in size his readership or theatre audiences at the time In rethinking several key aspects of his relationship with the BBC a mix of new and familiar Beckett critics take as their starting point the previously neglected BBC radio archives held at the Written Archive Centre in Caversham Berkshire The results of this extended reassessment are timely and in many cases quite surprising for readers of Beckett and for scholars of radio late modernism and post war British culture more broadly *Beckett: A Guide for the Perplexed* Jonathan Boulter, 2013-08-22 Samuel Beckett 1906-1989 is one of the most important twentieth century writers Seen as both a modernist and postmodernist his work has influenced generations of playwrights novelists and poets Despite his notorious difficulty Beckett famously refused to offer his readers any help in interpreting his work Beckett's texts examine key philosophical humanist questions but his writing is challenging perplexing and often intimidating for readers This guide offers students reading Beckett a clear starting point from which to confront some of the most difficult plays and novels produced in the twentieth century texts which often appear to work on the very edge of meaninglessness Beginning with a general introduction to Beckett his work and its contexts the guide looks at each of the major genres in turn analyzing key works chronologically It explains why Beckett's texts can seem so impenetrable and confusing and focuses on key questions and issues Giving an accessible account of both the form and content of Beckett's work this guide will enable students to begin to come to grips with this fascinating but daunting writer

Cultural Encounters in the New World Harald Zapf, Klaus Lösch, 2003 **Beckett's Art of Salvage** Julie Bates, 2017-04-19 This innovative exploration of the recurring use of particular objects in Samuel Beckett's work is the first study of the material imagination of any single modern author Across five decades of aesthetic and formal experimentation in fiction drama poetry and film Beckett made substantial use of only fourteen objects well worn not only where they appear within his works but also in terms of their recurrence throughout his creative corpus In this volume Bates offers a striking reappraisal of Beckett's writing with a focus on the changing functions and impact of this set of objects and charts chronologically and across media the pattern of Beckett's distinctive authorial procedure The volume's identification of the creative praxis that emerges as an art of salvage offers an integrated way of understanding Beckett's writing opens up new approaches to his work and offers a fresh assessment of his importance and relevance today *Beckett and Nothing* Daniela Caselli, 2020-03-09 This electronic version has been made available under a Creative Commons BY-NC-ND open access license Beckett and nothing invites its readership to understand the complex ways in which the Beckett canon both suggests and resists turning nothing into something by looking at specific sometimes almost invisible ways in which little nothings pervade the Beckett canon The volume has two main functions on the one hand it looks at nothing not only as a content but also a set of rhetorical strategies to reconsider afresh classic Beckett problems such as Irishness silence value marginality politics and the relationships between modernism and postmodernism and absence and presence On the other it focuses on

nothing in order to assess how the Beckett oeuvre can help us rethink contemporary preoccupations with materialism neurology sculpture music and television The volume is a scholarly intervention in the fields of Beckett studies which offers its chapters as case studies to use in the classroom It will prove of interest to advanced students and scholars in English French Comparative Literature Drama Visual Studies Philosophy Music Cinema and TV studies Samuel Beckett in Context Anthony Uhlmann,2013-02-28 Provides a comprehensive exploration of Beckett's historical cultural and philosophical contexts offering new critical insights for scholars and general readers **Beckett Sans Frontières** Minako Okamuro,2008 SBT A 19 features selected papers from the Borderless Beckett Beckett sans frontières Symposium held in Tokyo at Waseda University in 2006 The essays penned by eminent and young scholars from around the world examine the many ways Beckett's art crosses borders coupling reality and dream life and death as in Japanese Noh drama or transgressing distinctions between limits and limitlessness humans animals virtual bodies and stones French and English words and silence and the received frameworks of philosophy and aesthetics The highlight of the volume is the contribution by Nobel Laureate J M Coetzee the special guest of the Symposium His article entitled Eight Ways of Looking at Samuel Beckett introduces a variety of novel approaches to Beckett ranging from a comparative analysis of his work and Melville's Moby Dick to a biographical observation concerning Beckett's application for a lectureship at a South African university Other highlights include innovative essays by the plenary speakers and panelists Enoch Brater Mary Bryden Bruno Clement Steven Connor S E Gontarski Evelyne Grossman and Angela Moorjani and an illuminating section on Beckett's television dramas The Borderless Beckett volume renews our awareness of the admirable quality and wide range of approaches that characterize Beckett studies **The New World**,1899 Includes section Book reviews Beckett's afterlives Jonathan Bignell,Pim Verhulst,Anna McMullan,2023-02-21 Despite the steady rise in adaptations of Samuel Beckett's work across the world following the author's death in 1989 Beckett's afterlives is the first book length study dedicated to this creative phenomenon The collection employs interrelated concepts of adaptation remediation and appropriation to reflect on Beckett's own evolving approach to crossing genre boundaries and to analyse the ways in which contemporary artists across different media and diverse cultural contexts including the UK Europe the USA and Latin America continue to engage with Beckett The book offers fresh insights into how his work has kept inspiring both practitioners and audiences in the twenty first century operating through methodologies and approaches that aim to facilitate and establish the study of modern day adaptations not just of Beckett but other multimedia authors as well **Modernism and the Machinery of Madness** Andrew Gaedtker,2017-10-26 Modernism and the Machinery of Madness demonstrates the emergence of a technological form of paranoia within modernist culture which transformed much of the period's experimental fiction Gaedtker argues that the works of writers such as Samuel Beckett Anna Kavan Wyndham Lewis Mina Loy Evelyn Waugh and others respond to the collapse of categorical distinctions between human and machine Modern British and Irish novels represent a convergence

