Mrs Miniver:

A Rose for Mrs. Miniver Michael Troyan, 2010-09-12 In this first ever biography of Greer Garson Michael Troyan sweeps away the many myths that even today veil her life The true origins of her birth her fairy tale discovery in Hollywood and her career struggles at Metro Goldwyn Mayer are revealed for the first time Garson combined an everywoman quality with grace charm and refinement She won the Academy Award in 1941 for her role in *Mrs Miniver* and for the next decade she reigned as the queen of MGM Co star Christopher Plummer remembered Here was a siren who had depth strength dignity and humor who could inspire great trust suggest deep intellect and whose misty languorous eyes melted your heart away Garson earned a total of seven Academy Award nominations for Best Actress and fourteen of her films premiered at Radio City Music Hall playing for a total of eighty four weeks a record never equaled by any other actress She was a central figure in the golden age of the studios working with legendary performers Clark Gable Marlon Brando Elizabeth Taylor Errol Flynn Joan Crawford Robert Mitchum Debbie Reynolds and Walter Pidgeon Garson's experiences offer a fascinating glimpse at the studio system in the years when stars were closely linked to a particular studio and moguls such as L B Mayer broke or made careers With the benefit of exclusive access to studio production files personal letters and diaries and the cooperation of her family Troyan explores the triumphs and tragedies of her personal life a story more colorful than any role she played on screen

Mrs. Miniver's Hat Rhoda Watson, 2006-01-01 *Mrs Miniver*, 2002 Starring Greer Garson *Mrs Miniver* tells the story of a middle class British housewife and her family as they experience the first few months of World War II Her son courts the upper crust daughter of Lady Beldon her husband rescues soldiers from Dunkirk and Mrs Miniver herself not only captures a German parachutist but also has a rose named after her entered into a local competition This Oscar winning film was specially adapted for the radio and performed in front of a live studio audience by many of the original film stars

Passport to Hollywood James Morrison, 1998-09-11 Examines popular films made in Hollywood by European directors offering a fresh take on the much debated issue of the great divide between modernism and mass culture

Mrs Miniver Greer Garson, Walter Pidgeon, 2004 Depicts the drama of a family living in an English village and how they are affected by World War II

When Hollywood Loved Britain Mark Glancy, 1999-08-20 *When Hollywood Loved Britain* examines the Hollywood British film American feature films that were set in Britain based on British history or literature and included the work of British producers directors writers and actors British films include many of the most popular and memorable films of the 1930s and 1940s yet they have received little individual attention from film historians and even less attention as a body of films While the book is centered on wartime British films it also investigates wider issues the influence of censorship and propaganda agencies during Hollywood's studio era studio finances the isolationist campaign in the United States between 1939 and 1941 and American perceptions of Britain at war

Hollywood Goes to War Clayton R. Koppes, Gregory D. Black, 1990-08-16 The little explored story of how politics propaganda and profits were combined to create the drama

imagery and fantasy that was American film during World War II 32 black and white photographs

Women's Film and Female Experience, 1940-1950 Andrea Walsh, 1986-09-10 Women's Film and Female Experience takes a fresh look at a wide range of popular women's films in order to discover what American female consciousness in the 1940s was really about. The author traces the evolution and development of the Hollywood women's film and describes the social history of American women in the 1940s. She then analyzes dominant narrative patterns within popular women's films of the decade: the maternal drama, the career woman comedy, and the films of suspicion and distrust.

The 50 MGM Films That Transformed Hollywood Steven Bingen, 2022-11-01 Movies don't exist in a vacuum. Each MGM movie is a tiny piece of a large colorful quilt, although often black and white, with threads tying it into all of the rest of that studio's product going forward, yes, but also backward and horizontally and three dimensionally across its entire landscape. Not necessarily a best-of compilation, this book discusses the films that, for one reason or another, and not all of them good ones, changed the trajectory of MGM and the film industry in general, from the revolutionary use of Cinerama in 1962's *How the West Was Won* to Director Alfred Hitchcock's near extortion of the profits from the 1959 hit thriller *North by Northwest*. And there are the studio's on-screen self shoutouts to its own past or stars in films like *Party Girl* (1958), the *That's Entertainment* series, *Garbo Talks* (1984), *Rain Man* (1955), and *De Lovely* (2004), or the studio's acquisition of other successful franchises such as *James Bond*. But fear not: what we consider MGM's classic films all get their due here, often with a touch of irony or fascinating anecdote. Singin' in the Rain (1952), for example, was in its day neither a financial blockbuster nor critically acclaimed, but rather an excuse for the studio to reuse some old songs it already owned. *The Wizard of Oz* (1939) cost almost as much to make as *Gone With the Wind* (also 1939) and took ten years to recoup its costs. But still, the MGM mystique endures. Like the popular Netflix series *The Movies That Made Us*, this is a fascinating look behind the scenes of the greatest and at times notorious films ever made.

