Saltwater Spirituals and Deeper Blues George Elliott Clarke, 1983 **Saltwater Spirituals and Deeper Blues** George Elliott Clarke, 1983 *Soundin' Canaan* Paul db Watkins, 2025-01-21 Part exploration of a key group of Black Canadian poets part literary cultural and musical history *Soundin' Canaan* demonstrates how music in Black Canadian poetry is not solely aesthetic but a form of social ethical and political expression *Soundin' Canaan* refers to the code name often used for Canada during the Black migration to Canada The book analyzes the contributions of key Black Canadian poets including their poetic styles and their performances The book has several key objectives including recuperating the collision of the historical and the Biblically derived figure of Canaan the promised land of freedom and security for an African American population seeking to leave the shackles of slavery behind and the northern terminus of the underground railroad Centering around the poetry of George Elliott Clarke Dionne Brand M NourbeSe Philip Wayne Compton and rapper Knaan it delves into how these poets draw inspiration from African American and Afro diasporic musical genres such as blues jazz reggae and dub hip hop and remix to reshape the notions of identity and citizenship *Soundin' Canaan* asks what does Canadian citizenship sound like especially when voiced by Black Canadian poets who embrace a fluid and multicultural form of citizenship that moves between local and global spaces much like music does Using a DJ Methodology the author mixes in close readings of poetry music cultural and literary history as well as various interviews with the poets The book includes an accompanying soundtrack to further enhance the reading experience Listening to the poets in this book that is in listening closely to the poems sounds and musical samples they bring into the mix constitutes sonic citizenship This co performative act of reading listening and sounding serves as a reminder of how citizens inhabit and negotiate life in Canada beyond the formal legal framework of the nation state *The Routledge Handbook of Black Canadian Literature* Andrea A. Davis, Leslie Sanders, 2024-12-09 The Routledge Handbook of Black Canadian Literature offers a comprehensive overview of the growing and increasingly significant field of Black Canadian literary studies Including historical and contemporary analysis this volume is an essential text that maps the field over the almost 200 years of its existence across a range of genres from slave narratives to prose fiction poetry theatre and dub and spoken word It presents Black Canadian literature as encompassing a diverse set of viewpoints approaches and practices touching every aspect of Canadian territory and life and as deeply influencing debates and understandings of Black peoples far beyond its borders This Handbook employs an interdisciplinary framework that incorporates literary historical geographical and cultural analysis This book comprising 32 chapters is organized into five sections that chart the literature's development into a recognizable canon trace Black literary geographies across Canada from east to west delineate the literature's various genres and expressive forms and honor the writers and thinkers who have influenced the growth of the field This volume's range of subject and plurality of perspectives provide an excellent resource for teachers researchers and students from multiple disciplines including Canadian studies and

Odysseys Home George Elliott Clarke, 2017-06-22 *Odysseys Home Mapping African Canadian Literature* is a pioneering study of African Canadian literary creativity laying the groundwork for future scholarly work in the field Based on extensive excavations of archives and texts this challenging passage through twelve essays presents a history of the literature and examines its debt to and synthesis with oral cultures George Elliott Clarke identifies African Canadian literature s distinguishing characteristics argues for its relevance to both African Diasporic Black and Canadian Studies and critiques several of its key creators and texts Scholarly and sophisticated the survey cites and interprets the works of several major African Canadian writers including Andr Alexis Dionne Brand Austin Clarke Claire Harris and M Nourbese Philip In so doing Clarke demonstrates that African Canadian writers and critics explore the tensions that exist between notions of universalism and black nationalism liberalism and conservatism These tensions are revealed in the literature in what Clarke argues to be paradoxically uniquely Canadian and proudly apart from a mainstream national identity Clarke has unearthed vital but previously unconsidered authors and charted the relationship between African Canadian literature and that of Africa African America and the Caribbean In addition to the essays Clarke has assembled a seminal and expansive bibliography of texts literature and criticism from both English and French Canada This important resource will inevitably challenge and change future academic consideration of African Canadian literature and its place in the international literary map of the African Diaspora

Speaking in the Past Tense Herb Wyile, 2009-10-22 *Speaking in the Past Tense* participates in an expanding critical dialogue on the writing of historical fiction providing a series of reflections on the process from the perspective of those souls intrepid enough to step onto what is practically by definition contested territory Herb Wyile from the Introduction The extermination of the Beothuk the exploration of the Arctic the experiences of soldiers in the trenches during World War I the foibles of Canada s longest serving prime minister the Ojibway sniper who is credited with 378 wartime kills these are just some of the people and events discussed in these candid and wide ranging interviews with eleven authors whose novels are based on events in Canadian history These sometimes startling conversations take the reader behind the scenes of the novels and into the minds of their authors Through them we explore the writers motives for writing the challenges they faced in gathering information and presenting it in fictional form the sometimes hostile reaction they faced after publication and perhaps most interestingly the stories that didn t make it into their novels *Speaking in the Past Tense* provides fascinating insights into the construction of national historical narratives and myths both those familiar to us and those that are still being written
