**The Daily Book of Art** Colin Gilbert,Dylan Gilbert,Elizabeth T. Gilbert,Gabriel Guzman,Rebecca Razo,Sharon Robinson,Amy Runyen,David Schmidt,2009-10-01 In today s fast paced world creative people are as eager as ever to pursue

their artistic passions but many of them simply don't have enough time. Catering to this modern dilemma we've concocted the perfect remedy for overburdened artists. The Daily Book of Art includes a year's worth of brief daily readings and lessons about the visual arts that entertain as they inform. Ten exciting categories of discussion rotate throughout the course of a year, giving readers a well-rounded experience in the art world. From color psychology and aesthetic philosophy to the proverbial argument over whether elephants really can paint, art-starved readers will encounter a broad range of inspiring subjects. The ten categories of discussion include Art 101, Philosophy of Art, Art Through the Ages, Profiles in Art, A Picture's Worth, 200 Words, Art from the Inside Out, Art Around the World, Artistic Oddities, Unexpected Art Forms, Step by Step Exercises.

**Daily Skill-Builders: Social Studies 5-6** Kate O'Halloran, 2004

**State Reconstitution in China, Japan and East Africa** Graham F. Odell, 2020-07-20

Presented through an investigation of Sengoku Japan and Republican China, this book proposes an innovative explanation of state formation that focuses on ideational and geographic factors. This study addresses the question: why are some collapsed states able to reconstitute themselves where others have not? Graham F. Odell employs two cases of successful state reconstitution: Republican China (1912-1949) and Sengoku Japan (1477-1615) to derive a new theoretical framework around this question. These cases are distinct across several significant factors, making them ideal for a research design that seeks to formulate an original theoretical explanation for a phenomenon. Taken together, these two periods of Chinese and Japanese history are paradigmatic cases of state collapse and reconstitution and thus intrinsically compelling to the study of state formation. By developing a new theory of successful state reconstitution through emphasizing the roles of ideology, political symbolism, and the geographical distribution of social power, this text provides an answer to the question that has not only scholarly and practical implications but also a wide geographical applicability. This book will be key reading for scholars interested in matters of international politics, political science, and state formation, especially in East Asia.

*The Economic Rise of East Asia* Linda Glawe, Helmut Wagner, 2022-01-01

In light of the growing global economic importance of East Asia, this book analyzes and compares the extraordinary development paths and strategies of Japan, South Korea, and China. It examines both the factors that enabled these countries' prolonged periods of high-speed economic growth and the reasons for their subsequent cool-downs. In addition, the book illustrates how their development strategies served as role models for one another and what current and future developing countries can learn from the East Asian success stories. This book will appeal to scholars and students of economics and development studies with an interest in the East Asian development model.

**Asian Power and Politics** Lucian W. Pye, Mary W. Pye, Lucian W. Pye, 2009-06-30

In a major new book, Lucian W. Pye reconceptualizes Asian political development as a product of cultural attitudes about power and authority. He contrasts the great traditions of Confucian East Asia with the Southeast Asian cultures and the South Asian traditions of Hinduism and Islam, and explores the national differences within these larger civilizations. Breaking with modern political theory, Pye believes that power differs profoundly from one culture to another. In Asia, the masses of the people are group

oriented and respectful of authority while their leaders are more concerned with dignity and upholding collective pride than with problem solving. As culture decides the course of political development, Pye shows how Asian societies confronted with the task of setting up modern nation states respond by fashioning paternalistic forms of power that satisfy their deep psychological craving for security. This new paternalism may appear essentially authoritarian to Western eyes, but Pye maintains that it is a valid response to the people's needs and will ensure community solidarity and strong group loyalties. He predicts that we are certain to see emerging from Asia's accelerating transformation some new version of modern society that may avoid many of the forms of tension common to Western civilization but may also produce a whole new set of problems. This book revitalizes Asian political studies on a plane that comprehends the large differences between Asia and the West and at the same time is sensitive to the subtle variations among the many Asian cultures. Its comparative perspective will provide indispensable insights to anyone who wishes to think more deeply about the modern Asian states.

