Just glanced through your book which displays an enormous amount of research and chess erudition. Looking forward to some enjoyable reading. The late Larry Evans, U.S. grandmaster, author, journalist and five time U.S. Chess Champion, it's definitely unique in its verbal approach which is particularly useful, especially to adults learning the game. Jennifer Shahade, author, journalist, two time U.S. Women's Chess Champion and FIDE Woman Grandmaster *The Italian Gambit (and) A Guiding Repertoire For White - E4!* George Laven, 2003-12-16 New ideas, technical novelties and more on the age old Italian game with 4 d4 allowing the sharp and forcing Italian Gambit to emerge. This move, a surprising one to many, transforms the classic Giouco Piano or literally the quiet game into anything but its revered and somewhat sedate namesake. Black's third move 3 Bc5 seems safe and allows the second player plenty of time to develop quietly for positional play. This will occur on White playing almost any reasonable move except for the center assaulting initiative gaining 4 d4 being the main focus of this endeavor. 4 d4 is clearly a forcing move. Black must react. Whatever unfolds from this point White will have central control, lead in development, the initiative and it is White not Black who will get the first emerging opportunities. Accurate play by

Black is necessary to hold and neutralize the initial gains of opposition and it will be difficult to demonstrate anything better than equality or that White cannot claim real compensation for the gambit pawn This Book involves no less than three 3 years of study Master analysis including complete computer verification of all important variations Volume II This masterful work is short yet concise and to the point guiding the 1 e4 player in handling and management of all of Black s classing opening responses 1 Nf6 Alekhine s 1 e6 French 1 d6 Pirc 1 d5 Scandinavian 1 c6 Caro Kann 1 c5 Sicilian 1 Nc6 Nimzowitsch These lines have been studied and developed over many years by the venerable Chess Master and teacher Jude Acers they are the essential and recommended lines for all play that commences 1 e4 but are especially effective for the new limited time controls in present and future tournament play All levels whether they be the first or second side of the board will discover fresh arsenals for both attack and defense As White once you embrace and you will these to the point openings this book will take you via clear reference to the sources of future study As Black you must be prepared The reader will not be overwhelmed by masses of theory or endless analytical variations but shall discover how and where to find such material A clear opening guide for the newer player A no nonsense opening system for the more advanced player New concepts for the Upper Echelon of chess to meet the coming evolution of Knockout and less time in serious tournament play STAY ON TOP become a world super star in the global phenomena of mass appeal Author Jude Acers For more information please visit www.italiangambit.com There is brand new theory and some re discoveries of old forgtten games and ideas This is a very rich book The Miami Variation 1 e4 e5 2 Nf3 Nc6 3 Bc4 Bc5 4 d4 Bxd4 5 Nxd4 Nxd4 6 Be3 6 0 0 Nf6 could transpose to Koltanowski s line was the brainchild of amateur George Laven Review by FIDE Master Allan Savage SQUARES Magazine Fall issue 2003 FOREWORD by NM Randy Bauer To read Jeremy Silman s review of this book please visit www.jeremysilman.com *The Chess Battles of Hastings* Jürgen Brustkern, Norbert Walle, 2022-11-05 No other chess tournament has such a long and rich history as the annual gathering in between the years at the English seaside resort of Hastings Countless chess players professionals and amateurs alike have celebrated Christmas and welcomed the New Year in Hastings while battling it out on the chessboard German FM Jürgen Brustkern has been making the annual pilgrimage to Hasting ever since 1977 Together with his compatriot Norbert Walle he describes the tournament s fascinating history and portrays forty of the most colourful participants The stories begin in 1895 when the young American Harry Pillsbury shocked the European chess elite with his victory and they span 125 years In this book you will meet the strongest female players of all time Vera Menchik Nona Gaprindashvili and Judit Polgar You will get to know the mysterious Sultan Khan and the unorthodox Michael Basman and enjoy anecdotes about Mikhail Tal Viktor Kortchnoi and his rival Anatoly Karpov How many World Champions came to Hastings How expensive was the Golden Knight trophy that Lajos Portisch won What was the effect of the British Chess Explosion This collection of games and stories is enjoyed best in the dark days between Christmas and New Year s Eve after a stroll on the beach immersed in the spirit of Hastings Should I trade my Romantic style for the modern way and only hunt
