Reflecting Children's Lives:

Reflecting Children's Lives Deb Curtis, Margie Carter, 2011-03-22 Consider new possibilities in documentation observing and activities when planning child centered curriculum with this updated handbook **Reflecting Children's Lives** Deb

Curtis, Debbie Curtis, Margie Carter, 1996 Learn how to make theme plans establish times for observation and play set up schedules materials space and more Handbook of Child Development and Early Education Oscar A. Barbarin, Barbara

Hanna Wasik, 2011-06-23 How and what should young children be taught What emphasis should be given to emotional learning How do we involve families Addressing these and other critical questions this authoritative volume brings together developmentalists and early educators to discuss what an integrated developmentally appropriate curriculum might look like across the preschool and early elementary years State of the science work is presented on brain development and the emergence of cognitive socioemotional language and literacy skills in 3 to 8 year olds Drawing on experience in real world classrooms contributors describe novel practical approaches to promoting school readiness tailoring instruction to children's learning needs and improving the teaching of language arts math and science Focused Observations Gaye

Gronlund, Marlyn James, 2013-04-09 Observe and document children's development in systematic purposeful ways that provide complete pictures of their progress and supports curriculum planning *Gardening with Young Children* Sara

Starbuck, Marla Olthof, Karen Midden, 2014-05-13 This updated how to resource guides teachers with or without green thumbs through the rich learning opportunities found in gardening with children Learning Together with Young Children

Deb Curtis, Margie Carter, 2007-11-01 Many curriculum books treat teaching as something teachers do to or for children Deb Curtis and Margie Carter best selling authors in the early learning field believe teaching is a collaborative process in which teachers reexamine their own philosophies and practices while facilitating children's learning Each chapter in this curriculum framework includes a conceptual overview followed by classroom stories and photographs to illustrate the concepts The book helps teachers create materials and a classroom culture reflective of their values Teach through observation reflection inquiry and action and encourage children to represent their learning in multiple ways including songs stories and drama Children of Migrants in China Kam Wing Chan, Yuan Ren, 2020-11-25 Children are precious in China

especially as its population ages rapidly The unprecedented fast urbanization and massive internal migration have profoundly changed almost every aspect of society They have impacted the livelihood of children of migrants most Because of the hukou system and related policies China's internal migrants face major obstacles to assimilate into cities But more than that as this book shows these policies have also torn families apart on a scale unseen heretofore More than 100 million children grow up in unstable families and the great majority have suffered from prolonged separation from their parents in the migratory upheaval This book provides an updated analysis of this mega and painful process unfolding at various geographical scales The chapters revolve around the central notion of family togetherness or the lack thereof The book measures dissects and

analyses the impacts of migration on children and recommends policies to address major problems from a variety of disciplinary perspectives employing different methodologies The problems faced by the children of migrants remain enormous and it is a looming huge crisis in the making If unaddressed those problems can damage a whole generation with serious consequences The chapters in this book were first published in *Eurasian Geography and Economics* *Social Studies for Young Children* Gayle Mindes, 2013-11-01 Social studies is at the heart of content in education and takes on society's best hopes for helping children become good citizens and winners in the global economy In its comprehensive scope *Social Studies for Young Children* Preschool and Primary Curriculum Anchor fulfills the promise of social studies as an integrator of the knowledge and experiences of young children Filled with strategies activities and resources this book helps teachers develop a holistic culturally relevant approach to social studies and social learning It surveys the relevant state and national standards and offers essential guidance on how to integrate them into the curriculum while at the same time looking beyond the tests to foster young social scientists development into critical thinkers and lifelong learners Special features include Children's literature to foster social studies understanding Digital media for teaching and learning Emphasis on cross disciplinary synthesis *The Visionary Director, Third Edition* Margie Carter, Luz Maria Casio, Deb Curtis, 2021-01-12 Create a larger vision in your child care program and perform your job as a center director with motivation and creativity Early childhood leaders Deb Curtis Margie Carter and Luz Casio provide inspiration and support in this newly updated edition of *The Visionary Director* The third edition reflects new requirements and initiatives in early childhood programs adds QR Code access links with short video stories and print resources that further illuminate the ideas under consideration has a stronger focus on creating an organizational culture that is shaped by more diverse perspectives with an anti racist anti bias equity lens updates content to address current early childhood education trends and leadership for an expanded definition of quality Find a concrete framework for approaching and organizing your work as well as principles strategies and self directed activities to support your vision for building a strong learning community for your staff and the young children in their care

Creating Equitable Literacy Learning Environments Helen Adam, 2025-11-24 This groundbreaking book introduces the Model for Equitable Literacy Learning Environments MELLE a comprehensive framework that integrates evidence based instruction with culturally responsive pedagogy to create truly equitable learning environments for all children Despite decades of reading instruction reform persistent achievement disparities remain between students from marginalised communities and their more privileged peers Drawing on extensive international research across Australia the United Kingdom and the United States the author examines how three key dimensions quality instruction opportunity to read and authentic representation in reading materials must work together within supportive cultural and community contexts Interwoven with real classroom examples the text showcases how this framework can be applied to address persistent achievement gaps and promote inclusive education Moving beyond polarised literacy debates this book is a must read for

educators seeking practical solutions to create equitable learning environments that empower learners from a range of backgrounds

