Long Light Of Dawn:

The Long Light of Dawn John Farris, 1962 **Westviking** Farley Mowat, 2024-09-28 Step into the world of sagas longships and enigmatic Norse explorers with Farley Mowat's captivating historical account *Westviking* The Viking sagas speak of a land called Vinland a place of abundant resources and possibilities Nearly a thousand years after the events those tales describe Farley Mowat sets out to decipher these ancient accounts and trace their path along the rugged coastlines of the North Atlantic In this celebrated classic first published in 1965 Mowat's immersive storytelling brings Viking culture to life as he tells the story of Viking settlement in Vinland now thought to include areas of Newfoundland and New Brunswick five hundred years before Christopher Columbus and John Cabot With the vivid prose that made him a bestselling author and beloved storyteller Mowat follows the stories of Norsemen like Erik the Red Leif Erikson Bjarni Herjolfsson and Thorfinn Karlsefni unravelling their struggles and triumphs as they set sail for the uncharted waters of the New World then face the challenges of a new and unfamiliar land Meticulously researched and grippingly told Mowat infuses his own adventurous spirit into the little known story of the Viking culture that once took hold on the edges of North America **The Darkened Light of Faith** Melvin L. Rogers, 2025-01-28 A powerful new account of what a group of nineteenth and twentieth century African American activists intellectuals and artists can teach us about democracy Could the African American political tradition save American democracy African Americans have had every reason to reject America's democratic experiment Yet African American activists intellectuals and artists who have sought to transform the United States into a racially just society have put forward some of the most original and powerful ideas about how to make America live up to its democratic ideals In *The Darkened Light of Faith* Melvin Rogers provides a bold new account of African American political thought through the works and lives of individuals who built this vital tradition a tradition that is urgently needed today The book reexamines how figures as diverse as David Walker Frederick Douglass Anna Julia Cooper Ida B Wells W E B Du Bois Billie Holiday and James Baldwin thought about the politics people character and culture of a society that so often dominated them Sharing a light of faith darkened but not extinguished by the tragic legacy of slavery they resisted the conclusion that America would always be committed to white supremacy They believed that democracy is always in the process of becoming and that they could use it to reimagine society But they also saw that achieving racial justice wouldn't absolve us of the darkest features of our shared past and that democracy must be measured by how skillfully we confront a history that will forever remain with us An ambitious account of the profound ways African Americans have reimagined democracy *The Darkened Light of Faith* offers invaluable lessons about how to grapple with racial injustice and make democracy work *Solariad* Surazeus Astarius, 2017-10-15 *Solariad* of Surazeus Guidance of Solaria presents 114 920 lines of verse in 1 660 poems lyrics ballads sonnets dramatic monologues eulogies hymns and epigrams written by Surazeus 2006 to 2011 **THE LIGHT OF SELF: The Secret of Luminosity in Life, Death, and Beyond** Laing Z. Matthews, 2025-11-09 The Light of Self Awakening the

Inner Radiance of Consciousness By Laing Z Matthews There are books that tell you what to believe and books that teach you how to see The Light of Self belongs to the second kind Written as both revelation and reflection this seminal work explores light as the living essence of consciousness not as symbol or metaphor but as the original condition of existence itself Drawing from Daoist internal alchemy Hermetic cosmology Buddhist clear light meditation and modern physics Laing Z Matthews unveils the luminous continuum between cosmic radiance and human awareness The Structure of Illumination Divided into four movements The Mystery of Light The Anatomy of Luminosity Living in the Light and The Return to Source the book moves from cosmogenesis to embodiment guiding the reader through the physics and metaphysics of awakening Each chapter unfolds as a contemplative rhythm rather than argument blending philosophy neuroscience and sacred poetry into a single act of remembrance that light does not come from the sun or stars but from the awareness that perceives them Key Insights The cosmological birth of light how darkness gives rise to illumination The Daoist anatomy of body breath and spirit as mirrors of Heaven and Earth The heart as the furnace of Dao where energy refines into virtue and compassion The alchemy of emotion sexuality and mortality into radiant consciousness Meditative methods for perceiving the white born of emptiness without leaving the body The final recognition that the light within the reader is the same light that reads these words A New Science of Seeing Like The Tao of Physics The Secret of the Golden Flower and The Radiance Sutras this work dissolves the boundary between mysticism and science Matthews language is both precise and devotional each page a mirror polished to reflect stillness itself The Light of Self can be read linearly or opened at random like scripture its rhythm is its message This is not a book of doctrine but of direct perception an experiment in awareness The Trilogy of Light The Light of Self stands as the first volume in Laing Z Matthews Trilogy of Light followed by The Light of the Worlds and The Womb of Light Together they form a modern cosmology of consciousness light not merely seen but lived *Ancient Egypt Light Of The World 2 Vol set* Gerald Massey, 2013-10-15 First published in 2005 This expansive and fascinating treatment of ancient Egyptian mythology and its influence on the traditions that followed from it includes explorations of sign language in mythological representation totemism fetishism spirits and Gods the Egyptian Book of the Dead and Egyptian wisdom in the Hebrew Genesis Readers will enjoy the wealth of information offered by Massey as well as his clear and readable style

The Future of Art in a Postdigital Age Mel Alexenberg,2011-04-27 In *The Future of Art in a Postdigital Age* artist and educator Mel Alexenberg offers a vision

of a postdigital future that reveals a paradigm shift from the Hellenistic to the Hebraic roots of Western culture. He ventures beyond the digital to explore postdigital perspectives rising from creative encounters among art, science, technology, and human consciousness. The interrelationships between these perspectives demonstrate the confluence between postdigital art and the dynamic Jewish structure of consciousness. Alexenberg's pioneering artwork, a fusion of spiritual and technological realms, exemplifies the theoretical thesis of this investigation into interactive and collaborative forms that imaginatively envisages the vast potential of art in a postdigital future.
