Reflections on Literature and Culture Hannah Arendt, Susannah Young-ah Gottlieb, 2007 This is the first volume in any language that collects Hannah Arendt's remarkable series of essays and notes on literary figures and cultural questions **A Poet Looks at Life** Jess Strauss, 2008-03 Original poems, reflections, lyrics and short stories by the author Black and white photos are included **Reflections of a Poet's Eye** Susan Cortsen, 1998-12-01 **The Poems of Walter Kennedy** Walter Kennedy, 1901 **Critical Reflections on Poetry and Painting (2 vols.)** Jean-Baptiste Du Bos, 2021-07-15 Jean Baptiste Du Bos' *Critical Reflections on Poetry and Painting* first published in French in 1719 is one of the seminal works of modern aesthetics Du Bos rejected the seventeenth century view that works of art are assessed by reason Instead he believed audience members have sentiments in response to artworks Their sentiments are fainter versions of those they would feel in response to actually seeing what the work of art imitates Du Bos was influenced by John Locke's empiricism and in turn had a major impact on virtually every major eighteenth century contributor to philosophy of art including Voltaire, Montesquieu, Diderot, Rousseau, Herder, Lessing, Mendelssohn, Kames, Gerard and Hume This is the first modern annotated and scholarly edition of the *Critical Reflections* in any language Coleridge and Shelley Sally West, 2016-05-23 Sally West's timely study is the first book length exploration of Coleridge's influence on Shelley's poetic development Beginning with a discussion of Shelley's views on Coleridge as a man and as a poet West argues that there is a direct correlation between Shelley's desire for political and social transformation and the way in which he appropriates the language, imagery and forms of Coleridge often transforming their original meaning through subtle readjustments of context and emphasis While she situates her work in relation to recent concepts of literary influence West is focused less on the psychology of the poets than on the poetry itself She explores how elements such as the development of imagery and the choice of poetic form often learnt from earlier poets are intimately related to poetic purpose Thus on one level her book explores how the second generation Romantic poets reacted to the beliefs and ideals of the first while on another it addresses the larger question of how poets become poets by returning the work of one writer to the literary context from which it developed Her book is essential reading for specialists in the Romantic period and for scholars interested in theories of poetic influence **The Poet's Role** Ruth J. Owen, 2021-10-18 This study of contemporary German poetry represents the first attempt to examine comprehensively and at some length the lyric response to the unification period It sets out to investigate by means of close textual analysis whether the German *Wende* was also a turning point for poetry exploring how GDR poets responded both to the revolutionary events of 1989 and subsequently to the new united Germany An introductory chapter considers what is distinct about poetry as a genre especially under censorship or amid historic change as well as outlining the post unification *Literaturstreit* The following chapter offers a survey of the poet's role in the GDR from 1949 until 1989 Two central chapters then gather the

poetry of the Wende and unification as a corpus of work and characterize it through the elucidation of recurring themes motifs and techniques The volume strikes a balance between giving a general overview of poetry written in 1989 1996 and focusing on individual poets whose work is particularly compelling After identifying broad trends across a wide range of individual poems collections and anthologies single chapters therefore examine in greater depth the work of Volker Braun and Durs Grünbein The concluding chapter addresses the issue of a separate GDR literature Finally an extensive structured bibliography is provided covering the poetry literary criticism and cultural history of the period

Reflections and New Perspectives on Virgil's Georgics Nicholas Freer, Bobby Xinyue, 2019-02-21 Virgil's Georgics the most neglected of the poet's three major works is brought to life and infused with fresh meanings in this dynamic collection of new readings The Georgics is shown to be a rich field of inherited and varied literary forms actively inviting a wide range of interpretations as well as deep reflection on its place within the tradition of didactic poetry The essays contained in this volume contributed by scholars from Australia Europe and North America offer new approaches and interpretive methods that greatly enhance our understanding of Virgil's poem In the process they unearth an array of literary and philosophical sources which exerted a rich influence on the Georgics but whose impact has hitherto been underestimated in scholarship A second goal of the volume is to examine how the Georgics with its profound meditations on humankind nature and the socio political world of its creation has been re interpreted and appropriated by readers and critics from antiquity to the modern era The volume opens up a number of exciting new research avenues for the study of the reception of the Georgics by highlighting the myriad ways in which the poem has been understood by ancient readers early modern poets explorers of the New World and female translators of the twentieth and twenty first centuries

Echoes and Reflections SunHee Kim Gertz, 2021-11-01 This study examines tales from The Metamorphoses by the Roman poet Ovid 43 BC 18 AD and from The Lais by the French poet Marie de France fl mid to late twelfth century to explore a paradox how can a vibrant complex and timeless vision be conveyed in convention informed and time bound language Marie plays against Ovid's tales to probe the dilemma thereby echoing Ovid who does the same to the canonical literary monuments of his day Both poets suggest that poetry can avoid the flattening effect of monumental canonizing not only by the creative use of literary echoes but also by shifting perspectives on the conventional which in turn can encourage readers to see reflections of many stories in any given tale Ovid and Marie suggest and encourage in this manner by presenting literary love's topoi and traditional lovers from a variety of metaliterary perspectives thereby eliciting active readerly memory as well as providing the opportunity to see the conventional afresh activity that allows even canonical texts to become living memorials

Reflections in Poetry R. Ray Sette, 2021-01-06 Incidents in the mind and intent of the poet this book is based on the past present and future reflections Hoping these poems will give solace and thought to those who read them

Monet, Narcissus, and Self-Reflection Steven Zalman Levine, 1994 Steven Z Levine provides a new understanding of the life and work of Claude Monet and the myth of the modern artist Levine

analyzes the extensive critical reception of Monet and the artist's own prolific writings in the context of the story of Narcissus popular in late nineteenth century France. Through a careful blending of psychoanalytical theory and historical study, Levine identifies narcissism and obsession as driving forces in Monet's art and demonstrates how we derive meaning from the accumulated verbal responses to an artist's work.

Reflections of a Poet B.O. Durodola, 2012-02-16. This book captures the essence of my journey to growth and maturity as a humble man who loves and obeys OUR FATHER'S WORD as I prove HIS perfect WILL and walk in accordance to HIS WAYS. It reflects my faith and articulates my love for the living GOD and challenges anyone to question the void within them to love any other. It personifies the complexity of my state of mind as I wonder the face of this Earth seeking to please GOD and I have found myself asking questions about my moments in time that quintessentially embeds choice, strengths, weaknesses, order, and faith into the essence of my being.