*Curse on This Country* Danny Orbach, 2017-02-14 Imperial Japanese soldiers were notorious for blindly following orders and their enemies in the Pacific War derided them as cattle to the slaughter. But in fact the Japanese Army had a long history as one of the most disobedient armies in the world. Officers repeatedly staged coups and violent insurrections and political assassinations; their associates defied orders given by both the government and the general staff, launched independent military operations against other countries, and in two notorious cases conspired to assassinate foreign leaders despite direct orders to the contrary. In *Curse on This Country* Danny Orbach explains the culture of rebellion in the Japanese armed forces. It was a culture created by a series of seemingly innocent decisions, each reasonable in its own right, which led to a gradual weakening of Japanese government control over its army and navy. The consequences were dire as the armed forces dragged the government into more and more of China across the 1930s, a culture of rebellion that made the Pacific War possible. Orbach argues that brazen defiance rather than blind obedience was the motive force of modern Japanese history. *Curse on This Country* follows a series of dramatic events: assassinations in the dark corners of Tokyo, the famous rebellion of Saigō Takamori, the accidental invasion of Taiwan, the Japanese ambassador's plot to murder the queen of Korea, and the military political crisis in which the Japanese prime minister changed colors. Finally, through the sinister plots of the clandestine Cherry Blossom Society, we follow the deterioration of Japan into chaos, fascism, and world war.

*Daily Life through World History in Primary Documents* Rebecca Bennette, David M. Borgmeyer, David Matz, Lawrence Morris, 2008-12-30 Who did the ancient Greeks describe as the world's best athlete? What does the Koran say about women's rights? How has the digital revolution changed life in the modern age? From the law courts of ancient Iraq to bloody Civil War battlefields, explore the daily lives of people from major world cultures throughout history as presented in their own words. Bringing useful and engaging material into world history classrooms, this rich collection of historical documents and illustrations provides insight into major cultures from all continents. Hundreds of thematically organized annotated primary documents and over 100

images introduce aspects of daily life throughout the world including domestic life economics intellectual life material life politics religion and recreation from antiquity to the present Document selections are guided by the National Standards for World History providing a direct tie to the curriculum Analytical introductions explain the key features and background of each document and create links between documents to illustrate the interrelationship of thoughts and customs across time and cultures Volume 1 The Ancient World covers the major civilizations from ancient Sumeria 3000 BCE through the fall of Imperial Rome 476 CE including Egypt Greece and Israel and also covers China and India during the births of Hinduism Buddhism and Confucianism Volume 2 The Middle Ages and Renaissance covers the development of European culture from the Germanic migrations of the fifth century CE through the university movement of the late middle ages and the sixteenth century growth of global empires and the collapse of the kingship in seventeenth century England Also covered are the Native empires of the Americas and the rise of Islamic culture throughout the Middle East and Africa Volume 3 The Modern World spans the period from the Enlightenment through modern Internet era and global economy including the founding of the United States colonial and post colonial life in Latin America and Africa and the growth of international cultures and new economies in Asia Document sources include The code of Hammurabi The Manu Smṛti Seneca's On Mercy Josephus's Jewish Antiquities The Koran Dante's Divine Comedy Bernal Diaz del Castillo's The True History of the Conquest of Mexico The Travels of Marco Polo Brahmagupta's principles of mathematics and astronomy The Mayan Popul Vuh the diary of a Southern plantation wife during the Civil War and letters from an American soldier in Vietnam Thematically organized sections are supplemented with a glossary of terms a glossary of names a timeline of key events and an annotated bibliography Document selections are guided by the National Standards for World History providing a direct tie to the curriculum This collection is an invaluable source for students of material history social history and world history **Days That Changed the World**

