Raising Good Kids

Henry Cloud, John Townsend

Raising Good Kids:

Raising Good Children Thomas Lickona, 1994-09-01 Raising decent caring and responsible children is the most complex and challenging job in every parent's life and an increasingly difficult one in today's society. Here is the most authoritative book available on this crucial subject: a valuable and sensitive guide for parents who want their children to grow up with lifelong positive values. Based on fascinating research, this groundbreaking work by psychologist and educator Dr. Thomas Lickona describes the predictable stages of moral development from birth to adulthood. And it offers you down-to-earth advice and guidance for each stage: Seven caring ways to discipline terrible twos. Why your preschooler lies and how to handle it. What to do about a four-year-old's back talk. How to handle your seven-year-old's endless negotiations about what's fair. Why teens have trouble with peer pressure and how to help them. How to talk to your child about drugs, drinking, and sex. How to help children of any age reason more clearly about what's right and wrong. PLUS: A list of more than one hundred children's books that teach moral values and much more. An excellent book on a vastly neglected aspect of raising children. Dr. Fitzhugh Dodson, author of *How to Parent* and *How to Father*. We have been waiting for a book like this for a long time: a readable work that translates a moral development theory into parents' language and experience. Dolores Curran, author of *Traits of a Healthy Family*. Truly integrates a moral development theory into a consistent approach to childrearing. Word of mouth recommendations from parent to parent may lift it to the level of popularity once held by Dr. Spock's book on child care. Moral Education Forum.

Raising Good Kids in Tough Times Roger McIntire, 1999 The child psychologist offers advice on listening effectively, demonstrating and reinforcing desired behaviors, and punishment and punishment alternatives.

Raising Good Humans Hunter Clarke-Fields, 2019-12-01 A wise and fresh approach to mindful parenting. Tara Brach, author of *Radical Acceptance*. A kinder, more compassionate world starts with kind and compassionate kids. In *Raising Good Humans*, you'll find powerful and practical strategies to break free from reactive parenting habits and raise kind, cooperative, and confident kids. Whether you're running late for school, trying to get your child to eat their vegetables, or dealing with an epic meltdown in the checkout line at a grocery store, being a parent is hard work. And as parents, many of us react in times of stress without thinking, often by yelling. But what if, instead of always reacting on autopilot, you could respond thoughtfully in those moments, keep your cool, and get from A to B on time and in one piece? With this book, you'll find powerful mindfulness skills for calming your own stress response when difficult emotions arise. You'll also discover strategies for cultivating respectful communication, effective conflict resolution, and reflective listening. In the process, you'll learn to examine your own unhelpful patterns and ingrained reactions that reflect the generational habits shaped by your parents, so you can break the cycle and respond to your children in more skillful ways. When children experience a parent reacting with kindness and patience, they learn to act with kindness as well, thereby altering generational patterns for a kinder, more compassionate future. With this essential guide, you'll see how changing your own autopilot reactions can create a lasting positive impact, not

just for your kids but for generations to come An essential must read for all parents now more than ever To raise the children we hope to raise we have to learn to become the person we hoped to be This wonderful book will help you handle the ride KJ Dell Antonia author of How to Be a Happier Parent Hunter Clarke Fields shares her wisdom and personal experience to help parents create peaceful families Joanna Faber and Julie King coauthors of How to Talk So Little Kids Will Listen **Raising Great Kids** Henry Cloud, John Townsend, 1999 A 6 session curriculum on creating character in children **How to Raise Good Kids** Barbara Cook, 2021 **Raising Good Children** Thomas Lickona, 2012-05-02 Raising decent caring and responsible children is the most complex and challenging job in every parent's life and an increasingly difficult one in today's society Here is the most authoritative book available on this crucial subject a valuable and sensitive guide for parents who want their children to grow up with lifelong positive values Based on fascinating research this groundbreaking work by psychologist and educator Dr Thomas Lickona describes the predictable stages of moral development from birth to adulthood And it offers you down to earth advice and guidance for each stage Seven caring ways to discipline terrible twos Why your preschooler lies and how to handle it What to do about a four year old's back talk How to handle your seven year old's endless negotiations about what's fair Why teens have trouble with peer pressure and how to help them How to talk to your child about drugs drinking and sex How to help children of any age reason more clearly about what's right and wrong PLUS A list of more than one hundred children's books that teach moral values and much more An excellent book on a vastly neglected aspect of raising children Dr Fitzhugh Dodson author How to Parent How to Father We have been waiting for a book like this for a long time a readable work that translates a moral development into parents language and experience Dolores Curran author of Traits of a Healthy Family Truly integrates a moral development theory into a consistent approach to childrearing Word of mouth recommendations from parent to parent may lift it to the level of popularity once held by Dr Spock's book on child care Moral Education Forum *Raising Good Children* Anne Jesper, 2004-03 A guide to parenting that shows how children can be given direction through love and security to help them embrace their responsibilities **Raising Great Kids** Henry Cloud, John Townsend, 2009-09-01 What does it take to raise great kids If you've read any books on parenting conflicting opinions have probably left you feeling confused Get tough Show acceptance Lay down the rules Lighten up already There's got to be a balance and there is Joining their expertise with the wisdom of MOPS International Mothers of Preschoolers Drs Henry Cloud and John Townsend help you provide both the care and acceptance that make grace real to your child and the firmness and discipline that give direction Avoiding the twin extremes of permissiveness and over control Drs Cloud and Townsend show how you can help your child cultivate six necessary character traits attachment responsibility reality competence morality and worship spiritual life At last here is an effective middle ground for raising up children who will handle life with maturity and wisdom Raising Great Kids will help you equip your son or daughter to accept life's responsibilities grow from its challenges and freely and fully explore all that it has to offer **8 Simple Tools for**
