Milward and Contemporary European History** Fernando Guirao, Frances M.B. Lynch, 2015-10-14 Alan S Milward was a renowned historian of contemporary Europe In addition to his books as well as articles and chapters in edited books he also wrote nearly 250 book reviews and review articles some in French and German which were published in journals world wide Taken together they reveal a remarkable degree of theoretical consistency in his approach to understanding the history of Europe since the French Revolution This book brings together these previously unexamined pieces of historical analysis in order to trace and shed light on key intellectual debates taking place in the second half of the 20th century Many of these discussions continue to influence us today such as the role of Germany in Europe the economic social and political foundations of European integration the European rescue of the nation state the reasons for launching the single currency the conditions for retaining the allegiance of European citizens to the notions of nation and supra nation and ultimately the issue of democratic governance in a global environment In bringing together these reviews and review articles the book provides an introduction to the main scholarly achievements of Milward

in his own words Fernando Guirao and Frances M B Lynch provide an introduction to the volume which both guides the reader through many of the academic debates embedded within the text while underlining their contemporary relevance By introducing and bringing together this hitherto overlooked treasure trove of historical analysis this book maps a close itinerary of some of the most salient intellectual debates of the second half of the 20th century and beyond This unique volume will be of great interest to scholars of economic history European history and historiography *Genocide on Trial* Donald Bloxham,2001 When the Allies decided to try German war criminals at the end of World War II they were attempting not only to punish the guilty but also to create a record of what had happened in Europe This ground breaking new study shows how Britain and the United States went about inscribing the history of Nazi Germany and the effect their trial and occupation policies had on both long and short term memory in Germany and Britain Donald Bloxham here examines the actions and trials of German soldiers and policemen the use of legal evidence the refractory functions of the courtroom and Allied political and cultural preconceptions of both Germanism and of German criminality His evidence shows conclusively that the trials were a failure the greatest of all crimes against humanity the final solution of the Jewish question was largely written out of history in the post war era and the trials failed to transmit the breadth of German criminality Finally with reference to the historiography of the Holocaust *Genocide on Trial* illuminates the function of the trials in perpetuating misleading generalizations about the course of the Holocaust and the nature of Nazism **Research Handbook on the International Penal System** Róisín Mulgrew,Denis Abels,2016-05-27 Drawing on the expertise and experience of contributors from a wide range of academic professional and judicial backgrounds the *Research Handbook on the International Penal System* critically analyses the laws policies and practices that govern detention punishment and the enforcement of sentences in the international criminal justice context Comprehensive and innovative it examines the operation of the international penal system covering pertinent issues such as non custodial sanctions monitoring of conditions of detention the protection of prisoners under international law and the transfer of prisoners These aspects are presented in a logical order linking up with the chronological sequence of the international criminal justice process Far reaching this Handbook also explores broader normative questions related to contemporary human rights law transitional and restorative justice and victim redress before exploring contemporary and alternative mechanisms for punishing and overseeing punishment and possible avenues for development This up to date assessment will provide valuable insights for researchers and students of international criminal law and justice comparative penal law penology prisoners rights and transitional and restorative justice Its recommendations for development will also interest international and national officials working in criminal law and justice Contributors D Abels K Ambos O Bekou S D Ascoli T A Doherty M A Drumbl S A Fisher B Hol A Jones N Kiefer C McCarthy L McGregor R Mulgrew J C Nemitz M M Penrose G Sluiter S Snacken A Trotter H van der Wilt J van Wijk D van Zyl Smit R Young *Bibliography On Holocaust Literature* Abraham J Edelheit,2021-11-28 In this
