Secondary Education A Focus On Curriculum:

Secondary Education Judy Reinhartz, Don M. Beach, 1992-01 *Curricula, Examinations, and Assessment in Secondary Education in Sub-Saharan Africa* World Bank, 2008-02-15 Economic and social changes fast evolution of technology and the growing importance of Internet services and international communications all these require secondary education providers to adapt what is taught and learned in schools However in Africa the content of secondary curricula is in most cases ill adapted to 21st century challenges where young people are mobile have access to more and instant information and face health threats such as HIV AIDS In addition implementation problems exist and the time for instruction is often much less than what is required by the prescribed secondary curriculum In Africa there is a need to develop a secondary education curriculum adapted to the local economic and social environment but with international comparable performance indicators This study analyzes that challenge the quality of curricula and assessment and their development processes in secondary education in Africa against the background of existing contexts conditions and ambitions on the one hand and current pedagogical thinking on the other This World Bank Working Paper was prepared as part of the Secondary Education and Training in Africa SEIA initiative which aims to assist countries to develop sustainable strategies for expansion and quality improvements in secondary education and training **Secondary Education in Ethiopia** Rajendra Joshi, Adriaan Verspoor, 2012-11-01

This book discusses reforms that should be undertaken in secondary education to support Ethiopia's transition from a low to middle income economy The most critical reform identified is the introduction of a flexible curriculum that serves the needs of all students including those who may not pursue higher education *Focus on Secondary Education* E. Dale Davis, 1966

Sociology of Education James Ainsworth, 2013-04-11 The sociology of education is a rich interdisciplinary field that studies schools as their own social world as well as their place within the larger society The field draws contributions from education sociology human development family studies economics politics and public policy *Sociology of Education An A to Z Guide* introduces students to the social constructions of our educational systems and their many players including students and their peers teachers parents the broader community politicians and policy makers The roles of schools the social processes governing schooling and impacts on society are all critically explored Despite an abundance of textbooks and specialized monographs there are few up to date reference works in this area *Features Benefits* 335 signed entries fill 2 volumes in print and electronic formats providing the most comprehensive reference resource available on this topic *Cross References and Suggestions for Further Reading* guide readers to additional resources *A thematic Reader's Guide* groups related articles by broad topic areas as one handy search feature on the e Reference platform which also includes a comprehensive index of search terms facilitating ease of use by both on campus students and distance learners *A Chronology* provides students with historical perspective on the sociology of education **Focus on the Future** Nancy Perry, 2005
