Saigon Station

John D. Bergen

Saigon Station:

Viet Nam Ben Kiernan, 2017-02-10 This comprehensive work traces Viet Nam's history a narrative of a multi ethnic multi religious heritage from ancient chiefdoms to imperial provinces from independent kingdoms to contending regions civil wars French colonies and modern republics *The Electrical Review*, 1914 The Last Brahmin Luke A. Nichter, 2020-09-22 The first biography of a man who was at the center of American foreign policy for a generation Few have ever enjoyed the degree of foreign policy influence and versatility that Henry Cabot Lodge Jr did in the postwar era perhaps only George Marshall Henry Kissinger and James Baker Lodge however had the distinction of wielding that influence under presidents of both parties For three decades he was at the center of American foreign policy serving as advisor to five presidents from Dwight Eisenhower to Gerald Ford and as ambassador to the United Nations Vietnam West Germany and the Vatican Lodge's political influence was immense He was the first person in 1943 to see Eisenhower as a potential president he entered Eisenhower in the 1952 New Hampshire primary without the candidate's knowledge crafted his political positions and managed his campaign As UN ambassador in the 1950s Lodge was effectively a second secretary of state In the 1960s he was called twice by John F Kennedy and by Lyndon Johnson to serve in the toughest position in the State Department's portfolio as ambassador to Vietnam In the 1970s he paved the way for permanent American ties with the Holy See Over his career beginning with his arrival in the U S Senate at age thirty four in 1937 when there were just seventeen Republican senators he did more than anyone else to transform the Republican Party from a regional isolationist party into the nation's dominant force in foreign policy a position it held from Eisenhower's time until the twenty first century In this book historian Luke A Nichter gives us a compelling narrative of Lodge's extraordinary and consequential life Lodge was among the last of the well heeled Eastern Establishment Republicans who put duty over partisanship and saw themselves as the hereditary captains of the American state Unlike many who reach his position Lodge took his secrets to the grave including some that revealed here for the first time will force historians to rethink their understanding of America's involvement in the Vietnam War

Misalliance Edward Miller, 2013-04-15 Diem's alliance with Washington has long been seen as a Cold War relationship gone bad undone by either American arrogance or Diem's stubbornness Edward Miller argues that this misalliance was more than just a joint effort to contain communism It was also a means for each side to shrewdly pursue its plans for nation building in South Vietnam Civil Service Reform Act of 1978 and Reorganization Plan No. 2 of 1978 United States.

Congress. Senate. Committee on Governmental Affairs, 1978 **Deadly Deceits** Ralph W. McGehee, 2015-03-03 A veteran of the Central Intelligence Agency unmasking its culture of lethal lies in this devastating exposé now with a new foreword by David MacMichael Ralph W McGehee was a patriot dedicated to the American way of life and the international fight against Communism Following his graduation with honors from Notre Dame McGehee was recruited by the Central Intelligence Agency in 1952 and quickly became an able and enthusiastic cold warrior Stationed in Southeast Asia in the mid 1960s he

worked to stem the Communist tide that was sweeping through the region first in Thailand and later in Vietnam But despite his notable successes in reversing enemy influence among the local peasants and villagers McGehee found himself increasingly alienated from a company culture built on deceit and wholesale manipulation of the truth While his country was being pulled deeper and deeper into the Vietnam quagmire McGehee awoke to a chilling reality The CIA was not a gatherer of actual intelligence to be employed in a legitimate war against dangerous enemies but a tool of the president's foreign policy staff designed solely to stifle the truth and fabricate facts that supported the agency's often immoral agenda With courage and candor Ralph McGehee illuminates the CIA's dark catalog of misdeeds in his stunning no holds barred memoir of a life in the service of deception Startling eye opening and infuriating *Deadly Deceits* is an honest and unflinching insider's look at a toxic government agency that the author cogently argues has no useful purpose and no moral right to exist

Military Communications John D. Bergen, 1986 In *Military Communications A Test for Technology* John D Bergen develops the thesis that burgeoning technology in communications faced a severe test in Vietnam He analyzes the advantages and drawbacks of new communications systems and the effects these systems had on decision making and on command In doing so he describes the difficulties that communications systems had in keeping pace with the information explosion and shows that command and control do not necessarily improve with enhanced communications The book illustrates that the communications missions of getting the message through was not only critical to the success of combat operations but also as challenging as combat itself Bergens clear understanding and description of these issues make this a valuable work for those responsible for the future success of command control communications and intelligence

