The Life of the Sixteenth Karmapa Rangjung Rigpe Dorje Meng Wang, 2022-11-08 The Sixteenth Karmapa Rangjung Rigpe Dorje was the first Tibetan Buddhist leader to make extensive teaching tours to the West His three tours to Europe and North America from 1974 to 1980 led to the global expansion of Tibetan Buddhist schools This book presents the most in depth analysis of the Karmapa's contribution to the preservation and transmission of Tibetan Buddhism in exile It is the first study to combine Tibetan life writing and biographical materials in English with a thorough examination of the transformation of Tibetan Buddhism in the modern era of globalization Drawing on a wide range of data from written accounts collections of photographs recordings of interviews and documentaries the author discusses the life and activity of

the Karmapa through the lens of cross cultural interaction between Buddhism and the West with a particular focus on Asian agency The study shows that the Karmapa s transmission strategies emphasized continuity with tradition with some openness for adaptation His traditionalist approach and his success on the global scale challenge the popular assumption that the transmission of Buddhism is primarily a matter of Westernization which in turn calls for a broader view that recognizes its complex and dynamic nature *Cold War* Spencer C. The Rediscovery of India Meghnad Desai,2011-08-02 What makes India a nation What has held its many disparate societies with their diverse sometimes conflicting narratives together for more than sixty years What has allowed India to sustain its commitment to the democratic process given its location in a region that is largely undemocratic In this magisterial analysis of the last five hundred years of Indian history Meghnad Desai looks at India s colonial past its struggle for independence and its many contemporary conundrums to discover answers to the questions that have confronted India watchers for decades Rejecting much received wisdom including narratives fashioned by India s ruling establishment Meghnad Desai goes back to the beginnings of the East West encounter at the end of the fifteenth century and tracks its impact on the cultures and politics of the present day Through a series of Counterfactual Boxes Meghnad Desai analyses the accepted defining moments of India s past and suggests alternative courses that history could so easily have taken Meghnad Desai draws on a wealth of sources to illuminate India s journey to the twenty first century Whether it is an examination of British parliamentary debates on the question of India s independence or the liberalization of the economy after decades of licence permit raj or the state s complicity in the Gujarat riots Meghnad Desai s original occasionally iconoclastic approach to seemingly settled arguments makes *The Rediscovery of India* a path breaking and comprehensive account of India s past and present

The History of Bhutan Karma Phuntsho,2014-08-15 In 2008 Bhutan triumphantly took the stage as the world s youngest democracy But despite its growing prominence and rising scholarly interest in the country Bhutan remains one of the least studied and least well known places on the planet Karma Phuntsho s *The History of Bhutan* is the first book to offer a comprehensive history of Bhutan in English Along with a detailed social and political analysis it offers substantive discussions of Bhutan s geography and culture the result is the clearest richest account of this nation and its history ever published for general readers A 2015 Choice Magazine Outstanding Academic Title Award Winner

Buddhist and Islamic Orders in Southern Asia R. Michael Feener,Anne M. Blackburn,2018-11-30 Over the last few decades historians and other scholars have succeeded in identifying diverse

patterns of connection linking religious communities across Asia and beyond Yet despite the fruits of this specialist research scholars in the subfields of Islamic and Buddhist studies have rarely engaged with each other to share investigative approaches and methods of interpretation This volume was conceived to open up new spaces of creative interaction between scholars in both fields that will increase our understanding of the circulation and localization of religious texts institutional models ritual practices and literary specialists The book s approach is to scrutinize one major dimension of the history of religion in Southern Asia religious orders Orders here referring to Sufi *ar qas* and Buddhist monastic and other ritual lineages established means by which far flung local communities could come to be recognized and engaged as part of a broader world of co religionists while presenting their particular religious traditions and their human representatives as attractive and authoritative to potential new communities of devotees Contributors to the volume direct their attention toward analogous developments mutually illuminating for both fields of study Some explain how certain orders took shape in Southern Asia over the course of the nineteenth century contextualizing these institutional developments in relation to local and transregional political formations shifting literary and ritual preferences and trade connections Others show how the circulation of people ideas texts objects and practices across Southern Asia a region in which both Buddhism and Islam have a long and substantial presence brought diverse currents of internal reform and notions of ritual and lineage purity to the region All chapters draw readers attention to the fact that networked persons were not always strongly institutionalized and often moved through Southern Asia and developed local bases without the oversight of complex corporate organizations

Buddhist and Islamic Orders in Southern Asia brings cutting edge research to bear on conversations about how orders have functioned within these two traditions to expand and sustain transregional religious networks It will help to develop a better understanding of the complex roles played by religious networks in the history of Southern Asia