between technological models of the mind and new media that were often regarded as thought influencing machines Gaedtker shows that this literary paranoia comes into new focus when read in light of twentieth century memoirs of mental illness By thinking across the discourses of experimental fiction mental illness psychiatry cognitive science and philosophy of mind this book shows the historical and conceptual sources of this confusion as well as the narrative responses This book contributes to the fields of modernist studies disability studies and medical humanities **Beckett and Musicality** Sara Jane

Bailes, Nicholas Till, 2016-04-15 Discussion concerning the musicality of Samuel Beckett's writing now constitutes a familiar critical trope in Beckett Studies one that continues to be informed by the still emerging evidence of Beckett's engagement with music throughout his personal and literary life and by the ongoing interest of musicians in Beckett's work In Beckett's drama and prose writings the relationship with music plays out in implicit and explicit ways Several of his works incorporate canonical music by composers such as Schubert and Beethoven Other works integrate music as a compositional element in dialogue or tension with text and image while others adopt rhythm repetition and pause to the extent that the texts themselves appear to be scored But what precisely does it mean to say that a piece of prose or writing for theatre radio or screen is musical The essays included in this book explore a number of ways in which Beckett's writings engage with and are engaged by musicality discussing familiar and less familiar works by Beckett in detail Ranging from the scholarly to the personal in their respective modes of response and informed by approaches from performance and musicology literary studies philosophy musical composition and creative practice these essays provide a critical examination of the ways we might comprehend musicality as a definitive and often overlooked attribute throughout Beckett's work **On Beckett** S. E. Gontarski, 2014-01-15 On Beckett Essays and Criticism is the first collection of writings about the Nobel Prize winning author that covers the entire spectrum of his work and also affords a rare glimpse of the private Beckett More has been written about Samuel Beckett than about any other writer of this century countless books and articles dealing with him are in print and the progression continues geometrically On Beckett brings together some of the most perceptive writings from the vast amount of scrutiny that has been lavished on the man in addition to widely read essays there are contributions from more obscure sources viewpoints not frequently seen Together they allow the reader to enter the world of a writer whose work has left an impact on the consciousness of our time perhaps unmatched by that of any other recent creative imagination

Beckett, Lacan and the Gaze Llewellyn Brown, 2019-04-30 Forming a pair with the voice the gaze is a central structuring element of Samuel Beckett's creation And yet it takes the form of a strangely impersonal visual dimension testifying to the absence of an original exchange of gazes capable of founding personal identity and opening up the world to desire The collapse of conventional reality and the highlighting of seeing devices eyes mirrors windows point to the absence of a unified representation While masks and closed spaces show the visible to be opaque and devoid of any beyond light and darkness spectres manifestations without origin reveal a realm beyond the confines of identity where nothing provides a

mediation with the seen or sets it within perspective Finally Beckett s use of the audio visual media deepens his exploration of the irreducibly real part of existence that escapes seeing This study systematically examines these essential aspects of the visual in Beckett s creation The theoretical elaborations of Jacques Lacan in relation with corresponding developments in the history and philosophy of the visual arts offer an indispensable framework to understand the imaginary not as representation but as rooted in the fundamental opacity of existence

How to Be Irish Sean Kelly, Rosemary Rogers, 2009-02-04 Luck has nothing to do with it Of course you want to be Irish Look what it did for Daniel Day Lewis Sinead Maeve Binchy Roddy Doyle JFK Seamus Heaney Angela s Ashes and all those Riverdancers But until now the secrets of how to be Irish have been hidden in a Celtic Twilight of blather and blarney Now this easy to read with plenty o pictures handbook dares to tell you How to have an Irish name How to talk look and act Irish How to vote Irish How to have thin skin a terrible temper and the gift of gab Whether you re proudly Irish anti Irish fallen away Irish or would be Irish that is to say if you re a living breathing human being How to Be Irish is for you Learn to your surprise who s really Irish and who s only passing Discover to your astonishment your own underground Irish roots And brace yourself Bridget for the shocking if brief history of Irish American sex From the Trade Paperback edition

The Failures of Public Art and Participation Cameron Cartiere, Anthony Schrag, 2022-08-25 This collection of original essays takes a multi disciplinary approach to explore the theme of failure through the broad spectrum of public art and social practice The anthology brings together practicing artists curators activists art writers administrators planners and educators from around the world to offer differing perspectives on the many facets of failure in commissioning planning producing evaluating and engaging communities in the continually evolving field of art in the public realm As such this book offers a survey of currently unexplored and interconnected thinking and provides a much needed critical voice to the commissioning of public and participatory arts The volume includes case studies from the UK the US China Cuba and Denmark as well as discussions of digital public art collections The Failures of Public Art and Participation will be of interest for students and scholars of visual arts design and architecture interested in how art in the public realm fits within social and political contexts
