Treating and Preventing Adolescent Mental Health Disorders Dwight L. Evans, Daniel Romer, 2017. This volume reviews the latest information about the treatment and prevention of major mental disorders that emerge during adolescence. It should be a primary resource for both clinicians and researchers with special attention to gaps in our knowledge.

Principle-Based Stepped Care and Brief Psychotherapy for Integrated Care Settings Alexandros Maragakis, William T. O'Donohue, 2018-02-13. This timely volume provides the practitioner with evidence based treatments for many of the clinical problems encountered in integrated care. It applies the core concepts of stepped care to integrating brief mental health interventions as a way to address ongoing problems in the modern healthcare landscape. It sets out in depth the state of the healthcare crisis in terms of costs, staffing and training issues, integration logistics and management, system culture and a variety of clinical considerations. Central to the book is a best practice template for providing behavioral stepped care in medical settings including screening and assessment, levels of intervention and treatment, referrals and collaboration with primary care and other specialties. Using this format, contributors detail specific challenges of and science based interventions for a diverse range of common conditions and issues including Depression, Anxiety disorders, Adherence to chronic obstructive pulmonary disorder management, Alcohol and other substance misuse, Attention deficit hyperactivity disorder, Chronic pain, Neurocognitive disorders, Paraphilias, problematic sexual interests, WU3 Sexual abuse and PTSD in children. A solid roadmap for widescale reform. Principle Based Stepped Care and Brief Psychotherapy for Integrated Care Settings is deeply informative reading for health psychologists, social workers, psychiatrists and clinical psychologists. It also clarifies the research agenda for those seeking improvements in healthcare quality and delivery and patient satisfaction.

Managing Clinical Processes in Health Services Roslyn Sorensen, Rick Iedema, 2008. Managing Clinical Processes is the first book of its kind to address the concept of clinical process management and to integrate the clinical workplace within the corporate organisation for the Australian

health services industry It provides clinicians and managers with an understanding of the demands and expectations of modern health services from a patient consumer and multidisciplinary perspective and how to manage them The text offers an evidence based approach to organising evaluating and revising the processes that constitute a health service based on systematising care processes for specific clinical case types Managing Clinical Processes in Health Services will be invaluable to those integrating and improving systems of clinical process management across the organisation Provided by publisher
