The Year of the Red Door 244 Days Remain That is all The Year of the Red Door has begun and four months have already passed by This is the story of the final days of the Second Age Uncanny things are taking place in the world mysterious powers are stirring and there are signs of coming change Like pieces on a gameboard ancient forces are moving into position gathering strength Many sense the portents and see the signs but few know their meaning Fewer still understand what must be done But who is there to do it In only 244 days six intrepid travelers must cross thousands of miles to the far edge of the world to find a place that may not even exist A legendary place called Griferis where a new king may be prepared trained and judged for worthiness It is their bid to find that place to discover the secret Name of the King and to make one of their companions the new King But hope is thin and time runs out Can the Name be found Can the Usurper use it to take the throne And will it make any difference It already seems too late In the spirit of J R R Tolkien and Charles Dickens comes a new heroic tale a story of ageless love and brave determination of tragic loss and the hope of redemption During this quest mythic powers arise from the ancient past fate collides with destiny and the world edges swiftly to its final destruction or to its ultimate fulfillment Only the Bellringer can tip the balance of fate but the world is almost out of time Dead Man's Curve Mark A.