Lost Crusader John Prados, 2003 John Prados is a senior researcher at the National Security Archive in Washington

William Colby and the CIA John Prados, 2009-10-08 It is surprising that no one previous to John Prados attempted a biography of quintessential cold warrior William Colby because his story is in many ways also the story of the CIA From Italy to Vietnam to the military coup in Indonesia to Watergate the prosecution of Richard Helms investigations of CIA assassination plots and the drugging and surveillance of unwitting Americans Colby was there on the ground or deeply involved at headquarters The Guardian William E Colby was one of the most enigmatic figures of the Cold War and a central player in the operations of the Central Intelligence Agency While publicly appearing as a calm bureaucrat behind the scenes Colby helped orchestrate some of CIA's most controversial operations His mysterious death even added to the aura In the wake of new questions relating to CIA activities since 9 11 which John Prados discusses in his new preface Colby's story provides crucial lessons for a nation that still struggles to reconcile intelligence methods with democratic principles Prados tracks Colby's life and career from early years in the OSS to his tumultuous tenure as Director of Central Intelligence in the 1970s Reviled by many outside the CIA for his role in Vietnam and inside it for his cooperation with probes of the agency Colby was cast as a scapegoat by the Ford White House during the Church and Pike congressional investigations In addition Prados offers fresh insights and new

perspectives on Colby's involvement in the notorious Phoenix program in Vietnam and in the bloody Indonesian coup of 1965 that overthrew President Sukarno and brought General Suharto to power as well as on the CIA's role in the 1963 assassination of President Ngo Dinh Diem of South Vietnam and on the actions of high level CIA officials during the final demise of South Vietnam in 1975. A masterful study of a master spy William Colby and the CIA also offers a vital and timely history of the inner workings of the Company for which he worked. Originally published in a cloth edition under the title *Lost Crusader* and retitled for this first paperback edition *William Colby and the CIA*, it explores dilemmas of intelligence that are of renewed importance today.

Safe for Democracy John Prados, 2006-09-14

From its founding in the aftermath of World War II the Central Intelligence Agency has been discovered in the midst of some of the most crucial and most embarrassing episodes in United States relations with the world. Richard Nixon's 1969 presidential order that declared CIA covert operations necessary to the attainment of American foreign policy goals was an acknowledgment that secret warfare tools had a much wider application than just the cold war conflict with the Soviet Union. The question of what exactly these operations have contributed to U.S. policy has long been neglected in the rush to accuse the CIA of being a rogue elephant or merely listing its nefarious deeds. *Safe for Democracy* for the first time places the story of the CIA's covert operations squarely in the context of America's global quest for democratic values and institutions. National security historian John Prados offers a comprehensive history of the CIA's secret wars that is as close to a definitive account as is possible today. He draws on three decades of research to illuminate the men and women of the intelligence establishment, their resources and techniques, their triumphs and failures. In a dramatic and revealing narrative *Safe for Democracy* not only relates the inside stories of covert operations but examines in meticulous detail the efforts of presidents and Congress to control the CIA and the specific choices made in the agency's secret wars. Along the way Mr. Prados offers eye-opening accounts of the covert actions themselves, from radically revised interpretations of classic operations like Iran, Guatemala, Chile, and the Bay of Pigs to lesser known projects like Tibet and Angola to virtually unknown tales of the CIA in Guyana and Ghana. He supplies full accounts of Reagan era operations in Nicaragua and Afghanistan and brings the story up to date with accounts of more recent activities in Somalia, Bosnia, and Iraq, all the while keeping American foreign policy goals in view. *Safe for Democracy*

When somebody should go to the books stores, search initiation by shop, shelf by shelf, it is essentially problematic. This is why we offer the books compilations in this website. It will completely ease you to look guide **Saigon Station** as you such as.

By searching the title, publisher, or authors of guide you in fact want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best place within net connections. If you strive for to download and install the Saigon Station, it is definitely easy then, previously currently we extend the associate to purchase and create bargains to download and install Saigon Station so simple!