The Hundred Languages of Children Carolyn Edwards, Lella Gandini, George Forman, 1998-04-21 The city run early childhood program of Reggio Emilia Italy has become recognized and acclaimed as one of the best systems of education in the world Over the past forty years educators there have evolved a distinctive innovative approach that supports children's well being and fosters their intellectual development through a systematic focus on symbolic representation Young children from birth to age six are encouraged to explore their environment and express themselves through many languages or modes of expression including words movement drawing painting sculpture shadow play collage and music Leading children to surprising levels of symbolic skill and creativity the system is not private and elite but rather involves full day child care open to all including children with disabilities This new Second Edition reflects the growing interest and deepening reflection upon the Reggio approach as well as increasing sophistication in adaptation to the American context Included are many entirely new chapters and an updated list of resources along with original chapters revised and extended The book represents a dialogue between Italian educators who founded and developed the system and North Americans who have considered its implications for their own settings and issues The book is a comprehensive introduction covering history and philosophy the parent perspective curriculum and methods of teaching school and system organization the use of space and physical environments and adult professional roles including special education The final section describes implications for American policy and professional development and adaptations in United States primary preschool and child care classrooms

The Visionary Director, Second Edition Margie Carter, Deb Curtis, 2009-11-01 An inspiring and practical guide to creating a larger vision in early child care this popular professional development tool has been thoroughly revised and offers a concrete framework for organizing an early childhood center director's ideas and work Updated and expanded it reflects new requirements and initiatives for center directors and addresses topics including cultivating a vision developing systems thinking for management roles implementing principles and strategies for mentoring building a learning community for adults and children and bringing visions to life The Visionary Director provides directors with information to perform their jobs with motivation and creativity

Practical Solutions to Practically Every Problem Steffen Saifer, 2016-11-14 An encyclopedic how to guide for the universal early childhood program problems Practical Solutions to Practically Every Problem attempts to provide solutions to every possible problem faced by early childhood teachers before teachers encounter them This classic resource has been updated to focus on current issues faced by educators including teaching twenty first century life skills technology and cultural responsiveness This easy to use guide gives you quick practical help now Educators will save time and energy with over eight hundred solutions to two hundred problems including Daily dilemmas and classroom issues Partnering with families to raise happy children Dealing with problematic behaviors from co workers Learning to take care of yourself to prevent burn out Steffen Saifer EdD a former early childhood teacher and Head Start

director and trainer is currently an international consultant and writer based in Spain He has worked on projects for the Open Society Foundation The World Bank and UNICEF in many countries including Bangladesh Russia and Zimbabwe Dr Saifer works with programs on culturally responsive curriculum development and implementation and with universities to develop graduate programs for ECD teachers administrators and leaders When in the United States Saifer resides in Portland Oregon

Problem Solving with Young Children Ann Gadzikowski, 2022-10-04 Whether it's building a rocket learning to take turns or forgetting a teaching material at home both children and adults learn more from our mistakes than from our successes Help children find solutions and learn to problem solve using teachable moments Young children encounter problems mistakes and accidents that challenge them daily Helping children conquer everyday frustrations fosters the creativity critical thinking and resilience that enables children to thrive in a formidable world The ultimate guide to thinking on your feet *Problem Solving with Young Children* will coach early childhood teachers child care providers and parents to develop a range of strategies to help young children become creative problem solvers including Questions to ask Ways to listen Strategies for brainstorming and trying solutions Suggestions for using the scientific method or design thinking to test ideas Methods for reflecting on what worked and what still needs improvement Featuring anecdotes and advice and incorporating research on how children learn emergent curriculum methods problem based learning developmentally appropriate practices and responsive pedagogies this book will help you lead children through meaningful problem solving processes and prepare tomorrow's critical thinkers

Planning for Play, Observation, and Learning in Preschool and Kindergarten Gaye Gronlund, 2012-11-16 Play is an important vehicle for learning in the early years With intentional planning frameworks this resource provides teachers with tools and strategies to organize and develop curriculum around high level purposeful play Practical application techniques help teachers create a cycle of planning and observation as they use a play based curriculum to help young children thrive in the classroom Gaye Gronlund is an early childhood education consultant who trains early childhood educators across the country She is the author of six books

Focused Observations, Third Edition Gaye Gronlund, Marlyn James, 2025-04-22 Intentional teaching begins with focused observations and systematic documentation of children's learning and development *Focused Observations Third Edition* explains why observation is one of the best methods to get to know each child well track progress and plan individualized curriculum It also provides tools and techniques to help you strengthen your observations create portfolios with rich documentation and support each child You will also learn how to share your findings with families and grow as an observer through review and reflection activities Learn answers to common questions about observation including Why should I use observation in my classroom What does effective observation and documentation look like How do I fit observation in so that it doesn't take away from teaching and interacting with children How do observation and documentation work with early learning guidelines Online videos with nineteen vignettes of children in action provide opportunities to practice observing

children and capturing what you see This updated edition includes new examples and provider anecdotes as well as fresh references and research

Inquiry-Based Early Learning Environments Susan Stacey, 2018-09-18 What does it mean to inquire Grownups would say it means to question to search for information or to finding out about a topic of interest For children in an early childhood classroom the definition is no different From the time of their birth children want to know how the world works and actively seek out information How educators respond to their quest is what this book is all about Inquiry Based Early Learning Environment takes an in depth look at children s inquiry What does inquiry look like in early childhood settings How does the environment affect children s inquiries and teachers thought processes Inquiry Based Early Learning Environment examines inquiry in all its facets including environments that support relationships that create a culture of risk taking in our thinking that support teachers as well as children that include families that use documentation as a way of thinking about our work and of course the physical environment and all the objects and spaces within it Throughout stories about environments and approaches to inquiry from around the world are included as examples

Designs for Living and Learning, Second Edition Deb Curtis, Margie Carter, 2014-12-02 The best selling source of inspiration for early childhood professionals designing learning environments updated with all new photographs and fresh content
