Protecting Home Class Race And Masculinity In Boys Baseball:

Protecting Home Sherri Grasmuck, 2005-04-19 What can neighborhood baseball tell us about class and gender cultures urban change and the ways that communities value public space Through a close exploration of a boys baseball league in a gentrifying neighborhood of Philadelphia sociologist Sherri Grasmuck reveals the accommodations and tensions that characterize multicultural encounters in contemporary American public life Based on years of ethnographic observation and interviews with children parents and coaches Protecting Home offers an analysis of the factors that account for racial accommodation in a space that was previously known for racial conflict and exclusion Grasmuck argues that the institutional arrangements and social characteristics of children's baseball create a cooperative environment for the negotiation of social cultural and class differences Chapters explore coaching styles parental involvement institutional politics parent child relations and children's experiences Grasmuck identifies differences in the ways that the mostly white working class old timers and the racially diverse professional newcomers relate to the neighborhood These distinctions reflect a competing sense of cultural values related to individual responsibility toward public space group solidarity appropriate masculine identities and how best to promote children's interests a contrast between hierarchical communalism and child centered individualism Through an innovative combination of narrative approaches this book succeeds both in capturing the immediacy of boys interaction at the playing field and in contributing to sophisticated theoretical debates in urban studies the sociology of childhood and masculinity studies

Child's Play Michael A. Messner, Michela Musto, 2016-05 Is sport good for kids When answering this question both critics and advocates of youth sports tend to fixate on matters of health whether condemning contact sports for their concussion risk or prescribing athletics as a cure for the childhood obesity epidemic Child's Play presents a more nuanced examination of the issue considering not only the physical impacts of youth athletics but its psychological and social ramifications as well The eleven original scholarly essays in this collection provide a probing look into how sports in community athletic leagues in schools and even on television play a major role in how young people view themselves shape their identities and imagine their place in society Rather than focusing exclusively on self proclaimed jocks the book considers how the culture of sports affects a wide variety of children and young people including those who opt out of athletics Not only does Child's Play examine disparities across lines of race class and gender it also offers detailed examinations of how various minority populations from transgender youth to Muslim immigrant girls have participated in youth sports Taken together these essays offer a wide range of approaches to understanding the sociology of youth sports including data driven analyses that examine national trends as well as ethnographic research that gives a voice to individual kids Child's Play thus presents a comprehensive and compelling analysis of how for better and for worse the culture of sports is integral to the development of young people and with them the future of our society

The Urban Ethnography Reader Mitchell Duneier, Philip Kasinitz, Alexandra Murphy, 2014 The Urban Ethnography Reader assembles

the very best of American ethnographic writing from classic works to contemporary research and aims to present ethnography as social science social history and literature rather than purely as a methodology Gender Through the Prism of Difference Maxine Baca Zinn, Pierrette Hondagneu-Sotelo, Michael A. Butterworth, 2010-08-13 Butterworth argues that baseball cannot be viewed as an innocent diversion or escape and that by promoting myths of citizenship and purity post 9 11 discourse concerning baseball ironically threatens the health of the democratic system Instead he highlights how the game on the field reflects a more complex and diverse worldview and he makes a plea for the game's recovery both as a national pastime and as a site for celebrating the best of who we are and who we can be Book Jacket **Children and Youth Speak for Themselves** Heather Beth Johnson, 2010-03-23 The volume is a collection of articles from scholars who pay particular attention to children and or adolescents voices interpretations perspectives and experiences within specific social and cultural contexts Contributions include research stemming from a broad spectrum of methodological and theoretical orientations **Colonial Project, National Game** Andrew D. Morris, 2011 Morris successfully weaves the intricacies of baseball's history into a compelling narrative while giving us a keen analysis of its larger significance It is rare to find someone who can pull that off This is an absorbing and distinguished addition to sports history to Taiwanese history

and to studies of colonialism and its aftermath William Kelly Yale University Colonial Project National Game offers an engaging and penetrating analysis of the culture of baseball in Taiwan in both its local and global conditions Morris weaves details into a compelling narrative that is as much about the game on the field as the game being played out in the arenas of ethnicity nationalism and geopolitics Morris's study is a model of sophistication and lucidity He demonstrates that through a perceptive reading of the mundane world of curve balls and player contracts we can better understand the ideological substructure of the social Joseph R Allen University of Minnesota Twin Cities

At the Heart of Work and Family Anita Iltis Garey, Karen V. Hansen, 2011-02-01 At the Heart of Work and Family presents original research on work and family by scholars who engage and build on the conceptual framework developed by well known sociologist Arlie Russell Hochschild These concepts such as the second shift the economy of gratitude emotion work feeling rules gender strategies and the time bind are basic to sociology and have shaped both popular discussions and academic study The common thread in these essays covering the gender division of housework childcare networks families in the global economy and children of consumers is the incorporation of emotion feelings and meaning into the study of working families These examinations like Hochschild's own work connect micro level interaction to larger social and economic forces and illustrate the continued relevance of linking economic relations to emotional ones for understanding contemporary work family life

