L. Head, 2016-03-15 Part detective story part love affair and pure adventure storytelling at its best a celebration of the thrill of exploration and the lure of wild places during the search for the elusive Nechisar Nightjar In 1990 a group of Cambridge scientists arrived at the Plains of Nechisar in Ethiopia On that expedition they collected more than two dozen specimens saw more than three hundred species of birds and a plethora of rare butterflies dragonflies reptiles mammals and plants As they were gathering up their findings a wing of an unidentified bird was packed into a brown paper bag It was to become the most famous wing in the world This wing would set the world of science aflutter Experts were mystified The wing was entirely unique It was like nothing they had ever seen before Could a new species be named based on just one wing After much discussion a new species was announced Nechisar Nightjar or Camprimulgus Solala which means only wing And so birdwatchers like Vernon began to dream Twenty two years later he joins an expedition of four to find this rarest bird in the world In this gem of nature writing Vernon captivates and enchants as he recounts the searches by spotlight through the Ethiopian plains and allows the reader to mediate on nature exploration our need for wild places and the human compulsion to name things [The Rarest Bird in the World](#) is a celebration of a certain way of seeing the world and will bring out the explorer in everyone who reads it **Fire Tablets For Dummies** Nancy C. The English-speaking World ,1929 **Jayhawk!** Stephen Alan Bourque,2002 Center of Military History Publication 70 73 1 Presents the story of the United States Army s Seven Corps from its deployment to Saudi Arabia through its phases of preparation its offensive against the Iraqi Army and finally its return to Europe and the United States **Fire and Stone** Priscilla Long,2016-10 The questions that drive Priscilla Long s *Fire and Stone* are the questions asked by the painter Paul Gauguin in the title of his 1897 painting *Where Do We Come From What Are We Where Are We Going* These questions look beyond everyday trivialities to ponder the essence of our origins Using her own story as a touchstone Long explores our human roots and how they shape who we are today Her personal history encompasses childhood as an identical twin on a dairy farm on the Eastern Shore of Maryland the turmoil social change and music of the 1960s the suicide of a sister and a life in art in the Pacific Northwest Here memoir extends the threads of the writer s individual and very personal life to science to history and to ancestors both literary and genetic back to the Neanderthals Long uses profoundly poetic personal essays to draw larger connections and to ask compelling questions about identity Framed by four distinctive sections *Fire and Stone* transcends genre and evolves into a sweeping elegy on what it means to be human *Taming the Serpent* Michael G. Malpass,2022-06-29 Law enforcement has been increasingly under fire in the media for what we believe is unnecessary police violence But few have suggestions as to what we can do about it There is a noticeable gap between the way officers are trained and how the brain processes information in the stressful and risky situations which police work Training arguably no longer prepares our officers for how to effectively deal with these situations But with advancements in neuroscience we could finally have the answer We can guide modern training for better decision making and performance

under life threatening stress and pressure for the good of police officers and the public Taming the Serpent brings the research about neuroscience and law enforcement together showing how we can revolutionise modern law enforcement

2012 and the Ring of Light Nancy E. Shaffron,2007-08 Epiphany Of The Whitechapel Murders was written after an extensive investigation of the murders committed by Jack the Ripper This mainly non fiction book which also includes a fictional account of the victims last night on Earth also contains evidence which was not discovered until 2005 This solitary piece of evidence is the basis that forms the central plot surrounding this series of murders Jack the Ripper was not one person but a quintet of influential Aristocrats and an eminent Surgeon who were committing these murders for ritualistic purposes After six of these grisly murders the murderers suddenly cease their activities after the death of Mary Jane Kelly What is the reason for the cessation of murders Could it be because Mary Jane Kelly had apprised Scotland Yard of these Aristocrats involvement in a gay brothel which catered to influential clientele Or could it be something far more sinister including Satanism and pedophilia

Bracken,2011-11-09 An anthology of letters journals eyewitness accounts poetry and illustrations which provide insight into the role of women on both sides of the American Revolution The Never Was Tyler Knott Gregson,2025-09-23 A poetic celebration embracing our unfinished imperfect and authentic selves The Never Was is a deeply personal return from bestselling poet Tyler Knott Gregson Known for his intimate typewritten verse Gregson turns inward with raw honesty reflecting on identity diagnosis and the quiet beauty in the incomplete Prompted by a late in life autism diagnosis Gregson revisits a series of poetic fragments unfinished lines once cast aside that now reveal themselves as essential expressions of his neurodivergent experience Interwoven with new poems these pieces form a deeply human tapestry of vulnerability self discovery and grace This is a book for anyone who has felt unseen misunderstood or like they didn't quite fit The Never Was is a celebration of the imperfect a testament to the healing power of art and a reminder that even the fragments can hold a whole world
