So You Think You're A Christian? Anthony "Phil" Philip,2025-08-08 Having been raised Catholic all my life I knew that something was missing about my belief This may have been a blessing in disguise Of those who I have come to know in the past decade or so who have been raised on the Bible most have a harder time facing the truth due to the depth of their indoctrination The Christian faith has been infiltrated and corrupted By whom and how

and when will be covered It may shock or even enrage you depending on the depth of your faith Our feelings need not apply This is about truth not feelings The truth is my only goal FOREVER IS A LONG TIME *Three Simple Words* John Odom,2020-10-13 This book is an attempt to examine the similarities between science and religion instead of focusing on the perceived differences It attempts to demonstrate the similarities by looking at common goals and challenging the dogmatic positions on both sides by concentrating on what the author considers to be reasonable possibilities considering where we are in history It is intentionally brief in an attempt to keep it interesting and entertaining while challenging the readers to open their minds to the possibilities presented It also includes episodes from the author s personal experience where he has seen the possibilities presented at work in his own life and feels many of the readers will recognize those feelings as well Life can seem very complicated yet the author contends the basic foundation for living a contended life can be summed up in Three Simple Words *Bible Review* ,1997
