Williams,Edwin Mark Norris,1994 **American Adolescence: J.D. Salinger's "The Catcher in the Rye" and Bret Easton Ellis' "Less Than Zero"** Christopher Göhn,2009-10-14 Bachelor Thesis from the year 2008 in the subject English Language and Literature Studies Literature grade 1 University of Paderborn language English abstract American Literature thematizing youth adolescence and initiation draws on a long tradition reaching back to the 18th century including writers like Herman Melville Mark Twain Henry James and William Faulkner After the Second World War the American novel of adolescence flourished again in a period that also gave birth to the genre s arguably most prominent representative When J D Salinger s novel The Catcher in the Rye first entered the American book market in 1951 its critical reception could not have diverged more Salinger s first novel after publishing a number of short stories in the New Yorker was mostly attacked for its extensive use of colloquial language Initial reviews ranged from an unusual brilliant first novel to wholly repellent in its mingled vulgarity and sly perversion In 1985 thirty four years later Less Than Zero the first novel of Bennington College student Bret Easton Ellis was published and also received widely mixed criticism While Interview Magazine called his debut startling and hypnotic Paul Gray wrote in an article for Time Magazine that the novel offers little more than its title promises referring to its lack of depth and fully developed characters The first part of this work will lay the theoretical foundations and discuss the genre of the novel of adolescence in respect to the two novels under investigation After covering the theoretical basics the second part of this paper intends to concentrate on detecting parallels in the themes and presentations of adolescence and initiation in both works Since social criticism is always a central genre specific characteristic of the novel of adolescence the next part will briefly discuss this issue in respect to The Catcher in the Rye as well as Less Than Zero and point to a possible interpretation of a diachronic development of American society that the two novels delineate Subsequently the focus will be shifted to the final chapters of both novels and center upon questions concerning epiphanies progress and outlook for the respective protagonist Eventually this paper intends to give a far reaching picture of the presentation of adolescence in two novels from very different backgrounds that in all their diversity are so astoundingly similar *When London Calls* Stephen Alomes,1999-10-11 For thousands of young Australians the tearful dockside farewell was a rite of passage as they boarded ships bound for London For some the journey was an extended holiday but for many actors painters musicians writers and journalists leaving Australia seemed to be the only path to personal and professional fulfilment This book first published in 2000 is a collective biography of those people who found themselves categorised as expatriates people

such as Leo McKern Dame Joan Sutherland Barry Tuckwell Don Banks Phillip Knightley John Pilger Peter Porter Richard Neville Jill Neville and megastars Barry Humphries Germaine Greer and Clive James The book tells of choices they made about career and country yet it is also a cultural history that traces shifts in the complex relationship between Australia and Britain as the supposed colonial backwater began to develop its own cultural identity
