Peace Mikkel Vedby Rasmussen,2003-12-09 The West Civil Society and the Construction of Peace describes how the
 challenges of peacemaking following the First and Second World Wars defined the West In turn the difficulties in applying
 the Western recipe for peace to the new security challenges of a globalizing world is threatening to destroy the international
 community Mikkel Vedby Rasmussen explains how the values of civil society have held the West together and concludes that
 the democratic peace is not a law but a recipe for security **The British Empire and the Second World War** Ashley
 Jackson,2006-03-09 In 1939 Hitler went to war not just with Great Britain he also went to war with the whole of the British
 Empire the greatest empire that there had ever been In the years since 1945 that empire has disappeared and the crucial
 fact that the British Empire fought together as a whole during the war has been forgotten All the parts of the empire joined
 the struggle and were involved in it from the beginning undergoing huge changes and sometimes suffering great losses as a
 result The war in the desert the defence of Malta and the Malayan campaign and the contribution of the empire as a whole in
 terms of supplies communications and troops all reflect the strategic importance of Britain s imperial status Men and women
 not only from Australia New Zealand and India but from many parts of Africa and the Middle East all played their part
 Winston Churchill saw the war throughout in imperial terms The British Empire and the Second World War emphasises a
 central fact about the Second World War that is often forgotten The Origins of the First World War Annika
 Mombauer,2013-12-02 The seminal event of the 20th century the origins of the First World War have always been difficult to
 establish and have aroused deep controversy Annika Mombauer tracks the impassioned debates as they developed at critical
 points through the twentieth century The book focuses on the controversy itself rather than the specific events leading up to
 the war Emotive and emotional from the very beginning of the conflict the debate and the passions aroused in response to
 such issues as the war guilt paragraph of the treaty of Versailles are set in the context of the times in which they were
 proposed Similarly the argument has been fuelled by concerns over the sacrifices that were made and the casualties that
 were suffered Were they really justified
