Must De Cartier:

Les Must de Cartier Anne-Marie Clais, 2003-03 Between the gold embossed pages of this decadent and amusing volume you'll find the wall to wall monogrammed carpeting lacquered furniture tinted glass panther draperies and mirrors reflecting the faces of celebrities that represented the era of the 1970s and 1980s at the height of its glory Nineteen sixty eight The year all certainties were shattered it was in good taste to burn what one loved and to trample underfoot the values of yesterday If in this new world of dissent luxury was no longer appropriate the taste for beauty didn't completely disappear No luxury was not dead It simply needed to be reinvented In the midst of this new counterculture which burned all belongings and lived according to the flames of passion Cartier enflamed hearts and luxury markets by creating a lighter that landed with the impact of a bomb Les Must de Cartier saw the light of day Existing somewhere between tradition and modernity Cartier's lighters pens watches glasses jewelry leather goods and perfume engulfed the world Cartier justified luxury by offering a more perfect modernity Protected by a panther skin slipcase this limited edition volume invites you to visit the delirious parties that announced every new must The 1990s provided the opportunity to calmly reflect on the turbulent effervescent and paradoxical years of the previous two decades In perfect harmony with their time Les Must had also played their part in history creating a unique legend that would always be their own They had participated fully in the luxury revolution that shifted away from decorative objects to functional objects from caste signifier to sign of the times Indefatigable Les Must had accompanied a whole generation of chic jet setters in their peregrinations Faithful companions of those who could not be discouraged from any excess avid partygoers for whom too much was not in their vocabulary Les Must had always been part of the decor From Studio 54 in New York where Mick Jagger Jacqueline Bisset Liza Minelli Andy Warhol Tina Chow and Halston hung out to the Palace in Paris where the oh so chic promoters of a new dandyism were Yves Saint Laurent Loulou de La Falaise Paloma Picasso Gerard Garouste and Andree Putman From Chez Castel to Chez Regine where the bright young things gathered everyone knew each other and dashed around the world on the Concorde Paris and New York had never been closer to the great joy of this naturally cosmopolitan population eager to shrink time and live several days perhaps even several lives in one day This book inside its panther slipcase is already a collector's item Les Must de Cartier has now become a legend part of that mythology of the 1970s and 80s that saw the world reinvented by an ardent youth who wanted to believe in happiness

Let Scent and Subversion take you for a whiff on the wild side of 20th century perfume. Perfume has been and continues to be subversive. By playing with gender conventions, highlighting the ripe smells of the human body or celebrating queer and louche identities, 20th century perfume broke free from the assumptions of the prior century and became a largely unrecognized part of the social and style revolutions of the modern era. In *Scent and Subversion: Decoding a Century of Provocative Perfume*, Barbara Herman continues her irreverent poetic and often humorous analysis of vintage perfumes and perfume ads that she began on her popular blog *YesterdaysPerfume.com*. The book features descriptions of over 300 perfumes starting with Fougère Royale 1882 and ending with Demeter's Laundromat 2000. Lavishly illustrated with more than 100 vintage perfume ads, it will also regale you with essays on scent appreciation, a glossary of important perfume terms and ingredients, and tips on how to begin your own foray into vintage and contemporary perfume. Herman also looks to the future through interviews with scent visionaries such as odor expert and professional provocateur Sissel Tolaas, punk perfumer Antoine Lie, and Martynka Wawrzyniak, the artist behind *Smell Me*, the world's first olfactory self portrait. The perfect book for perfume aficionados aka perfumistas, as well as connoisseurs of modern fashion and design, feminist and LGBTQ historians, and fans of vintage advertising.

Perfumes Luca Turin, Tania Sanchez, 2010-08-06

I've long wished perfumery to be taken seriously as an art and for scent critics to be as fierce as opera critics and for the wearers of certain fragrances to be hissed in public while others are cheered. This year has brought *Perfumes: The Guide* by Luca Turin and Tania Sanchez which I breathed in rather than read in one delighted gulp. Hilary Mantel, *Guardian*.

Perfumes: The Guide is the culmination of Turin's lifelong obsession and rare scientific flair and Sanchez's stylish and devoted blogging about every scent that she's ever loved and loathed. Together they make a fine and utterly persuasive argument for the unrecognised craft of perfume making. Perfume writing has certainly never been this honest, compelling or downright entertaining.
