**The Rose and the Lotus** Stefano Mercanti, 2009 Raja Rao one of the founding figures of Indian English literature is re examined in this comprehensive study of his fiction which offers a fresh critical investigation into both his short stories and his novels Powerfully contradicting the long held perception of Raja Rao as a mere metaphysical writer and the true bard of quintessential Indianness projected by many critics of the first Commonwealth generation over three decades Stefano Mercanti posits Rao s fiction in terms of its dialogic interaction the partnership between Western and Eastern cultural traditions and demonstrates how it evolves during the course of his oeuvre on both the philosophical and the political level The title The Rose and the Lotus signals the discursive terrain for a multicultural and interwoven evolution among different cultures and points to the need for valuing relations of reciprocity rather than those of domination Far from conveying univocal configurations and nationalistic stereotypes Rao s idea of India is seen as the epicentre of many echoes and dynamic resonances both Western and Eastern through which a distinct blend of Indian and European influences is more clearly unravelled In this new critical re appraisal Mercanti draws on non binary and inter multi disciplinary paradigms thus signalling the complex transformations and multiple negotiations of a polyglot India caught between the cultural twilight of the modern and the traditional The study also offers an invaluable linguistic analysis of Rao s experiment with the English language supplemented by a detailed glossary **Five Decades** D. *Enlightenment - The Total Understanding - The Psychology of the Buddhas* Sri Narayan Sirdesai, 2025-04-02 The author

has done intense research on religion yoga and psychology for the last 40 years which included a thorough study of the teachings of holy books and those of J Krishnamurti Ramana Maharishi Swami Vivekanand Osho Rajneesh Sri Aurobindo Ghosh Paramhansa Yoganand Swami Muktanand George Gurdjieff and other prominent philosophers and masters There are many misconceptions delusions and wrong ideas floating about Enlightenment which mislead a true seeker The author also found out that though many great sages and philosophers have written dozens of books on this subject the matter is scattered not sequential and lacks clarity For a truth seeker it is very difficult to collate all the material and get the right understanding for successfully pursuing the spiritual path Therefore the author has taken the effort in writing this book which details the soul s evolutionary journey from Ignorance to Enlightenment and the spiritual states beyond Enlightenment in a single book This book explains in detail what is meant by Enlightenment attained by Buddha under the Bodhi tree the mutation in the brain involved and the steps to attain it This is the only book available in the world of this kind The book is based on the author s spiritual experiences under the guidance of his Satguru Mahayogi Swami Baldevdasji The author s Kundalini Shakti awakened in his 25th year on 14th January 1988 he got Self Realization in his 28th year and The Total Understanding as expounded in this book in his 49th year in October 2012 An intellectual has only a three dimensional view of life This book presents the Fourth Dimension quantum view of Life which is the Psychology of the Buddhas **The**

**Mystique of Enlightenment** U. G. Krishnamurti,2022-01-04 People call me an enlightened man I detest that term they can t find any other word to describe the way I am functioning At the same time I point out that there is no such thing as enlightenment at all I say that because all my life I ve searched and wanted to be an enlightened man and I discovered that there is no such thing as enlightenment at all and so the question whether a particular person is enlightened or not doesn t arise I don t give a hoot for a sixth century BC Buddha let alone all the other claimants we have in our midst They are a bunch of exploiters thriving on the gullibility of the people There is no power outside of man Man has created God out of fear So the problem is fear and not God **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004

**Enlightenment** Dr.B.N.Ganesh M.D.S,2021-03-14 This book is an inner journey to the self and reveals the true nature It answers to your all miseries happening in your life This book concludes that because of ignorance of knowledge the cause of the sufferings is You and the solution is You This book is the essence of Vedantic teachings like Bhagavad Gita Brahma sutra Major Upanishads Tattva bodha Atma bodha Panchadasee etc Searching for happiness Peace is the main moto for all humans

and none of the materialistic object will gratify for none so still people are searching for it in another and goes on The real happiness and peace are present inside in us but we are searching it outside and this book clears it By Self Enlightenment and Spiritual growth we can attain the highest goal in our Life Salvation or Freedom OM TAT SAT **Annual Report** Sahitya Akademi,2003 A History of Early Vedānta Philosophy Hajime Nakamura,1983 The Book Review ,1998

*Biology Of Enlightenment* Mukunda Rao,2012-07-21 In this book we meet with the modern sage U G Krishnamurti and listen to his penetrating voice describing life and reality as it is What is body and what is mind Is there a soul Is there a beyond a God What is enlightenment Is there a life after death Never before have these questions been tackled with such simplicity candour and clarity In these unpublished early conversations with friends 1967 71 U G discusses in detail his search for the truth and how he underwent radical biological changes in 1967 Preferring to call it the natural state over enlightenment he insists that whatever transformation he has undergone is within the structure of the human body and not in the mind at all It is the natural state of being that sages like the Buddha Jesus and in modern times Sri Ramana stepped into And U G never tires of pointing out that this is the way you stripped of the machinations of thought are also functioning

The Ethics of Sankara and Santideva Warren Lee Todd,2016-03-23 Exploring the philosophical concerns of the nature of self this book draws from two of the most influential Indian masters a kara and ntideva Todd demonstrates that an ethics of altruism is still possible within a metaphysics which assumes there to be no independent self A new ethical model based on the notions of flickering consciousness and constructive altruism is proposed By comparing the metaphysics and ethics of a kara and ntideva Todd shows that the methodologies and aims of these Buddhist and Hindu masters trace remarkably similar cross cutting paths Treating Buddhism and Hinduism with equal respect this book compares and reinterprets the Indian material so as to engage with contemporary Western debates on self and to show that Indian philosophy is indeed a philosophy of dialogue **The Book of Enlightened Masters** Andrew Rawlinson,1997 This is the definitive and complete book about a phenomenon which did not exist a hundred years ago but is now growing rapidly and dramatically changing Western culture the rise of Western mostly American teachers who fill the role of guru or master A few books have appeared on some narrow aspects of this astounding phenomenon this is the first book to survey the entire field Encyclopedic in its scope The Book of Enlightened Masters includes biographical essays on 140 spiritual teachers giving their life stories and an account of their teachings Yet it is also a user friendly introduction with a survey of the teachers and their teachings a historical narrative of how and when the movement developed and an evaluation of the issues raised by it A century ago there were no Western masters no Westerners who were for instance Hindu swamis Zen roshis or Sufi sheikhs Now there are many such teachers with millions of followers Starting from scratch the West has produced its own spiritual teachers in traditions that until recently were utterly alien And in the last quarter century a number of independent teachers have appeared who belong to no single identifiable tradition The Western masters have not merely transplanted the Eastern

spiritual traditions to the West they have transformed these traditions by their distinctively Western approach innovative entrepreneurial and combining elements from previously unconnected Eastern traditions The new teachers are changing Western culture by making available a view of the human condition which is new in the West but very attractive to large and growing numbers of Westerners an approach Dr Rawlinson callsspiritual psychology Spiritual psychology holds that human beings are best understood in terms of consciousness and its modifications that consciousness can be changed by spiritual practice and that there are enlightened masters who have done this and can teach others **Sankara and Shanmata** ,1969