Moving on Sarah Ban Breathnach, 2006 The author offers an inclusive inspirational guide to help readers understand themselves and use their insights to accept change and move on after life-changing events.

From Bourgeois to Boogie Vershawn Ashanti Young, Bridget Harris Tsemo, 2011 Vershawn Ashanti Young and Bridget Harris Tsemo collect a diverse assortment of pieces that examine the generational shift in the perception of the black middle class from the serious moniker of bourgeois to the more playful sardonic boogie. Including such senior cultural workers as Amiri Baraka and Houston Baker as well as younger scholars like Damion Waymer and Candice Jenkins, this significant collection contains essays, poems, visual art, and short stories that examine the complex web of representations that define the contemporary black middle class.

Film Propaganda and American Politics James Combs, Sara T. Combs, 2013-12-17 Originally published in 1994, this important book traces the rise of film propaganda in the 20th Century, discussing specifically how film can be used to manipulate public perception and opinions. Two distinct areas are covered: war propaganda, including feature and documentary films regarding warfare and civilian propaganda, including films that address a variety of political subjects. Although the focus is American

film and American politics this book offers insights for all those interested in the affect of film on the minds of citizens of any country or state *Forever England* Alison Light,2013-08-21 Most studies of the interwar years have focussed upon literary elites rendering that past and its literature in almost exclusively male terms In *Forever England* Alison Light argues that we cannot make sense of Englishness in the period or understand the changes within literary culture unless we recognise the extent to which the female population represented the nation between the wars From the traumatic aftermath of the First World War *Forever England* traces the making of a conservative national temperament which could be defensive and protective yet modernising in outlook In a series of literary analyses the author suggests some of the tones and accents of this new version of Englishness in particular she looks at new kinds of readership and fiction at the historical and emotional significance of the whodunit the burgeoning of historical romance and the creation of a middlebrow culture in the period *Forever England* evokes a powerful sense of period and of the pleasures of reading providing an intimate picture of interwar life from inside the English middle classes As a feminist inquiry it argues from a different kind of social and political history one which makes connections between the interior structures of private life and their more public national forms Controversially it also urges that feminism deal with conservative as well as radical desires and their place in women's lives

Peace and Plenty Sarah Ban Breathnach,2010-12-29 As featured on Oprah's podcast SuperSoul Conversations When money is plentiful this is a man's world When money is scarce it is a woman's world Unearthed in a 1932 *Ladies Home Journal* this quote is the call to arms that begins *Peace and Plenty* Sarah Ban Breathnach's answer to the world's and her own personal financial crisis As only Ban Breathnach can she culls together this compendium of advice deeply personal anecdotes and excerpts from magazines books and newspapers particularly those of the Great Depression to inspire readers who are mired in today's financial difficulties Focusing on her own personal path Sarah Ban Breathnach will relate never before revealed details about how she fell from the financial top to the bottom Readers will immediately see how deeply she understands the plight of those trying to maintain a happy and comfortable home while at the same time not even knowing if they will be able to make the mortgage to keep that home Sarah has proved to be the voice of comfort for years to women who are spiritually bankrupt and now she will reach to those who are financially strapped showing them how to pull themselves out of their psychic and fiscal crises while providing deep comfort and reassurance throughout Mission

Unaccomplished Alan Nadel,2025-10-07 An analysis of how post 9/11 war movies changed from following soldiers on specific missions to chronicling war as a day to day occupation In 2003 the United States began a war in Iraq without a mission Instead of fighting to restore peace the traditional objective of warfare servicemembers faced the grim reality that there was no goal Lacking even certainty as to who was the enemy soldiers discovered that their task was simply to survive *Mission Unaccomplished* explores how Hollywood grasped the experience of Iraq from the perspective of US soldiers reinventing the war film in the process Historically films such as *Saving Private Ryan* valorized the goals of war by chronicling missions that

unambiguously contribute to the defeat of the enemy and the restoration of peace But in The Hurt Locker American Sniper Green Zone and other recent dramas soldiers just try to outlast the chaos Dramatizing the aimlessness of the war events occur in random order and soldiers have no sense of how their actions contribute to victory or peace Looking to recent WWII movies such as Dunkirk and Hacksaw Ridge which use this same cinematic vocabulary to position soldiering as merely a deadly job to be endured Alan Nadel argues that the disillusionment of Iraq has influenced cinema broadly inspiring a newly critical war film genre
