

THE SILENT REBELLION

A sepia-toned, misty landscape. In the foreground, a small, dark boat is partially visible on the left. The middle ground is filled with several tall, bare trees with intricate branch structures. The background is a soft, hazy expanse of water or a distant shore, with some faint lights visible through the mist. The overall atmosphere is quiet and somewhat somber.

Farjeon,2017-03-09 **Dead Secrets** Tamar Heller,1992-01-01 Readers have long been enthralled by the novels of Wilkie Collins whose *The Moonstone* is considered the first modern detective novel This book by Tamar Heller places Collins within Victorian literary history showing how his fiction transforms the conventions of the traditionally female genre of the Gothic novel and can be read as a critique of the gender and class distinctions that structured Victorian society *A Secret Inheritance* Benjamin Leopold Farjeon,1887 My earliest distinct remembrances are of a mean and common home in London in which I lived with my parents and a servant named Fortress She was a young woman her age being twenty four or five but her manners were as sedate as those of a matron who had a distaste for frivolity and tittle tattle She performed her duties quietly and in silence and seldom spoke unless she were first addressed She did not take the trouble to render herself agreeable to me or to win my affection This was entirely to my liking as I was of a retired habit of mind and disposition It was

not unusual for weeks to pass without our exchanging a word *THE MURDER OF ALEXANDER THE GREAT, BOOK 2: THE SECRET WAR* Ajith Kumar, 2019-12-15 Seventy two stunning findings about Alexander the Great and the assassin of Alexander the Great is finally identified Who killed Alexander the Great After over two thousand years of speculation the assassin of Alexander is finally identified To verify the truth this historical narrative searches through a mass of conflicting records including Indian and Greek classical texts By assimilating new information from multiple sources Ajith Kumar stitches together this scattered history with 72 pieces of fresh evidence to solve the perplexing murder mystery Alexander's destiny it seems was determined the moment he stepped into Taxila in India in 326 BC as he was helplessly trapped in a different world where an invisible enemy was leading a secret war against him The Arthashastra of Chanakya an epic treatise on statecraft and warfare presents the multiple strategies of the secret war which diverted and decimated the Greek army and killed its supreme commander In The Murder of Alexander the Great Book 2 The Secret war Ajith Kumar presents a new version of ancient history that still remains hidden in ancient Indian texts The puzzling mystery behind Alexander's premature death is documented in Chanakya's Arthashastra a military manual of ancient India which reveals devastating effects of the Secret War strategy employed by the Indians during the Greek invasion in 326 BC The exotic weapon that killed Alexander is named as the Destroyer of time in the Arthashastra a military manual and the Sanskrit Puranas The Puranas also hold untold chapters of hidden history which reveal how the Indians decisively destroyed the worldwide empire of Alexander the Great and changed the world for ever The two millennium old murder mystery takes us back in time to the farthest corners of the primitive world only to end in a stunning climax that lays bare the elusive assassin of Alexander
