Future describes the development of child media from its early beginnings on radio to the millions of postings on Facebook. The book explains the collision of economics, psychology, the needs of parents, and technology in creating the perfect storm for kids' media growth. Many related issues are discussed as they affect children's media, including education, civility, celebrity, violence, play, and child rearing. There is a special emphasis on the influence of Disney, Sesame Street, and Batman. Using case studies and his own ambivalence expressed by personal anecdotes, the author places this important subject in a psychological context. The reader is encouraged to add their input to the discussion as questions follow most chapters. **Striptease**

Homewood,2024-03-12 Pentecostalism Africa s fastest growing form of Christianity has long been preoccupied with the business of banishing demons from human bodies Among Ghanaian Pentecostals deliverance is primary among the embodied experiential gifts a loud messy and noisy experience that ends only when the possessed body falls to the ground silent and docile the evil spirits rendered powerless in the face of the holy spirit wielding prophets And nowhere is Ghanaian Pentecostal obsession with demons more pronounced than with sexual demons In this book Nathanael Homewood examines the frequent and varied experiences of spirit possession and sex with demons that constitute a vital part of Pentecostal deliverance ministries offering insight into these practices assembled from long term ethnographic engagement with four churches in Accra the capital of Ghana Relying on the uniqueness of the Pentecostal sensorium this book unravels how spirits and sexuality intimately combine to expand the definition of the body beyond its fleshy boundaries Demons are a knowledge regime one that shapes how Pentecostals think about engage with and construct the cosmos Deliverance Pentecostals reiterate and tarry with the demonic especially sexually as a realm of invention whereby alternative ways of being sensing

and having sex are dreamed practiced and performed Ultimately Homewood argues for a distinction between colonial demonization and decolonial demons charting another path to understanding being the body and sexualities **A**
