*Journal California. Legislature*,1859      **Choosing the Best Mattress: An Experiment in Testing Whether Individuals Choose a Bed That Leads to Improved Sleep** Sean O. Hogan,Jack D. Edinger,Gayle S. Bieler,Andrew D. Krystal,2011-08-07 A comfortable mattress is said to be an essential ingredient in a good night s sleep but we have little understanding of the effects of sleep surface on sleep outcomes such as daytime drowsiness or energy Most studies devoted to testing the effects of sleep surface on sleep have been hampered by methodological shortcomings these include having small numbers of subjects and evaluating a narrow array of bedding systems We hypothesized that motion and self reported measures of sleep quality and outcomes would demonstrate that the optimal mattress would differ from person to person We hypothesized that individuals would be able to select one mattress from among several under showroom circumstances that would lead to optimal rest We find that optimal mattress firmness varies among individuals and is reflected at least to a degree by overnight motion When allowed to test mattresses in a typical showroom experience individuals choose a mattress that does not minimize overnight motion and maximize perceived sleep quality This suggests that they may not be receiving the health benefits that come from optimal rest Therefore both manufacturers and sleep scientists could improve sleep outcomes by testing ways to help consumers select a mattress      Shakespeare Unbound René Weis,2013-10-22 At last a key that unlocks the secrets of Shakespeare s life Intimacies with Southampton and Marlowe entanglements in London with the elusive dark lady the probable fathering of an illegitimate son these are among the mysteries of Shakespeare s rich and turbulent life that have proven tantalizingly obscure Despite an avalanche of recent scholarship Ren Weis an acknowledged authority on the Elizabethan period believes the links between the bard s life and the poems and plays have been largely ignored Armed with a wealth of new archival research and his own highly regarded interpretations of the literature the author finds provocative parallels between Shakespeare s early experiences in the bustling market town of Stratford including a dangerous poaching incident and contacts with underground Catholics and the plays Breaking with tradition Weis reveals that it is the plays and poems themselves that contain the richest seam of clues about the details of Shakespeare s personal life at home in Stratford and in the shadowy precincts of theatrical London details of a code unbroken for four hundred years      *Transactions California State Agricultural Society*,1859      **Symptoms of Culture** Marjorie B. Garber,1998 The symptoms of culture are the anxieties that underlie modern life the instability of gender roles the mysteries of female sexuality the enigma of authority the desire for greatness in ourselves and our heroes From concern over fake orgasms to our worries about Great Books reading lists from wanting God on our side at sports contests to wanting Shakespeare on our side whenever we want to sound important we are a walking case of symptoms Whatever the modern illness may be the doctor locates the symptoms in a box of Jello or in Charlotte s marvelous web on the football field or in the bedroom in our great Mr Shakespeare in our classroom or the courtroom or in a sneeze      Historicism, Psychoanalysis, and

Early Modern Culture Carla Mazzio, Douglas Trevor, 2013-10-28 First published in 2000 Did people in early modern Europe have a concept of an inner self Carla Mazzio and Douglas Trevor have brought together an outstanding group of literary cultural and history scholars to answer this intriguing question Through a synthesis of historicism and psychoanalytic criticism the contributors explore the complicated nuanced and often surprising union of history and subjectivity in Europe centuries before psychoanalytic theory Addressing such topics as fetishes and Renaissances the cartographic unconscious and the topographic imaginary these essays move beyond the strict boundaries of historicism and psychoanalysis to carve out new histories of interiority in early modern Europe

