**Mainline Christianity** Jason S Lantzer,2023-11-21 Since the Revolutionary War Mainline Christianity has been comprised of the Seven Sisters of American Protestantism the Congregational Church the Episcopal Church the Evangelical Lutheran Church the Presbyterian Church the United Methodist Church the American Baptist Convention and the Disciples of Christ These denominations have been the dominant cultural representatives since the nineteenth century of how and where the majority of American Christians worship Today however the Seven Sisters no longer represent most American Christians The Mainline has been shrinking while evangelical and fundamentalist churches as well as non denominational congregations and mega churches have been attracting more

and more members In this comprehensive and accessible book Jason S Lantzer chronicles the rise and fall of the Seven Sisters documenting the ways in which they stopped shaping American culture and began to be shaped by it After reviewing and critiquing the standard decline narrative of the Mainline he argues for a reconceptualization of the Mainline for the twenty first century a new grouping of Seven Sisters that seeks to recognize the vibrancy of American Christianity The Forgotten Giant of Bletchley Park Harold Liberty,2022-07-20 In recent years the work of the Bletchley Park codebreakers has caught the public s imagination with books and films While men such as Alan Turing and Dilly Knox have been recognized Brigadier John Tiltman has been hardly mentioned This overdue biography reveals that The Brig as he was known played a key role After distinguished Great War military service he established himself as a skilled codebreaker between the Wars monitoring Russian and other unfriendly powers messages During World War Two he was regarded as the most versatile of cryptographers cracking a range of codes including Japanese ones He made the first breakthrough against the German High Command Lorenz system and what he found led to the creation of machines including Colossus the first recognisable computer His lack of recognition may be down to his apparent lack of association with Enigma but in truth he was closely involved at the start In addition to his cryptological brilliance The Brig was a gifted communicator and team builder whose character combined charm intelligence determination and common sense He was key to building the special relationship with our American partners both during and after the war Harold Liberty s biography shines light on a man whose contribution was essential to Britain s survival and triumph in the Second World War **Cryptographic City** Richard Coyne,2023-05-16 Cryptography s essential role in the functioning of the city viewed against the backdrop of modern digital life Cryptography is not new to the city in fact it is essential to its functioning For as long as cities have existed communications have circulated often in full sight but with their messages hidden In **Cryptographic City** Richard Coyne explains how cryptography runs deep within the structure of the city He shows the extent to which cities are built on secrets their foundations now reinforced by digital encryption and cryptocurrency platforms He also uses cryptography as a lens through which to inspect smart cities and what they deliver Coyne sets his investigation into the cryptographic city against the backdrop of the technologies claims and challenges of the smart city Cryptography provides the means by which communications within and between citizens and devices are kept secure Coyne shows how all of the smart city innovations from smart toasters to public transportation networks are enabled by secure financial transactions data flows media streaming and communications made possible by encryption Without encryption he says communications between people and digital devices would be exposed for anyone to see hack and misdirect He explains the relevant technicalities of cryptography and describes the practical difference it makes to frame cities as cryptographic Interwoven throughout the book are autobiographical anecdotes insights from Coyne s teaching practice and historical reports making it accessible to the general reader *Conspiracy Films* Barna William Donovan,2014-01-10 For many years conspiracy theories have been among the

most popular story elements in Hollywood films According to the conspiracy culture Government Big Business the Church even aliens all of which bundled together comprise the ubiquitous Them are concealing some of the biggest secrets in American and world history From The Manchurian Candidate 1962 to JFK 1991 The Matrix 1999 to The Da Vinci Code 2006 this decade by decade history explores our fascination with paranoia The work paints a vivid picture of several of the more prevalent conspiracy theories and the entertainment they have inspired not only in theatrical films but also in such television series as The X Files Lost and V      *The Underground Church* Kathleen Kautzer, 2012-03-02 Since the 1970s liberal American Catholics have sustained a Reform Movement to counteract the conservative drift of the Vatican and to preserve and expand on the reforms of Vatican II This book draws on a range of theory to analyze and interpret this movement which is intent on creating a model of church that examples Vatican II's open receptive attitude toward the modern world In response to backlash from church officials the movement has increasingly abandoned effort to reform Roman Catholicism from within and has moved in a sectarian direction by creating independent worship communities The movement faces a precarious future due to its rapidly aging membership and the unstable nature of its newly formed communities