The Rediscovery and Reception of Gandhāran Art Wannaporn Rienjang, Peter Stewart, 2022-03-10 From the archaeologists and smugglers of the Raj to the museums of post partition Pakistan and India

from coin forgers and contraband to modern Buddhism and contemporary art this fourth volume of the Gandh ra Connections project presents the most recent research on the factors that mediate our encounter with Gandh ran art **Bhutan, 100 Years of Wangchuck Vision** Shubhi Sood,2008 **The Lhotsampa People of Bhutan** Venkat Pulla,2016-01-26 This book provides insight into one of the world s quietest human rights abuses The story of the Lhotsampa people of Bhutan describes their journey of coping and resilience incorporating qualitative research undertaken in the refugee camps in Nepal and resettlement areas in Australia and elsewhere in the world *The Elephant Has Two Sets of Teeth* Alice Neikirk,2023-12-01 This ethnography follows Bhutanese refugees who fled Bhutan resided in camps in Nepal and finally settled in the vastly different culture of Australia Along the way they learn the ways that humanitarian compassion is used to oppress contain and erode human rights They also learn however that this charitable framework has small cracks that allow for action The Bhutanese find ways to move between the contradictory expectations of refugee ness as they strive to become citizens Their experiences illustrate the complex strands of power that intertwine to limit the scope of people who deserve compassion Neikirk also describes how responses to refugee crises have shifted from facilitating the movement of people to enforcing their containment Readers in refugee studies anthropology and development studies will be interested in this rich transnational study **Tibetan Ritual** Jose Ignacio Cabezon,2009-12-08 Ritual is one of the most pervasive religious phenomena in the Tibetan cultural world Despite its ubiquity and importance to Tibetan cultural life however only in recent years has Tibetan ritual been given the attention it deserves This is the first scholarly collection to focus on this important subject Unique in its historical geographical and disciplinary breadth this book brings together eleven essays by an international cast of scholars working on ritual texts institutions and practices in the greater Tibetan cultural world Tibet Nepal Bhutan and Mongolia While most of the chapters focus on Buddhism two deal with ritual in Tibet s indigenous Bon religion All of the essays are original to this volume An extensive introduction by the editor provides a broad overview of Tibetan ritual and contextualizes the chapters within the field of Buddhist and Tibetan studies The book should find use in advanced undergraduate courses and graduate seminars on Tibetan religion It will also be of interest to students and scholars of ritual generally **Bionomics in the Dragon Kingdom** Ugyen Tshewang,Jane Gray Morrison,Michael Charles Tobias,2018-11-13 This compact and elegant work equally fitting for both academic as well as the trade audiences provides a readily accessible and highly readable overview of Bhutan s unique opportunities and challenges all her prominent environmental legislation regulatory statutes ecological customs and practices both in historic and contemporary terms At the same time Bionomics places the ecological context including a section on animal rights in Bhutan within the nation s Buddhist spiritual and ethical setting Historic contextualization accents the book s rich accounting of every national park and scientific reserve as well as providing up to the minute climate change related hurdles for the country Merging the interdisciplinary sciences engineering and humanities data in a compelling up to date portrait of the country the authors

have presented this dramatic compendium against the backdrop of an urgent global ecological time frame. It thus becomes clear that the articulated stakes for Bhutan like her neighboring Himalayan and Indian sub continental countries China India Bangladesh and Myanmar are immense as the Anthropocene epoch unfolds affecting every living being across the planet. Because Bhutan's two most rewarding revenue streams derive from the sale of hydro electric power and from tourism the complexities of modern pressures facing a nation that prides herself on maintaining traditional customs in what has been a uniquely isolated nation are acute.

Red Tara Rachael Stevens, 2022-11-29 A complete introduction to the Buddhist goddess Tara with special emphasis on her form as Red Tara. Tara is one of the most celebrated goddesses in the Buddhist world representing enlightened activity in the form of the divine feminine. She protects, nurtures and helps practitioners on the path to enlightenment. Manifesting in many forms and in many colors to help beings, Tara's red form represents her powers of magnetization, subjugation and the transformation of desire into enlightened activity. Red Tara has gained popularity in recent years with practitioners of Tibetan Buddhism worldwide. She is considered to be particularly powerful in times of plague and disharmony. This comprehensive overview focuses on the origins, forms and practices of Tara, providing the reader with insightful information and inspirations relating to the goddess. Its second part focuses on Red Tara, a powerful and liberating form of Tara that is particularly important to connect with in a time of crisis. These chapters cover various forms of Red Tara found throughout the Tibetan Buddhist world, the particular qualities she represents and how through prayers and meditation we can embody her principles and truly benefit beings.