**Moniment** Paul Hemenway Altrocchi, MD, 2014-08-21 Most people are completely unaware that the Shakespeare authorship question is the greatest cultural mystery in Western Civilization Few realize that Will Shakspere of Stratford on Avon was an uneducated grain speculator and real estate investor who could not read or write yet he was chosen as the front man for a fraudulent conspiracy perpetrated by Queen Elizabeth s chief counselor Robert Cecil for reasons of monarchial succession greed and power The astonishing power of Conventional Wisdom has kept the ruse going perpetrated by Professors of English who cannot break the tenacious shackles of their guild mythology and thus refuse to believe the reams of authoritative evidence discovered in the past century in favor of Edward de Vere 17th Earl of Oxford as Shakespeare Volume 10 of this anthology series Moniment contains eighteen brilliant compelling articles by highly qualified authorship experts who convincingly reinforce the case for Edward de Vere and annihilate the completely impossible candidacy of the illiterate Stratford Man Judge Philip Howerton Jr BA JD It doesn t take an academically based person to realize that the quarter page of known facts of William Shakspere s life can be mastered by a twelve year old and that all the rest of the stuff that has been written in the attempt to connect his life and the works by Professors Brown Chambers Chute Rowse Schoenbaum et al ad nauseam is and always has been as Vladimir Nabokov once put it in another context thirty two percent nonsense and fifty of neutral padding Scottish Author Josephine Tey called it tonypandy a nonsensical untrue story grown to legend and accepted by the public in the face of all evidence to the contrary Michael H Hart Ph D in Astrophysics Princeton Author of The 100 A Ranking of the Most Influential Persons in History I made a serious error in the first edition when without carefully checking the facts I simply followed the crowd and accepted the Stratford man as the author of the Shakespeare plays Since then I have carefully examined the arguments on both sides of the question and have concluded that the weight of the evidence is heavily against the Stratford man and in favor of de Vere

*Allusions in Ulysses* Weldon Thornton, 1968 This comprehensive list of allusions found in James Joyce s modern classic Ulysses is in itself a classic and is a feat of literary scholarship of unprecedented magnitude In brief this book is a copiously annotated list of Joyce s allusions in such areas as literature philosophy theology history and the fine arts So awesome an undertaking would not have been possible without the prior work of such persons as Stuart Gilbert Joseph Prescott William York Tindall M J C Hodgart Mabel Worthington and many others But the present list is more than a

compilation of previously discovered allusions for it contains many allusions that have never been suggested before as well as some that have only been partially or mistakenly identified in earlier publications In preparing this work the author has kept its usefulness to the reader foremost in mind He often refreshed the reader's memory in concerning the context of an allusion since its context in one sense or another is always the guide to its function in the novel The entire list is fully cross referenced and keyed by page and line to both the old and new Modern Library editions of Ulysses In addition the index is prepared in such a way that it indexes not only the List but also the novel itself The purpose of allusion in a literary work is essentially the same as that of all other types of metaphor the development and revelation of character structure and theme and when skillfully used it does all of these simultaneously Joyce's use of allusion is distinguished from that of other authors not by its purposes but by its extent and thoroughness Ulysses involves dozens of allusive contexts all continually intersecting modifying and qualifying one another Here again Joyce's uniqueness and complexity lie not in his themes or characters nor in his basic methods of developing them but in his accepting the challenge of an Olympian use of his chosen methods The value of this volume to Joyce scholars and students is obvious however its usefulness to anyone who reads Ulysses is as great if not greater It can truly be the key to this difficult but rewarding novel     Profiling Shakespeare Marjorie Garber, 2008-03-25

The title of this collection Profiling Shakespeare is meant strongly in its double sense These essays show the outline of a Shakespeare rather different from the man sought by biographers from his time to our own They also show the effects the ephemera the clues and cues welcome and unwelcome out of which Shakespeare's admirers and dedicated scholars have pieced together a vision of the playwright whether as sage psychologist lover theatrical entrepreneur or moral authority This collection brings together classic pieces hard to find chapters and two new essays Here Garber has produced a book at once serious and highly readable ranging broadly across time periods early modern to postmodern and touching upon both high and popular culture Contents Preface 1 Shakespeare's Ghost Writers 2 Hamlet Giving Up the Ghost 3 Macbeth The Male Medusa 4 Shakespeare as Fetish 5 Character Assassination 6 Out of Joint 7 Roman Numerals 8 Second Best Bed 9 Shakespeare's Dogs 10 Shakespeare's Laundry List 11 Shakespeare's Faces 12 MacGuffin Shakespeare 13 Fatal Cleopatra 14 What Did Shakespeare Invent 15 Bartlett's Familiar Shakespeare     Shakespeare and Biography Katherine
