**Create the Life You Crave** Rex Conner,2023-04-18 Looking to make a positive impact in your life Look to your own internal guidance system first The one activity each of us can pursue that would make the most significant impact in every life and in the world in general is to follow our internal guidance system sometimes called the conscience With Rex Conner's insights we can change the world If you want to get what you crave out of life in just the way you want it look no further than your own internal guidance system There are many ways to apply this guidance if you know what to look for This book contains a few of the most foundational and critical of those applications For example when we act on the assumption that love is unconditional and relationships are not we are then free to be guided to make the best individual relationships in our lives We won't need to rely on other people or on societal norms or what might work in other relationships When we learn to rely first on our internal guidance system to make the big crossroads decisions in our lives we will be able to analyze and prioritize the avalanche of well meaning advice we may receive from others These are just two of the many applications of using your internal guidance system that will lead you to what you crave from your life There is no preaching in Rex's advice The only advice Rex gives is to follow our internal guidance system until it leads us to the power within us Who will this book serve You if you are facing significant crossroads decisions in your life You if all of the noise in the world leaves you feeling like you should do what you can about it You if you feel that you should be contributing more to people or to life than you currently are but don't know to whom or how You if you need permission to align your life with an inner voice or calling that seems to be compelling you to take action that you have been avoiding You if you feel the need to develop your skills but realize current educational options will not result in that development You if you are climbing the ladder of success but sense that it might be leaning against the wrong wall You if you are compelled to make your life something that your inner guidance will judge to be a success You if you have the influence to help someone who may need help During preparations and training to become an Air Force fighter pilot Rex had experiences that changed the direction of his life When his wings

were awarded instead of flying fighters he voluntarily became an instructor pilot and has been training people ever since From the Air Force Train a saurus Rex went on to become a trusted advisor inside more than fifty companies in more than a dozen industries The uncommon path Rex introduces us to reflects the experience and knowledge he gained from his roles as trainer and advisor By choosing to follow this path we will find meaning and purpose in line with the only judge that matters our own internal guidance system Rex has the educational and professional credentials to lead and he has the practical experience to help people find and follow the natural laws that underlie all human performance success The Great Book of Washington DC Sports Lists Len Shapiro, Andy Pollin, 2008-12-16 Sports talk in America has evolved from small time barroom banter into a major media smorgasbord that runs 24 7 on TV and radio With hundreds of billions of dollars generated annually by pro and college teams in major markets nationwide sports fans across the country are more dedicated than ever to their teams And when it comes to sports talk especially all sports radio it s all about entertainment information prognostication analysis rankings and endless discussion Prominent sports media figures in each of the three target cities Cleveland Detroit and Washington D C engage in this phenomenon with a compilation of sports lists sure to delight as well as stir up debate within these already buzzing sports communities List topics include What were the most lopsided trades in local sports history Who were the most overrated athletes to play in our town What local athlete had the best appearance in TV or film What was the most heartbreaking loss in local sports history What was the greatest single play in local sports history Who are our team s most hated rivals Plus dozens of guest lists contributed by famous local sports and entertainment celebrities Following each of the four major pro sports teams the Redskins NFL the Capitals NHL the Nationals MLB and the Wizards NBA plus prominent college sports programs such as Georgetown and Maryland D C s fans have a vast array of choices and Andy Pollin and Leonard Shapiro are the guys who help sort them out **SEASONS IN THE SON** Bill Bolde, 2024-10-02 Maybe you have witnessed the practice of some athletes pointing to the heavens after hitting a home run or scoring a touchdown Perhaps you have caught some of today s biggest sports stars delivering declarations of faith during postgame interviews with tributes like Glory to my Lord and Savior Jesus Christ Many will say That s awesome or Hallelujah However do you find yourself wondering what makes up their backstory How did they come to know Christ Who were their influencers How are they living out their Christian Walk beyond the field of competition Seasons in the Son is a devotional and a collection of short stories taking the reader on journeys of encouragement and inspiration It s an anthology of 52 captivating narratives offering a deeper look into the personal lives of players coaches and sports personalities Some are well known others maybe not as much Some are Hall of Famers others in the midst of their careers There are stories of overcoming monumental obstacles others of inspiring dedication and perseverance These are Christ followers who happen to have made substantial contributions on the landscape of athletics This book wasn t written to just tell the stories of their athletic greatness but to truly reveal how these individuals use their talents skills personality and character to proclaim the
