abstract of british historical statistics B. R. Mitchell, **Second Abstract of British Historical Statistics** Brian R. Mitchell, H. G. Jones, 1971 **Second Abstract of British Historical Statistics** B. R. Mitchell, H. G. Jones, 1971-04-02

The European Population, 1850-1945 F. Rothenbacher, 2017-02-10 The European Population 1850 1945 is the first volume of two on demographics The second volume will appear as part of the Societies of Europe series in 2003 and will cover changes until the year 2000 The European Population 1850 1945 is a comparative and historical data handbook and accompanying CD ROM presenting series data on demographic developments population and household structures for the countries of Western and Central Europe All major fields of demographic change are covered fertility mortality marriage and divorce Population figures are given for each population census by sex civil status and age Major demographic developments within the family are described providing a commentary on the main population structures and trends in Europe since the 19th century **Statistical Sources for Social Research on Western Europe 1945-1995** Franz

Rothenbacher, 2013-11-11 The intention of this book is to give a picture of the complex material that has been published in the field of social and economic statistics in Western Europe Although there are many guides bibliographies and reference books on special topics of this broad theme a general overview has been missing With this book I hope to fill this gap The frame of reference is a scientific one enabling and facilitating comparative social research on Western Europe In some respect this book enlarges and updates the bibliography written by Peter Flora Quantitative Historical Sociology published in Current Sociology in 1975 In principle this guide is an annotated bibliography of the most important printed material in the field of official statistics The legitimacy of such an approach lies in the fact that even today printed statistics are the most important form of dissemination of statistical results although microcomputers CD ROMs and the Internet have changed this situation In any case a special section on statistical databases is included for every country describing the main databases of the statistical offices Furthermore the Internet address of each international or national statistical institute is provided in the introductory paragraph This enables the reader to get fast access to online databases and supplementary online information on statistics via the Internet **British Monetary Policy 1924-1931** D.
