International Committee, Howard Samuel Piquet, Peter Wagner, Theodore Geiger, 1962 **The New Global Economy** Senate Democratic Working Group on Trade Policy, 1985 **Foreign Trade and Foreign Policy** NPA International Committee, Howard Samuel Piquet, 1962 **National Politics in a Global Economy** Philip A. Mundo, 1999-10-20 In our increasingly globalized world U S trade policy stands at the intersection of foreign and domestic affairs This book explains trade policy in terms of domestic politics presenting a concise account of its origins and political significance Although trade policy is a component of foreign policy Philip A Mundo explains how it is rooted in the domestic policy process and carries with it enormous implications for domestic affairs He reviews the growing importance of trade policy since World War II particularly over the past twenty years and shows how recent policies like NAFTA are shaped by the domestic agenda Mundo explains trade policy as the product of a three stage process comprising agenda setting program adoption and implementation He reviews this process in terms of the ideas that inform trade policy the interests that seek to influence it and the institutions that shape it He also addresses the importance of specific measures such as administrative relief and trade sanctions This book distills the essence of the trade policy process into a concise innovative framework accessible to students and general readers With the growing importance of trade policy it makes explicit many of the subtleties surrounding policymaking while fully explicating the legal and international context in which trade operates **Foreign Trade and Foreign Policy** National Planning Association, 1962 *Future United States Foreign Trade Policy* United States. Office of the Special Representative for Trade Negotiations, 1969 **Foreign Trade and Foreign Policy** Howard Samuel Piquet, 1962 **U.S. Trade Policy** , 2005 **The Language of World Trade Politics** Klaus Dingwerth, Clara Weinhardt, 2018-08-30 Outcomes in major multilateral trade negotiations are conventionally explained as resulting from interests weighted by trading power Offering a different overview of the concepts we use to talk about the international trade regime this edited collection puts the ideational foundation of world trade politics centre stage and critically examines the terms in which we make sense of world trade politics The concepts used to make sense of world trade politics are often employed strategically making some aspects of reality visible and others invisible Reflecting upon ten key

concepts from trade itself to protectionism and justice this book poses two broad questions first how and by whom have the meanings of different terms used to describe challenge and defend world trade politics been constructed Second how have the individual terms changed over time and with what consequences The editors and contributors draw on a broad range of theoretical approaches from post structuralism or cognitivism to normative theory shedding new light on why certain trade issues and agendas win out over others who benefits from the current system of trade governance and what contemporary challenges the World Trade Organization faces In doing so the book speaks to a growing and diverse constructivist literature in International Political Economy This book will be of interest to scholars students and policy professionals working within International Relations International Political Economy and economics

Politics, Process, and American Trade Policy Sharyn O'Halloran,1994 Relying on the New Economics of

Organizations NEO or New Institutionalism Politics Process and American Trade Policy shows why conventional models do not adequately describe the formation of American trade policy Rejecting both the pressure group model and the presidential ascendancy model this study s institution based approach emphasizes the influence Congress has in setting trade policy connecting theories of institutional design with the procedural details of regulating trade policy To reach her conclusions Sharyn O Halloran uses time series data and econometric analysis to test a set of propositions concerning trade policy She examines detailed case studies and provides a comprehensive history of the institutions that govern trade policy making Unlike most scholars who see trade policy as disparate and ad hoc O Halloran is able to explain both early and contemporary American trade policy in a consistent and integrated fashion She argues that a single set of procedures may lead to apparently different outcomes under differing initial conditions therefore the key is to identify the common logic derived from constitutional imperatives that underlies all policy outcomes
