SECOND SHADOW

Weapon (dagger), uncommon

The hidden blade cuts deepest. This ceremonial wakizashi features a beautiful floral tsuba with red and gold accents. You have a +1 bonus to attack and damage rolls made with this magic weapon.

Shadow Strike. The first time you hit a creature with another melee weapon on your turn, you can make an attack against the same target with this weapon as part of the same attack.

A samurai never leaves themselves unprepared; to that end it behooves oneself to keep a second blade on hand in any situation. Short but deadly, a wakizashi complements its contemporary katana, and together can be used to deliver a flurry of lacerations to any would-be attackers.
