*Bulletin of the New Hampshire Libraries*, 1915 **A History Lover's Guide to New Hampshire** Kathleen D. Bailey, Sheila R. Bailey, 2025-03-18 Uniquely New Hampshire. New Hampshire has always been fiercely independent, and its history, museums, and festivals reflect that trait. Roy Campanella and Don Newcombe broke baseball's color barrier with the Nashua Dodgers in 1946, and Holman Stadium is now a stop on the Black Heritage Trail. Three of the state's historic mansions—the Fells, the Castle in the Clouds, and the Saint-Gaudens historic site—remain as impressive today as when they were built. Portsmouth's historic homes give a portrait of life in colonial and Revolutionary times. From the New England Telephone Museum in Warner to the Exeter UFO Festival, the state has a wealth of history on display. Kathleen D. Bailey and Sheila R. Bailey lead a trip through the past and present of the Granite State's most memorable sites. **New Hampshire** Hechenberger, 1989. Image of a skier dressed in red and black against a backdrop of white snow and blue sky. **The Artist's Garden** Jackie Bennett, 2019-10-29 *The Artist's Garden* offers an intriguing study into 20 gardens that have inspired and been home to some of the greatest painters of history. The most alluring image of an artist at work is surely one where he or she has come out of their studio, set up their easel on the garden path, pulled on a hat to shade their eyes from the sun, and taken their brush and palette in hand. This sumptuously illustrated and fascinating book delves into the stories behind the gardens which inspired some of the most beautiful and important works of art. These gardens not only supplied the inspiration for creative works but also illuminate the professional motivation and private life of the artists themselves, from Cézanne's house in the south of France to Childe Hassam at Celia Thaxter's garden off the coast of Maine. Flowers and gardens have often been the first choice for artists looking for a subject. A garden close to the artist's studio is not only convenient for daily

material and ideas but also has the advantage of changing through the seasons and over time Claude Monet's Giverny was the catalyst for hundreds of great paintings by Monet and other artists each one different from the one before. Sometimes a whole village becomes the focus for a colony of artists as at Gerberoy in Picardy and Skagen on the northernmost tip of Denmark. This book is about the real homes and gardens that inspired these great artists, gardens that can still be visited today. The relationship between artist and garden is a complex one. A few artists including Pierre Bonnard and his neighbour Monet were keen gardeners as much in love with their plants as their work, while for others like Sorolla in Madrid his courtyard home was both a sanctuary and a source of ideas. This book is as unmissable for art lovers as it is for anyone who knows the joy of time spent in gardens, offering an intriguing insight into the lives of these great painters and the gardens which inspired them to their creative heights.
