How to Start a Secret Society Oliver Wolf, 2015-04-06 The concept of secret societies has not only infatuated the wild imagination of children but of adults as well The mystique the thrill that it provides of being a part of something that no one else knows about the sense of circumventing the establishment and the normal world around you who could pass up that kind of rush Every secret society started somewhere with a group of unknowns who eventually managed famous deeds or were made famous by the deeds of their successors which escalated the total brand value of their society The point is you don t need to be another George Washington to head your own secret society Ever heard of John Heath No Well he s the fellow who started the American Greek student system in 1776 because he failed admission into the two existing Latin fraternities at his college Today the result is not only a thriving and flourishing system but it counts as the pinnacle of US collegiate social life for most students and provides a valuable network of alumni including ex Presidents Senators Fortune 500 CEOs and many other notables among its ranks But beyond their potential future impacts secret societies are fun And they re so incredibly easy to start it s a surprise there aren t hundreds of them Oh wait maybe there are I guess we ll never know since we can t count them if they re secret Are you eager to create your own secret society or club This book has all the information you ll need to get started The first rule you need to know is Respect the secret part of secret society and don t discuss any details with your boyfriend s best friend s uncle s girlfriend s cousin just to show off how clever you are Now that we ve got that out of the way continue reading and you ll have your secret society up and running in no time
