Secret Societies And The Founding Of America:

The Secret Founding of America Nicholas Hagger,2016-11-15 The widely accepted story of the founding of America is that The Mayflower delivered the first settlers from Plymouth to the New World in 1620 Yet in reality the Jamestown settlers had already become the first English speaking outpost thirteen years earlier in 1607 The Secret Founding of America introduces these two groups of founders the Planting Fathers who established the earliest settlements along essentially Christian lines and the Founding Fathers who unified the colonies with the Declaration of Independence and the Constitution and it argues that the new nation conceived in liberty was the Freemasons first step towards a new world order Drawing on original findings and an in depth understanding of the political and philosophical realities of the time historian Nicholas Hagger charts the connections between Gosnold and Smith Templars and Jacobites and secret societies and libertarian ideals He also explains how the influence of German Illuminati worked on the constructors of the new republic and shows the hand of Freemasonry at work at every turning point in America s history from Civil War to today s global struggles for democracy

Secret Societies and the Founding of America K. C. Willson,2003-01 What is the secret destiny of America and who will be its ultimate one world ruler This book answers the shocking question What did our nation s founders really have in mind for the future of America Did they really picture this country as the Land of the Free or did they have a secret agenda in mind that would establish a New World Order for 1000 years to come Unknown to most Americans there is a secret symbolism behind the Great Seal on the back of our dollar bill as well as the true meaning of the eagle the winged serpent and the olive branch The New World Order did not begin with George Bush Senior but has its roots thousands of years ago in the secret societies of Egypt and the Middle East having been implemented by those Illuminated Ones who felt they were born with a God given right to rule and control the masses for the good of the world This book is for every conspiracy buff who sees a hidden meaning to world events and understands the true nature of the beast the New World Order and the

A Secret Society History of the Civil War Mark A. Lause, 2011-12-01 This unique history of the Civil War considers the impact of nineteenth century American secret societies on the path to as well as the course of the war Beginning with the European secret societies that laid the groundwork for Freemasonry in the United States Mark A Lause analyzes how the Old World's traditions influenced various underground groups and movements in America particularly George Lippard's Brotherhood of the Union an American attempt to replicate the political secret societies that influenced the European revolutions of 1848 Lause traces the Brotherhood's various manifestations the most conspicuous being the Knights of the Golden Circle out of which developed the Ku Klux Klan and the Confederate secret groups through which John Wilkes Booth and others attempted to undermine the Union Lause profiles the key leaders of these organizations with special focus on George Lippard Hugh Forbes and George Washington Lafayette Bickley Antebellum secret societies ranged politically from those with progressive or even revolutionary agendas to those that pursued conservative or oppressive goals This book shows how in the years leading up to the Civil War these clandestine organizations exacerbated existing sectional tensions in the United States Lause's research indicates that the pervasive influence of secret societies may have played a part in key events such as the Freesoil movement the beginning of the Republican party John Brown's raid on Harpers Ferry Lincoln's

election and the Southern secession process of 1860-1861. This exceptional study encompasses both white and African American secret society involvement, revealing the black fraternal experience in antebellum America as well as the clandestine operations that provided assistance to escaped slaves via the Underground Railroad. Unraveling these pervasive and extensive networks of power and influence, *A Secret Society History of the Civil War* demonstrates that antebellum secret societies played a greater role in affecting Civil War era politics than has been previously acknowledged. *Secret Societies* Michael Howard, 2007-12-05. An overview of how esoteric brotherhoods have shaped history. Examines the secret chronology and clandestine causes of seminal world events. Shows how secret societies feed into one another and how they have worked together. For thousands of years, secret societies, guardians of ancient esoteric wisdom, have exercised a strong and often crucial influence on the destiny of nations. Though largely ignored by orthodox historians, the Freemasons, Knights Templar, and Rosicrucians affected the course of the French and American Revolutions as well as the overthrow of the medieval feudal order. Inevitably, the true ideals and esoteric practices of these societies have at times been perverted by self-serving individuals. The Nazis and the Bolsheviks, British security forces, the founding fathers of America, and the Vatican have all justified their actions for good or for ill by claiming the mystic ideals of secret societies. Michael Howard explores these connections, tracing their effects in politics and statecraft from the time of ancient Egypt up to the present. He sheds light on the influence of secret societies on governments and in the lives of many well-known figures, including Frederick the Great, John Dee, Francis Bacon, Benjamin Franklin, Comte de Cagliostro, Helena Blavatsky, Rasputin, and Woodrow Wilson. He contends that the recent formation of the European Union was directed by an umbrella group of secret societies and reveals that though secret societies have been persecuted throughout history, they have survived and continue to operate powerfully in world affairs today. *New England and the Bavarian Illuminati* Vernon Stauffer, 2019-11-25. In *New England and the Bavarian Illuminati*, Vernon Stauffer meticulously explores the intersections between the social and intellectual landscapes of New England and the enigmatic Bavarian Illuminati. Stauffer employs a scholarly tone, rich with primary and secondary sources, presenting a nuanced narrative that delves into the ideological currents of the late 18th century. The book examines how Enlightenment thought and secret societies influenced the political and religious fabric of New England, making it a compelling work for those interested in the intersection of ideas and their socio-political ramifications. Vernon Stauffer, an esteemed scholar, was deeply immersed in American history and the philosophical movements of his time. His scholarly pursuits and keen interest in human behavior likely informed this examination of secret societies and their roles in shaping societal norms. Stauffer's academic background is evidenced in his ability to dissect complex theories while maintaining accessibility for a broader audience, reflecting his commitment to exploring historical truths. *New England and the Bavarian Illuminati* is indispensable for historians, sociologists, and anyone interested in the secretive networks that wielded power in the backdrop of American history. Stauffer's insightful analysis invites readers to reconsider the impacts of such
