**Affirmative Action** A. M. Babkina, 2004 This guide to the literature presents 451 descriptions of books reports and articles dealing with all aspects of affirmative action including Race relations Economic aspects Reverse discrimination Preferences Affirmative Action programs Public opinion Court decisions Education and many more Complete author and subject indexes are provided      *Affirmative Action is Dead* Faye J. Crosby, 2004-01-01 This book answers this important question It examines explanations put forth by social scientists finding various degrees of truth in most of them Some situate the problem in the policy itself suggesting that affirmative action functions as a governmentally sanctioned form of reverse racism or sexism or that it is ineffective or socially disruptive Such explanations may sound plausible but they are incorrect Other explanations locate the problem in the people who react to the policy citing studies that document the links between ignorance prejudice and opposition to affirmative action Yet even well informed egalitarian people sometimes oppose affirmative action      **PHR / SPHR Professional in Human Resources Certification Study Guide** Sandra M.
