Architectures of Life and Death Andrej Radman, Stavros Kousoulas, 2021-06-17 Driven by the Foucauldian attitude of subsuming architectural history into a genealogy of techne Architectures of Life and Death advances a transdisciplinary approach rethinking subjectivity and exploring the political ramifications of these processes for the discipline of architecture and beyond In contrast to mainstream approaches architecture will not be seen as representative of culture but as the mechanism of culture the collective equipment that rests on the reciprocal determination of social habits and technological habitats In this sense the idea that we shape our environments therefore they shape us is not to be taken as a metaphor The animate has always been utterly dependent on the inanimate A livable habitat is one which the inhabitant actively co evolves with and which does not constitute a ready made condition to which the inhabitant would simply have to passively adapt

Fragment, Image, and Absence in 1960s Japan Ignacio A. Adriasola Muñoz, 2022-11-28 This groundbreaking book examines how the notion of the object was transformed in Japanese experimental art during a time of rapid social economic and environmental change Reviving the legacies of the historical avant garde Japanese artists and intellectuals of the 1960s formulated an aesthetics of disaffection through which they sought to address the stalemate of political and aesthetic representation Ignacio A Adriasola Muñoz draws from psychoanalytic theories of melancholia to examine the implications of such an approach tracing a genealogy of disaffection within modernist discourse By examining the discursive practices of artists working across a wide range of media and through a close analysis of artwork philosophical debates artist theories and critical accounts Adriasola Muñoz shows how negativity became an efficacious means of addressing politics as a source for the creative act of undoing In examining ideas of the object advanced by artists and intellectuals both in writing and as part of their artwork this book brings discussions in critical art history to bear on the study of art in Japan It will be of interest to art historians specializing in modernism the international avant garde Japanese art and the history of photography
