Marquand, 2022-07-21 John P. Marquand's espionage thriller *Think Fast, Mr. Moto* is a riveting entry into the canon of pre-World War II spy novels, drawing readers into a world of danger and international intrigue set against the exotic backdrop of Honolulu. Through precise prose and sharp dialogue, Marquand crafts a narrative that is as stylish as it is suspenseful, unfolding a complex plot where a young American's innocence clashes with familial treachery. At the heart of this novel is the enigmatic Mr. Moto, whose astute intelligence and allegiance to his emperor epitomize the characteristics of the classic literary spy, adding depth to the geopolitical tensions playing out on the Hichings Plantation gambling house. John P. Marquand, an eminent figure in 20th-century American literature, brings authenticity and acute insight to this novel, having been a keen observer of cultural and political nuances during his times as a reporter. *Think Fast, Mr. Moto*, written in 1937, aptly reflects Marquand's understanding of the era's shifting alliances and the undercurrents of the impending global conflict, elements which he masterfully weaves into the characters' personal struggles, particularly in the contrasting motives of Wilson Hichings and Eva. *Think Fast, Mr. Moto* is a tour de force for readers who appreciate historical thrillers and the delicate craft of espionage storytelling. Marquand transports his audience to a time when global politics simmered beneath polite society's veneer, making this novel an essential read for those fascinated by a blend of history, suspense, and rich characterization. Mr. Moto stands as a testament to Marquand's skill at interlacing cultural commentary with page-turning narrative, making this book as entertaining as it is enlightening.

**Race and U.S. Foreign Policy from 1900 Through World War II** Michael L. Krenn,2020-12-17 Explores the concept of race The term race which originally denoted genealogical or class identity has in the comparatively brief span of 300 years taken on an entirely new meaning In the wake of the Enlightenment it came to be applied to social groups This ideological transformation coupled with a dogmatic insistence that the groups so designated were natural and not socially created gave birth to the modern notion of races as genetically distinct entities The results of this view were the encoding of race and racial hierarchies in law literature and culture How racialcategories facilitate social control The articles in the series demonstrate that the classification of humans according to selected physical characteristics was an arbitrary decision that was not based on valid scientific method They also examine the impact of colonialism on the propagation of the concept and note that racial categorization is a powerful social force that is often used to promote the interests of dominant social groups Finally the collection surveys how laws based on race have been enacted around the world to deny power to minority groups A multidisciplinaryresource This collection of outstanding articles brings multiple perspectives to bear on race theory and draws on a wider ranger of periodicals than even the largest library usually holds Even if all the articles were available on campus chances are that a student would have to track them down in several libraries and microfilm collections Providing of course that no journals were reserved for graduate students out for binding or simply missing This convenient set saves students substantial time and effort by making available all the key articles in one reliable source Authoritative commentary

The series editor has put together a balanced selection of the most significant works accompanied by expert commentary A general introduction gives important background information and outlines fundamental issues current scholarship and scholarly controversies Introductions to individual volumes put the articles in context and draw attention to germinal ideas and major shifts in the field After reading the material even a beginning student will have an excellent grasp of the basics of the subject
