Mudra Ernest Dale Saunders, 2018-06-05 Appearing for the first time in paperback and illustrated with line drawings diagrams and 26 half tone plates this study of the iconographic aspect of Japanese Buddhist sculpture surveys the significance of eight principal and six secondary hand gestures mudra in addition to the postures asana such as the lotus and the symbolic attributes A pictorial index helps the reader in identifying the gestures Princely Gifts and Papal Treasures Lauren Arnold, 1999 The Hidden "God" Peter Baekelmans, 2022-05-27 Theology means discourse about god Christian theology is a reflection on the Christian faith in which God takes a central place Therefore the Christian theology of other religions seeks to understand if and how God as Christians call their experience of Him may be present in the thought devotion and ritual of those other religions Christian theology of Buddhism is then a Christian reflection on the Buddhist faith in god or gods Now Buddhist teaching contains many seeming contradictions as does Christian teaching Accepting these and looking for clues to understand how they came about and how they might be reconciled is not only an intellectual challenge but also a religious duty The Hidden God feels like a detective story taking the reader along on an exacting investigation of the manifold themes concepts and persons of the different Buddhist faith traditions in order to discern whether they can be related to the Christian understanding of who God is The result which is both complex and simple will enable readers to take steps toward uniting both religions in the mystery that God or the Dharma is A Japanese Folk Art Sculpture and a Traditional Amida Buddha from the Seattle Art Museum Ann Silvernale Bowden, 1968 *Divine Gestures and Earthly Gods* Bernard de Grunne, 1988 *Japanese Art in the Seattle Art Museum* Seattle Art Museum, Richard Eugene Fuller, 1960 Catalog of the Kristine Mann Library of the Analytical Psychology Club of New York, Inc Kristine Mann Library, 1978
