Heritage and Identity Peter Howard,2016-03-16 Heritage represents the meanings and representations conveyed in the present day upon artifacts landscapes mythologies memories and traditions from the past It is a key element in the shaping of identities particularly in the context of increasingly multicultural societies This Research Companion brings together an international team of authors to discuss the concepts ideas and practices that inform the entwining of heritage and identity They have assembled a wide geographical range of examples and interpret them through a number of disciplinary lenses that include geography history museum and heritage studies archaeology art history history anthropology and media studies This outstanding companion offers scholars and graduate students a thoroughly up to date guide to current thinking and a comprehensive reference to this growing field Anglo-American Cultural Studies Jody Skinner,2022-09-05 The third

edition of Skinner s introduction to Anglo American cultural studies has been thoroughly revised to include Brexit Trump the pandemic and the war in Ukraine This standard textbook now includes new full color graphics as well as updated recommendations for further reading and watching at the end of each chapter Anglo American Cultural Studies refreshingly breaks with the tradition of dry impersonal summaries of facts and figures to provide German students with first hand experience of the personal tone and humor that can characterize academic discourse in Britain and the US Handbook on the Geographies of Creativity Anjeline de Dios,Lily Kong,2020-09-25 How can the where of creativity help us examine how and why it has become a paradigmatic concept in contemporary economies and societies Adopting a geographically diverse theoretically rigorous approach the Handbook offers a cutting edge study of creativity as it has emerged in policy academic activist and cultural discourse over the last two decades To this end the volume departs from conventional modes of analyzing creativity by industry region or sector and instead identifies key themes that thread through shifting contexts of the creative in the arts media technology education governance and development By tracing the myriad spatialities of creativity the chapters map its inherently paradoxical features reinforcing persistent conditions of inequality even as it opens avenues for imagining and enacting more equitable futures De-Centring Cultural Studies Patricia Bastida-Rodríguez,José

Igor Prieto-Arranz,2014-09-18 The academic resistance that cultural studies has encountered remains especially visible in Eastern and Southern European countries One such example is Spain where cultural studies is seen at best as an emergent research field Hence the interest of this volume conceived in Spain by an all Spanish editorial team and written by a diverse range of authors who prove that in spite of all difficulties cultural studies continues to bloom even in Southern and Eastern Europe The different chapters offer interdisciplinary insights into a wide selection of cultural materials whose relevance goes

well beyond purely aesthetic issues Altogether the volume 1 provides interesting theoretical reflections on the subtle yet arbitrary borders between popular and canonical culture 2 explores how the popular culture of yesteryear has influenced and inspired later canonical cultural materials and 3 studies how the reception of and representation in popular culture can be accounted for from the crucially relevant perspectives of gender and age This collection of essays studies and explores the connections between a wide range of materials including relevant examples of classic and contemporary literature Arthuriana pop music and videos political and mainstream film newspaper advertising television and the phenomenon of the trans media star
