Rediscovered Masterpieces Of African Art Rediscovered Masterpieces:

Rediscovered Masterpieces of African Art Gerald Berjonneau, Jean-Louis Sonnery, 1987 **Rediscovered Masterpieces of African Art** Robert Farris Thompson, 1987 African Arts, 1998 New York Magazine, 1991-02-11 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Art and Risk in Ancient Yoruba** Suzanne Preston Blier, 2017-11-02 In this book Suzanne Preston Blier examines the intersection of art risk and creativity in early African arts from the Yoruba center of Ife and the striking ways that ancient Ife artworks inform society politics history and religion Yoruba art offers a unique lens into one of Africa's most important and least understood early civilizations one whose historic arts have long been of interest to local residents and Westerners alike because of their tour de force visual power and technical complexity Among the complementary subjects explored are questions of art making art viewing and aesthetics in the famed ancient Nigerian city state as well as the attendant risks and danger assumed by artists patrons and viewers alike in certain forms of subject matter and modes of portrayal including unique genres of body marking portraiture animal symbolism and regalia This volume celebrates art history and the shared passion and skill with which the remarkable artists of early Ife sought to define their past for generations of viewers *African Masterworks in the Detroit Institute of Arts* Detroit Institute of Arts, Michael Kan, Roy Sieber, Mary Nooter Roberts, David W. Penney, Helen Shannon, 1995 *African Masterworks in the Detroit Institute of Arts* showcases eighty eight of the museum's finest works representing the full range of major sub-Saharan sculptural traditions during the past three centuries figures masks containers carved stools jewelry and musical instruments As noted in the introductory material almost all African art has a functional base each sculpture's primary justification is its effectiveness as a ritual or utilitarian object Text accompanying each photograph describes not only the circumstances when known of the object's creation but also the harmonious interplay of its aesthetic features and cultural and spiritual function The catalogue also details the rituals surrounding the religious objects and the social importance of the secular works Organized by region from the western Sudan to southern Africa the book includes essays on the history of each area as well as maps and an extensive bibliography Michael Kan the curator of the collection provides a history of the museum's African art acquisitions since 1900 and the introduction by Roy Sieber traces the evolution of Western appreciation for African art describing also the value placed on the objects by the community from which they arose **The Conjuring of America** Lindsey Stewart, 2025-07-29 One of BookRiot's Best New Nonfiction Out in July a crucial telling of U.S. history centering the Black women whose magic gave rise to the rich tapestry of American culture we see today from Vicks VapoRub and Aunt Jemima's pancake mix to the

magic of Disney's *The Little Mermaid* 2023 and the all American blue jean. Emerging first on plantations in the American South, enslaved conjure women used their magic to treat illnesses. These women combined their ancestral spiritual beliefs from West Africa with local herbal rituals and therapeutic remedies to create conjure, forging a secret well of health and power hidden to their oppressors and many of the modern day staples we still enjoy. In *The Conjuring of America*, Black feminist philosopher Lindsey Stewart exposes this vital contour of American history. In the face of slavery, Negro Mammies fashioned a legacy of magic that begat herbal experts, fearsome water bearers, and powerful mojos, roles and traditions that for centuries have been passed down to respond to Black struggles in real time. And when Jim Crow was born, Granny Midwives and textile weavers leveled their techniques to protect our civil and reproductive rights while Candy Ladies fed a generation of freedom crusaders. Sourcing firsthand accounts, the of enslaved, dispatches from the lore of Oshun, and the wisdom of beloved Black women writers, Stewart proves indisputably that conjure informs our lives in ways remarkable and ordinary. Above all, *The Conjuring of America* is a love letter to the magic Black women used to sow messages of rebellion, freedom, and hope.

Genesis Alisa LaGamma, 2002. The seventy-five masterpieces presented here, drawn from public and private American collections, are among the most celebrated icons of African art. Works that are superb artistic creations as well as expressions of a society's most profound conceptions about its beginnings. All are reproduced in color and are accompanied by entries that illuminate the distinctive cultural contexts that inspired their creation and informed their appreciation.

BOOK JACKET *Eternal Ancestors* Barbara Drake Boehm, 2007. Many masterpieces of central African sculpture were created to amplify the power of sacred relics that affirm a family's vital connection to its ancestral heritage. This important volume, focusing on some 130 works representing a diverse variety of regional genres, illuminates the purpose and significance of these icons of African art, which first came to prominence because of their appeal to the Western avant garde. While providing an overview of sources ranging from colonial explorers, missionaries, critics, artists, and art historians, the book breaks new ground in its examination of the complex aesthetic and spiritual dimensions of the reliquaries. Its interdisciplinary approach brings together the perspectives of scholars in African and medieval art history along with those in African history, religion, and ethnography.

Publisher **Tango** Robert Farris Thompson, 2006-12-05. In this generously illustrated book, world renowned Yale art historian Robert Farris Thompson gives us the definitive account of tango, the fabulous dance of the past hundred years and the most beautiful, in the opinion of Martha Graham. Thompson traces tango's evolution in the nineteenth century under European, Andalusian, Gaucho, and African influences through its representations by Hollywood and dramatizations in dance halls throughout the world. He shows us tango not only as brilliant choreography but also as text, music, art, and philosophy of life. Passionately argued and unparalleled in its research, its synthesis, and its depth of understanding, *Tango: The Art History of Love* is a monumental achievement.