The Youth Sports Crisis Steven J. Overman, 2014-10-14 This provocative critique of the youth sports movement examines the various issues surrounding children in sports and provides a plan for reform based on a change in philosophy and practice Many American children spend more than 20 hours a week in organized sports forgoing free time and unstructured recreational activities for the rigors of training and competition This book offers a comprehensive critique of the youth sports movement pitting the reality of adult run sports programs against the needs and

interests of children It examines whether the tradeoff of normal play time for structured sports activities teaches discipline and leads to stronger character development or if the pressures of the game the physical strain of practicing and the general overscheduling of children s lives have eroded the benefits associated with playing sports Educator and former coach Steven J Overman contends that youth based sports programs require a radical change for the well being of the young participants The book explores the various problems in organized sports including stress on the family physical health hazards violence emotional duress elitism and hyper competitiveness Incorporating the perspectives of coaches athletes parents physicians and social scientists the narrative scrutinizes the role of adults as promoters and coaches and concludes with a discussion of current and needed reforms Family and Work in Everyday Ethnography Tamara M. Brown, Joanna Dreby, 2013-10-04

For nearly one hundred years basketball has been an important part of Japanese American life Women s basketball holds a special place in the contemporary scene of highly organized and expansive Japanese American leagues in California in part because these leagues have produced numerous talented female players Using data from interviews and observations Nicole Willms explores the interplay of social forces and community dynamics that have shaped this unique context of female athletic empowerment As Japanese American women have excelled in mainstream basketball they have emerged as local stars who have passed on the torch by becoming

role models and building networks for others *Democracy at the Ballpark* Thomas David Bunting, 2021-11-01 What is the relationship between sports and politics Often politics are thought to be serious whereas sports are diversionary and apolitical Using baseball as a case study *Democracy at the Ballpark* challenges this understanding examining politics as they emerge at the ballpark around spectatorship community equality virtue and technology Thomas David Bunting argues that because spectators invest time and meaning in baseball the game has power as a metaphor for understanding and shaping politics The stories people see in baseball mirror how they see the country politics and themselves As a result democracy resides not only in exclusive halls tread by elites but also in a stadium full of average people together under an open sky *Democracy at the Ballpark* bridges political theory and sport providing a new way of thinking about baseball It also demonstrates the democratic potential of spectatorship and rethinks the role of everyday institutions like sport in shaping our political lives offering an expanded view of democracy *Youth Sport and Social Capital* Sean F. Brown, 2020-06-04 This book examines the youth sport parent experience through the lens of social capital a cornerstone social science concept of the past 30 years Social capital reflects the value of one's social networks and the actual and potential benefits and costs of relationships Bringing together a team of kids for a season also brings together their families who all must negotiate this new social world Within this world relationships are bound to form and these are the foundation upon which this project rests Youth sport scholars have traditionally been interested in questions such as how many kids play sports what sports they play how and why do they start playing and stop playing and the costs and benefit of participation However aside from sensational examples of youth sport parents behaving badly scholars know far less about the parental experience This time is meaningful for parents because parents often spend as much or even more time at the fields than their children It is thus worth examining what they might get out of this investment Utilizing two years of fieldwork and over 30 interviews with parents and board members of a youth baseball league in the southwestern United States this book provides an inside look at the beneficial relationships that can be found in the bleachers of a kids baseball game as well as the unseen high stakes games waged in the boardroom where relationships can carry heavy costs as well This book was originally published as a special issue of *Sport in Society* **No Slam Dunk** Cheryl Cooky, Michael A. Messner, 2018-05-30 No detailed description available for *No Slam Dunk* **Empire of Infields** John J. Harney, 2019-07-01 When the Empire of Japan defeated the Chinese Qing Dynasty in 1895 and won its first colony Taiwan it worked to establish it as a model colony The Japanese brought Taiwan not only education and economic reform but also a new pastime made popular in Japan by American influence baseball But unlike in many other models the introduction of baseball to Taiwan didn't lead to imperial indoctrination or nationalist resistance Taiwan instead stands as a fascinating counterexample to an otherwise seemingly established norm in the cultural politics of modern imperialism Taiwan's baseball culture evolved as a cultural hybrid between American Japanese and later Chinese influences In *Empire of Infields* John J Harney traces the evolution and identity of Taiwanese baseball focusing on

three teams the Nenggao team of 1924-25 the Kan team of 1931 and the Hongye schoolboy team of 1968 Baseball developed as an aspect of Japanese cultural practices that survived the end of Japanese rule at the end of World War II and was a central element of Japanese influence in the formation of popular culture across East Asia The Republic of China which reclaimed Taiwan in 1945 only embraced baseball in 1968 as an expression of a distinct Chinese nationalism and as a vehicle for political narratives Empire of Infields explores not only the development of Taiwanese baseball but also the influence of baseball on Taiwan's cultural identity in its colonial years and beyond as a clear departure from narratives of assimilation and resistance
