His *Beyond Bond: Spies in Fiction and Film* 2004 wove spy literature, movies, radio comics and other popular media together with what the public knew about actual espionage to show the interrelationships between genres and approaches in the past century. *Onscreen and Undercover* the last book in Britton's *Spy Trilogy* provides a history of spies on the large screen with an emphasis on the stories these films present. Since the days of the silent, documentary short spying has been a staple of the movie business. It has been the subject of thrillers, melodramas, political films, romances and endless parodies as well. But despite the developing mistrust of the spy as a figure of hope and good, works the variable relationship between real spying and screen spying over the past 100 years sheds light on how we live, what we fear, who we admire and what we want our culture and our world to become. *Onscreen and Undercover* describes now forgotten trends, traces surprising themes and spotlights the major contributions of directors, actors and other American and English artists. The focus is on movies on and off camera. In a 1989 National Public Radio interview, famed author John Le Carre said a spy must be entertaining. Spies have to interest potential sources and be able to draw people in to succeed in recruiting informants. In that spirit, Wes Britton now offers *Onscreen and Undercover* **Idylls And Rambles** James V. At their heart are questions about how films should be

released where when and at what speed Both sides of this disagreement are losers with exhibitors using the law via various Consent Decrees and studios retaliating by tightly controlling output In the Silent Era movies were not released nearly as widely as they are now This book tells the story of how the few became the many It explores the contraction of the release cycle the maximization of the marketing dollar and the democratization of consumer access It also offers a comprehensive list of wide releases and rebuts much of what previous scholars have found **Italian Horror Film Directors** Louis

**Hunter Confidential** Tab Hunter,Eddie Muller,2025-05-01 Mesmerizing The New York Times Book Review Welcome to Hollywood circa 1950 the end of the Golden Age A remarkably handsome young boy still a teenager gets discovered by a big time movie agent Because when he takes his shirt off young hearts beat faster because he is the picture of innocence and trust and need he will become a star It seems almost preordained The open smile says You will love me and soon the whole

world does The young boy's name was Tab Hunter a made up name of course a Hollywood name and it was his time Stardom didn't come overnight although it seemed that way In fact the fame came first when his face adorned hundreds of magazine covers the movies the studio contract the name in lights all that came later For Tab Hunter was a true product of Hollywood a movie star created from a stable boy a shy kid made even more so by the way his schoolmates both girls and boys reacted to his beauty by a mother who provided for him in every way except emotionally and by a secret that both tormented him and propelled him forward In Tab Hunter Confidential The Making of a Movie Star Hunter speaks out for the first time about what it was like to be a movie star at the end of the big studio era to be treated like a commodity to be told what to do how to behave whom to be seen with what to wear He speaks also about what it was like to be gay at first confused by his own fears and misgivings then as an actor trapped by an image of boy next door innocence And when he dared to be difficult to complain to the studio about the string of mostly mediocre movies that were assigned to him he learned that just like any manufactured product he was disposable disposable and replaceable Hunter's career as a bona fide movie star lasted a decade But he persevered as an actor working continuously at a profession he had come to love seeking and earning the respect of his peers and of the Hollywood community And so Tab Hunter Confidential is at heart a story of survival of the giddy highs of stardom and the soul destroying lows when phone calls begin to go unreturned of the need to be loved and the fear of being consumed of the hope of an innocent boy and the rueful summation of a man who did it all and who lived to tell it all

paraliterature the book strongly argues for the cultural legitimacy of Italian film genres like horror adventure comedy and erotica whose study has so far been neglected in favour of the Italian auteur cinema of the 1940s neorealists and their later followers