Hywel Williams, 2011-10-27 The currents of history run deep and often unseen beneath the everyday ripple of events But now and again the current rises to the surface and the events of a single day change the world for ever Such events are the subject of Days that Changed the World Some of the fifty days described here mark the end of an era others the start of something new Many are the dates of bloody battles or murders of momentous decisions or breathtaking discoveries All are remembered as powerful symbols of their time whose legacy continues to reverberate around the world The book begins almost 2500 years ago on 28 September 480 BC when the Athenian navy destroyed the Persian invasion fleet in the Bay of Salamis Had the Persians won we might never have heard the names of Plato Aristotle or Alexander nor recognize the word democracy Taking in the assassination of Julius Caesar the fall of Constantinople the first day of the Somme Nelson Mandela's release from prison and concluding with 11 September 2001 and the destruction of New York's Twin Towers Days that Changed the World is a unique and fascinating way to tell the story of world history Medieval Society Kay Eastwood, 2004 Young readers will be captivated by this account of the daily life and social organization of people living in Europe in the

Middle Ages Medieval Society describes life under the feudal system and how kings and lords became rich while the peasants stayed poor

**SAT Subject Test World History** William V. Melega, 2020-12-01 Note College Board has discontinued the SAT Subject Tests in the US The tests will be available outside the US in June 2021 and then be discontinued This prep book presents a general overview of world history making it an ideal study aid for those preparing to take the SAT Subject Test World History Twenty five units review the entire scope of human history and include The emergence of early human communities The development of agricultural societies The emergence of civilizations Global exchange among peoples The development of industry Global demographic economical ecological social and cultural changes Also included are two full length model tests with answer explanations for all questions plus one more practice test online

**The Non-Western World** Pradyumna P. Karan, 2004-12-30 Through a cross cultural and multi disciplinary approach this introductory textbook focuses on critical issues of development environment and cultural conflicts facing most area of the non Western world Areas covered include China Japan Southeast Asia the Indian subcontinent the Middle East and sub Saharan Africa

Gender in Modern East Asia Barbara Molony, 2018-05-04 Gender in Modern East Asia explores the history of women and gender in China Korea and Japan from the seventeenth century to the present This unique volume treats the three countries separately within each time period while also placing them in global and regional contexts Its transnational and integrated approach connects the cultural economic and social developments in East Asia to what is happening across the wider world The text focuses specifically on the dynamic histories of sexuality gender ideology discourse and legal construction marriage and the family and the gendering of work society culture and power Important themes and topics woven through the text include Confucianism writing and language the role of the state in gender construction nationalism sexuality and prostitution New Women and Modern Girls feminisms comfort women and imperialism Accessibly written and comprehensive Gender in Modern East Asia is a much needed contribution to the study of the region

Deforesting the Earth Michael Williams, 2010-05-15 Anyone who doubts the power of history to inform the present should read this closely argued and sweeping survey This is rich timely and sobering historical fare written in a measured non sensationalist style by a master of his craft One only hopes almost certainly vainly that today s policymakers take its lessons to heart Brian Fagan Los Angeles Times Published in 2002 Deforesting the Earth was a landmark study of the history and geography of deforestation Now available as an abridgment this edition retains the breadth of the original while rendering its arguments accessible to a general readership Deforestation the thinning changing and wholesale clearing of forests for fuel shelter and agriculture is among the most important ways humans have transformed the environment Surveying ten thousand years to trace human induced deforestation s effect on economies societies and landscapes around the world Deforesting the Earth is the preeminent history of this process and its consequences Beginning with the return of the forests after the ice age to Europe North America and the tropics Michael Williams traces the impact of human set fires for gathering and hunting land clearing

for agriculture and other activities from the Paleolithic age through the classical world and the medieval period He then focuses on forest clearing both within Europe and by European imperialists and industrialists abroad from the 1500s to the early 1900s in such places as the New World India and Latin America and considers indigenous clearing in India China and Japan Finally he covers the current alarming escalation of deforestation with our ever increasing human population placing a potentially unsupportable burden on the world s forests      *San Francisco Daily Times* ,1907
